VESSELS FIGHT WAVES

EXPLOSION CRUSHES 200

Townpeople of Gijon Mowed Down by Tons of Clay and Stone

Whole Families Wiped Out and Many Municipal Officers Slaughtered

GIJON, Spain, Feb. 26.—Upwards of 200 people were killed or fatally wounded by the ill-timed explosion of a charge of 7000 pounds of black powder which had been laid yesterday by government engineers with the object of raising an enormous block of rock.

An immense concourse of townspeople had gathered to witness the demolition of the hill separating Gijon from the coal harbor of Muzel, a mile and a half distant.

PLANNED ROADWAY.

The object of the operation was to cut a roadway and thus avoid the present long detour.

At the hour fixed the fuse was lighted and the explosion occurred. But instead of the rock being blasted, hundreds of tons of clay and small stones were hurled like artillery projectiles among the assembled spectators. Whole families were mowed down. Many of the engineers and municipal officers were killed.

Twenty-four bodies had been recovered this afternoon.

Nicaraguan Treaty Left for Wilson

Payment of \$3,000,000 for the Right to Build Canal Is Proposal.

WASHINGTON, Feb. 26.—A treaty recently negotiated by the United States with Nicaragua, providing the payment of \$3,000,000 by the United States in return for the exclusive right to build an inter-oceanic canal across the Nicaraguan isthmus, was laid over by the foreign relations committee of the Senate today until the new administration has an opportunity to pass on it.

SCHOOL CHILDREN PUT \$92,000 IN THE BANKS

9000 Accounts Opened in Year Past by Pupils in San Francisco

SAN FRANCISCO, Feb. 26.—The school children of this city have hoarded up nearly \$100,000 cash since August 1, 1911. The total of 9000 accounts of school children deposited opened since that date is \$92,000, according to bank figures made public today.

On that date the school children's savings bank system was inaugurated in all the schools of the city by the board of education. There are over 40,000 pupils in the city's schools. Officials of the board of education said that one in every three regular attendants has opened an account. According to Colonel James E. Power, who fathered the plan, it has been successful in San Francisco more than in any other city of the United States.

MAKE OWN DEPOSITS.

The age of the depositors ranges from 6 to 14 years. Once a week they go to the bank named as custodian of the fund and personally deposit the stamps purchased with their savings during the week. Collections are made in pennies, nickels and occasionally dimes collected by teachers during the week and kept in a box.

These are turned over to a bank of their own provides the stamps later, to be placed in the hands of the receiving officer and credited to the depositor in the bank book which is the proud possession of each. Accounts may be withdrawn at any time on an order signed by the parent or guardian of the depositor, but only \$1 at a time. Interest at 4 per cent is paid on deposits and the children receive regular instruction suited to their years in the theory and practice of banking.

\$12,000 Yearly Not Enough for Girl

Fourteen-Year-Old Heiress to Receive \$20,000 Annually.

NEW YORK, Feb. 26.—An income of \$12,000 a year is not sufficient for the needs of 14-year-old Helen A. De Witt of this city according to a referee who considered today her guardian's demand for an increase. The referee recommended to the surrogate that the child receive \$20,000 annually.

The girl is a daughter of the late William Percival De Witt from whom she inherited \$300,000 eight years ago, after inheriting \$1,000,000 upon her mother's death.

"Participation in social life," a prospective trip abroad, education and a maid and a governess are mentioned in the petition for a larger income.

Tea Party Planned By Federal Officials

Federal Government Would Destroy 100,000 Pounds of Beverage.

NEW YORK, Feb. 26.—A tea party by the federal government on the Hudson river is scheduled for March 3, according to an announcement today that the customs authorities here have been authorized to dump into the river 100,000 packages of imported tea which did not come up to the standards Uncle Sam has set for that beverage. The tea weighs almost 100,000 pounds and belongs to Carter Macey, an importer who is fighting the proposed action of the government.

'Devils' Bore His Ears In Dream; Near Death

Los Angeles Man Breaks Skull and Nearly Strangles in Fall From Bed.

LOS ANGELES, Feb. 26.—William Parker, who suffered from ear ache when he went to bed last night, dreamed that "evil spirits" were boring his ears with gimlets. He fell to the floor and was strangling with his head in a basin of water when found by fellow lodgers in a rooming-house early today. Later, it was discovered by police surgeons that Parker had sustained a fracture of the skull. His condition was said to be serious.

Desperate Fight for Possession of Liquor

Six Men Make Raid on County Jail to Recover Confiscated Goods.

FORT SMITH, Ark., Feb. 26.—Six men made a desperate attempt today to break into the county jail at Heckerly near here, where a large quantity of liquor recently seized by the authorities is stored.

They engaged in a revolver duel with county officers, in which City Marshal John Irwin was seriously wounded. The assailants made their escape.

Several Are Buried In Ruins of Fire

ATLANTA, Ga., Feb. 26.—Several inmates of a burning building at Whitehall and Trinity streets and two firemen are believed to have been buried in a collapse of the structure. One fireman and two policemen were injured, one of the latter fatally.

WOMAN IS VICTIM OF MURDER

Head Nearly Severed From Body; Trunk Shockingly Mutilated

Police Seek Man Who Posed as Husband in Tacoma Hotel

TACOMA, Feb. 26.—With the head nearly severed from the trunk, and the trunk shockingly mutilated, the body of Marie Lesner, a lodging-house keeper, was found in her room this morning by S. H. Tyrell, a roomer. Tyrell gave the alarm to the police and then disappeared.

The body was lying on a blood-soaked bed and the walls were spattered with blood. After killing the woman the murderer had slit open her abdomen, almost completely disemboweling her.

It is suspected the crime was committed by a man as yet unidentified who has been living with the woman for the last three months as her husband. Letters found in her room show she came from Warsaw, Poland, and that she has a brother who is a petty officer in the Russian army. She was known in Warsaw as Bessie Rudolph.

Battleship Program Defeated in House

An Amendment to Appropriation One Vessel Passes 144 to 133.

WASHINGTON, Feb. 26.—The battleship program, favorably reported by the House naval committee, was defeated today in the House, sitting as a committee of the whole.

An amendment to appropriate for one battleship went through, 144 to 133. A majority of the Democrats voted for the amendment, while the Republicans were almost solidly against it.

Aviator Killed and Companion Is Hurt

Airman Makes Too Sharp a Turn and Aeroplane Falls.

MUELHAUSEN, Germany, Feb. 26.—A German military aviator, Sergeant Helfersneider, was killed, and his companion, Lieutenant Link, seriously injured here today. Their aeroplane fell while they were flying around the military aerodrome. Helfersneider took one of the turns too sharply and the machine toppled over backwards.

Bill Makes Cabinet Place for Labor

Senate Passes House Measure Creating New Department and Portfolio.

WASHINGTON, Feb. 26.—The bill to create a department of labor, with a cabinet officer at its head, passed the Senate today after less than an hour's consideration. The measure had previously passed the House, but amendments in the Senate will require its perfection in conference before it is presented to President Taft.

Reduced Rates on Lemons Sustained

Commerce Court Dismisses Appeal of Railroad and Sustain I. C. C.

WASHINGTON, Feb. 26.—The Interstate Commerce Commission's order reducing rates on lemons from California to Eastern cities from \$1.15 to \$1.10 a hundred pounds was sustained today by the Commerce Court, and the appeal of the railroad was dismissed.

NEW REVOLT THREATENS; AMERICANS IN FLIGHT

Chance for Intervention Thought to Be Slight

Monterey Dispatch Denies Reported Killing of Emilio Madero

EAGLE PASS, Texas, Feb. 26.—The stage is completely set today along the border opposite this section of Texas for a new Mexican revolt—that of Governor V. Carranza of State of Coahuila. He has officially proclaimed the Huerta government "spurious." Many Mexicans are fleeing to the American side for protection.

Colonel Emilio Carranza, with 200 volunteers, is preparing to resist a detachment of federals supporting Huerta, said to be south of Piedras Negras. Last night Colonel Carranza captured twenty-five federals several miles below the city. Today he sent a detachment to Las Vacas, the Mexican town opposite Del Rio, Texas.

United States troops are preparing to protect Americans on the border in case this latest revolt imperils them. Captain Bigler is here in charge of a squad of thirty federal cavalrymen and a full troop of United States cavalry from Fort Clark is due here this afternoon.

OPPOSITION DECLINES.

WASHINGTON, Feb. 26.—With armed opposition to the new government in Mexico reduced to a few small threatened uprisings, it is the opinion of administration officials here that chances for the use of the military arm to protect American interests have greatly diminished.

The concentration of troops at Galveston will continue, but admittedly the purpose is now principally to test the working of the new system of army reorganization.

Major General Carter, commander of the second division, will take advantage of the mobilization to put the troops through their paces, thus affording the various regimental and brigade commanders practically their first opportunity to direct the movements of the large bodies of men that would fall to their command in time of war.

FEAT IS CREDITABLE.

If the complete division is assembled in Galveston, at Texas City, about seven miles distant, and in the camp just opened near Houston, before the end of the present week, the military experts feel that they will have accomplished a creditable feat.

It is true that the movement appears to be very slow in comparison with the remarkable mobilization of the allied armies in the Balkans. But as a matter of fact such distances as that from Fort D. A. Russell, Wyo., and Fort Snelling, to Galveston would have greatly taxed the resources of the best European quartermaster department.

On the whole Secretary Stimson feels proud of the record made up to this point when, by the issue of a single order to Major General Carter, the entire division was set in motion, whereas, under the old plan the adjutant general's department was obliged to send a series of telegrams to as many individual commanding officers to begin the mobilization.

U. S. Troops Still on Way South

CHICAGO, Feb. 26.—The Twenty-seventh infantry at last is on route to Galveston. One squadron of the Fifth cavalry remained at the post to put affairs there in shape for what the men think will be a long absence, and these expect to get away about Saturday. Major General William H. Carter, who will command all the troops sent into Texas, left Chicago at 6:30 last night, accompanied by his staff.

TROOPS WORK FAST.

SAN FRANCISCO, Feb. 26.—"Inside of four hours after we received orders every soldier at the Presidio would be aboard a train," today declared Colonel Cornelius Gardner, post commander.

BRIGADIER-GENERAL T. W. BLISS, WHO IS IN CHARGE OF SOUTHERN DEPARTMENT, U. S. A.

DORR ADMITS HE SHOT GEO. MARSH

Californian Tells the Story of How Salem Merchant Was Killed

SALEM, Mass., Feb. 26.—Wm. A. Dorr, the Californian, who is on trial for the murder of George B. Marsh, an aged manufacturer took the stand in his own behalf today and testified that Marsh was shot by him in an altercation in the automobile in which they were riding.

The prisoner said he had lived in Stockton, Cal., with his mother's sister, Miss Orpha Marsh. He was first an insurance solicitor, he said, and then a dealer in motorcycles, but in March, 1912, he sold out his business.

The witness described the interest of his aunt, Miss Marsh, in the estate of her foster father, James Marsh. This estate, he continued, was in the name of James Marsh's brother, George E. Marsh, as trustee, and by private investigation he found conditions which led him to believe that those who managed the estate were unfriendly to his aunt and that the title had passed to George E. Marsh.

He therefore went east to see George E. Marsh and hoped by Mr. Marsh's aid to put his aunt's affairs in better shape. Describing his stay in Lynn, Dorr said that he saw Marsh several times and finally to get into conversation with him. Finally on April 15 he made himself known to Marsh and asked the manufacturer to take a ride with him.

They discussed Mrs. Marsh's affairs on the ride, he said, but suddenly Marsh asked him if he really was Orpha Marsh's nephew, and a moment later informed him that there had been discussion whether he was thus related to her.

SAYS THEY QUARRELED.

Dorr testified that this statement angered him and he started to get out of the automobile.

STEAMSHIP DAMAGED OFF GATE

Hurricane Weather Prevails Just Outside Bay; Harbor Is Calm

Residents of Mount Wilson, Marooned by Snow, Are in Need of Food

AS the result of a terrific wind just outside the Golden Gate today, the steamer Lurline was badly damaged, the coast liner Harvard was posted late and the City of Sydney is behind schedule. Hurricane weather prevails off the Gate, the condition being almost unprecedented at this time of year.

Off Point Reyes the wind had reached a velocity of seventy miles an hour. Officers of the Lurline report running through a gale that blew at the rate of 100 miles. The storm is sweeping down from the Northwest and driving huge seas before it. The Farallones reported a 48-mile gale and inbound shipping was thrown out of schedule by the fight with wind and sea.

VESSEL IS DAMAGED.

The steamer Lurline, from Honolulu, labored through the Gate this morning with rails smashed, ventilators carried away and lifeboats tumbled about on the decks. The "banana deck" was flooded and for 24 hours the ship had been awash with the seas that boarded it at every roll. It encountered the blow early yesterday and fought its way into port against heavy odds.

The steamer Harvard, from the south, was posted three hours late this morning, and the City of Sydney, from San Pedro, also was behind its schedule. The delay caused no anxiety among shipping men, however.

WORST IN 30 YEARS.

Henry F. Weeden, captain of the Lurline, characterized the storm as the worst he had encountered in 30 years of seafaring. The wind at times traveled 100 miles an hour, he said, and his passengers were in a panic for hours. Waves washed the ship from stem to stern time and again and damage to the cargo was heavy.

Coasters from the north made better time for the blow. The Saginaw was hustled down from Willapa Harbor in 55 hours, its scheduled time being 66 hours. The Adeline Smith from Coos Bay and the Davenport from Port Ludlow each made a gain of 10 hours.

FEEL FOOD SHORTAGE.

LOS ANGELES, Feb. 26.—Marooned by a 30-foot blanket of snow, residents of Mt. Wilson are said to be experiencing a shortage of food today. Huge snow drifts covering the trails have made the hotel and observatory on the high peak inaccessible and it was said that unless the snow diminished appreciably within the next 24 hours the isolated residents of the mountain would be in a serious situation.

Overcast skies today presaged a continuation of the phenomenal rainstorm which began Sunday and stopped yesterday at noon. In all districts except the near best come tax amendment is a part of the constitution, having been ratified by more than three-fourths of the states.

Tax Amendment Now Part of Constitution

Three-Fourths of States Have Ratified Change, Says Knox.

WASHINGTON, Feb. 26.—Secretary of State Knox has issued a formal announcement that the tax amendment is a part of the constitution, having been ratified by more than three-fourths of the states.

Absolute Truth About The Great Kidney Remedy

Several years ago I suffered with bad pains in my back. I was very restless, often getting up several times during the night. My limbs were swollen and I dropped in weight to 147 pounds. I consulted a well-known Norfolk physician and he stated that I had a very bad case of kidney trouble.

I saw your advertisement in the paper and purchased a bottle of Dr. Kilmer's Swamp-Root from a drug-store, after he recommended it to me. After I took three bottles I felt greatly relieved. I have taken Swamp-Root since at different times. I gained in weight to 206 pounds, and I am well and have been ever since I commenced taking Swamp-Root.

Very truly yours,

W. J. BARROW, Farmville, Va.

I, A. M. Barrow, a Notary Public in and for the County of Prince Edward, in the State of Virginia, do hereby certify that W. J. Barrow, whose name is signed to the foregoing writing, bearing date Jan. 15th, 1913, personally appeared before me in my county aforesaid and made oath that the said writing is true in substance and in fact. Given under my hand this 15th day of January, 1913.

A. M. BARROW, Notary Public.

We sold Mr. W. J. Barrow most of the Swamp-Root in question and have personally heard him speak of its action in most complimentary terms.

Prove What Swamp-Root Will Do for You.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder.

When writing, be sure and mention THE OAKLAND DAILY TRIBUNE. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

LICENSE UNPAID; SALOON IS CLOSED

Chief of Police Puts Official Look-on-Oakland Resort.

Chief of Police Walter J. Petersen today closed the saloon conducted by Eugene Lavorel, Second at Washington streets, for non-payment of the city liquor license. This was the first action of the kind taken by the city in many years, and follows the transfer of the handling of the license matters from the old bureau of permits and licenses to the hands of the city treasurer and the police.

It is probable that Lavorel's license will be revoked by the city council, if the recommendation of Chief Petersen is taken.

Lavorel's quarterly license was due February 16. Under the old regime of the license inspector's office, saloon men were allowed to run for months at a time overdue on their licenses. Through Captain J. F. Lynch Lavorel was given several warnings, but failed to pay his license, evidently thinking that the old condition still obtained. He was amazed when the police closed his saloon today and closed up the place.

Chief Petersen reported the matter to Commissioner Turner today, and Turner will probably take steps toward the revocation of the license.

LE COMPTE DAVIS ON STAND TODAY

Attorney Gives Testimony in Trial of Clarence Darrow.

LOS ANGELES, Feb. 26.—The trial of Clarence S. Darrow on the charge of jury bribery was taken up largely today with the cross-examination of LeCompte Davis, a Los Angeles attorney, who was associated with Darrow in the defense of the McNamara Brothers, the confessed dynamiters.

Davis was questioned concerning the calling before a county grand jury of George Behm of Porterville, Mich., uncle of Orrie E. McNamara, the confessed dynamiter and associate of the McNamara brothers.

Behm's refusal to answer questions propounded to him before the grand jury caused a sensation at that time, and Davis was queried about it today in an attempt by the prosecution to establish if the McNamara defense had made any efforts as early as that to tamper with witnesses for the state.

Naval Collier Off for Mexico

Off for Mexico

SAN FRANCISCO, Feb. 26.—The naval collier Saturn came down from Mare Island and put to sea late yesterday, bound for San Diego. It is presumed she will clear later from that port for the Mexican coast to join the division of the Pacific fleet operating in the Gulf of Mexico.

Put Your Liver To Work!

CONSTITUTION of the liver interferes with the action of the bowels. When the liver stops working and the bile accumulates your system becomes clogged with waste matter. Get that liver working right and all biliousness, headache, stomach trouble and constipation is avoided or disappears.

DON'T take a drug which drains you and makes you feel "as weak as a cat." Two wrongs do not make a right. Take a mild, natural laxative which gently stimulates and effectively operates.

CONCENTRATION OF UNITED STATES TROOPS AT GALVESTON TO CONTINUE

(Continued From Page 1)

after the bugles pealed the call to arms the command was marching toward the camp site, each man carrying several days' field rations and 90 rounds of ammunition.

After a day under canvas the troops returned to barracks last night, but 100 army wagons, loaded with camp equipment, still are packed in the post corrals and the men are keeping the field kits packed against the possibility of actual field orders.

The force which was inspected yesterday consists of the Sixth and Sixteenth infantry four troops of the First cavalry, Company E, signal corps, and the post hospital corps.

TROOPS NEAR EAGLE PASS. SAN ANTONIO, Tex., Feb. 26.—Six troops of the Fourteenth United States cavalry and a machine gun platoon are quartered at Fort Clark, 25 miles from Eagle Pass. This force, army officers declare, will be able to handle any situation that might arise along the boundary of the state of Coahuila in connection with the revolution launched by General Carranza of that state.

MEADE AT GUANTANAMO. QUANTANAMO, Feb. 26.—The United States transport Meade arrived here this afternoon. The troops were disembarked and proceeded to the naval station.

MOVE FROM FORT BLISS. EL PASO, Feb. 26.—The 23d infantry began moving today from Fort Bliss. El Paso business men who protested at the removal of the infantry and artillery to the explanation from Washington that the border patrol will be kept effective.

Fifth Brigade at Fort Crockett. GALVESTON, Tex., Feb. 26.—Brigadier-General Frederick A. Smith, commanding the Fifth brigade of the Second army division, and 300 soldiers of his brigade arrived at Fort Crockett yesterday. Announcement was made last night that the entire Fifth brigade, with Company D, Signal Corps, Company E, Engineers, and Field Hospital No. 3, will be encamped at Fort Crockett. The Fourth and Sixth brigades, with an actual strength of 10,000 men, will be camped at Texas City, near Houston.

About one and a half million square feet of warehouse shipments for storing supplies has been obtained. All infantry organizations mobilizing here have been supplied with ammunition.

Mrs. Turner Sends Protest to Taft. SAN FRANCISCO, Feb. 26.—In a message to a local paper, dated Carmel, Cal., February 25, Mrs. M. M. Turner, whose detention by the authorities at Mexico City occasioned much diplomatic negotiation, declares that she has protested to President Taft by telegraph at the White House.

"Mr. Turner is not a Maderist, nor an adherent of any faction whatever, in Mexico. He is simply observing the situation from a writer's point of view, as a correspondent would observe it. His detention is an outrage that should arouse all American citizens who care for their international honor into violent protest."

Lower California Quiet, Says Gomez. SAN DIEGO, Feb. 26.—Danger of rebellion anywhere in Lower California was officially denied this morning by Mexican Consul Gomez. According to reports received by him from the Mexican authorities in the Northern District of Lower California, there are no signs of trouble anywhere in the district.

The consul he had absolutely no knowledge of a reported band of armed Mexicans near Mexicali, and added that reports from all border points showed no threatened change in the peaceful conditions now prevailing. He declined to discuss the advisability of sending any States troops to patrol the boundary line.

He did say, however, that the Mexican garrisons and patrols along the border were sufficient to cope with any emergency. He also added that the troops in Lower California were loyal and would abide by the result in Mexico.

Stimson Promises to Protect Border. WASHINGTON, Feb. 26.—Secretary Stimson today assured Senators Culberson and Shepard that every possible precaution would be taken to protect the Texas border against raids by rebels from Mexico. He informed Mr. Culberson that one regiment of infantry and a battery had been removed from El Paso to join the Second division at Galveston so as to be at the closest possible point to Vera Cruz, but assured him that the troops would be replaced at El Paso and that a sufficient force would be kept there to protect the frontier in that immediate vicinity. He promised an additional troop of cavalry.

Garibaldi Scores Murder of Madero. NEW YORK, Feb. 26.—General Giuseppe Garibaldi, grandson of the Italian liberator and soldier of fortune, who was one of the leaders under the late President Madero of Mexico in the revolution that resulted in the overthrow of Porfirio Diaz, arrived here today aboard the German Kronprinzessin Cecilie. General Garibaldi was deeply affected by the death of Madero.

"I consider the killing of President Madero one of the blackest crimes in history," he said. "At present I do not care to say anything further."

Garibaldi said he did not expect to go to Mexico. It was reported about two months ago, upon his return to Rome after active service with the Greek army in the Balkan war, that he would return to Mexico, but the death of Madero, of which he received reports at sea, caused him to change his plans.

Cruiser Reports Situation Quiet. SAN DIEGO, Cal., Feb. 26.—Wireless messages from the cruiser Colorado report that she has returned to Mazatlan from Manzanillo. All is quiet at both places. The South Dakota remains at Acapulco and there is no change in the situation at that port.

General Bliss in Charge in South. SAN ANTONIO, Tex., Feb. 26.—Brigadier-General Tasker H. Bliss arrived in San Antonio early today to assume command of the cavalry division and the southern department of the United States army. With the arrival of General Bliss, Brigadier-General E. Z. Steever will be relieved of temporary command of the department and will return to El Paso as command of the Second brigade.

Deny the Reported Killing of Madero. LAREDO, Tex., Feb. 26.—A telegram received here late last night from Monterey denies that Emilio Madero had been shot near that city as reported in a dispatch from Mexico City. Everything is quiet in the vicinity of Monterey, according to the dispatch.

London Papers Watch Situation. LONDON, Feb. 26.—The London newspapers continue to take a lively interest in the Mexican situation, an editorial this morning the Standard says.

"Perhaps President Taft is right in deciding on non-intervention in Mexico, but it seems pity that Felix Diaz and his confederates do not commit some breach of international law which would give a civilized power an excuse to lay strong hands upon them."

The Daily Mail publishes a telegram signed by President Huerta giving an official account of the death of Madero and Suarez and asking that judgment on the affair be suspended until after the investigation is completed.

SAYS IDEA APPEALS. The Daily Mail, in an editorial, also comments on the difficulties facing the United States. It says the very idea of intervention appeals the American government. If a quarter of a million British troops were two years conquering South Africa, at a cost of one billion dollars, the Daily Mail declares, the American troops would find the subjugation of Mexico a task of supreme difficulty. Recalling the earlier and more simple task of the United States in 1848 and Napoleon's fiasco in 1861, the Daily Mail adds:

"That grins experience is not forgotten at Washington, and Mr. Taft and Mr. Wilson may well hesitate. Yet no civilized nation can indefinitely tolerate anarchy at its door and the pressure upon them may be too great to resist. If so, the war they will have to face is one compared with which the Boer conflict would be child's play."

Author Turner on Official U. S. Grill. MEXICO CITY, Feb. 26.—John Kenneth Turner, who has been so many times having tried his best to stir up anti-American feeling by an article in "El Pais" sent a letter to United States Ambassador Wilson on Monday, demanding an explanation and apology for his imprisonment by Felix Diaz, demanding the Ambassador's active aid in getting return of his property taken by Diaz officers and requesting safe conduct out of the country.

The letter threatened the Ambassador with an investigation by the United States Congress which, Turner says, will show neglect of duty by the Ambassador. The letter concludes by saying that if his camera and his glasses are returned all will be forgotten.

The Ambassador answered Turner yesterday, saying:

"I have to advise you in the first place that your letter is not couched in terms usually adopted by persons addressing this embassy. Neither threats nor demands make the slightest impression on this embassy."

"LIFE NOT IN SLIGHTEST DANGER." "I also have to advise you that, well knowing that your letter is in the slightest danger, your telegraphic Senator Ashurst that your execution was intended. The falsity of this representation is evident by the fact that you have been walking the streets at perfect liberty for two days."

"I call your attention to the fact that you have been guilty of writing serious articles to 'El Pais,' misrepresenting the attitude of the Government of the United States toward the revolution in Mexico, and that by such action you have placed in jeopardy, in some measure, the lives and property of American citizens."

"Your course has aroused the deepest indignation of the American colony and should receive disapproval all over America."

"In referring to your demand for an apology from the embassy, and a safe conduct out of the country, I have to advise you that you will receive no reasons for the former not being evident and the necessity for the latter not being obvious."

"LOS OF SMALL VALUE." "Your life will be protected by the embassy and the restitution of your property will be duly requested though the value seems to be exaggerated."

"In conclusion, I beg to inform you that you are the only American of whom the embassy has knowledge who has doubted its willingness to accord its full services to American citizens or who has assumed the privilege of addressing to me disrespectful letters containing an absolute misrepresentation of facts."

States Refuse to Recognize Huerta. MEXICO CITY, Feb. 26.—In the far south three States, Tabasco, Campeche and Yucatan, have just received the new government. There Pino Suarez had a big following which has not been completely broken up by the revolution. The remoteness of these States, the govern-

LAWYER TESTIFIES IN THAW BRIBERY INVESTIGATION

John Nicholson Anhut Says No Money Was Offered Superintendent Russell.

Admits Agent for Thaw Gave Him \$25,000; Sulzer Not Involved.

ALBANY, N. Y., Feb. 26.—John Nicholson Anhut, the lawyer accused by Dr. John W. Russell, superintendent of Matteawan hospital, of having offered him a bribe of \$20,000 to release Harry K. Thaw, was a witness today before Governor Sulzer's committee of inquiry.

Anhut, who was formerly a Michigan state senator, told of meeting Dr. Russell and discussing the Thaw case. He said Dr. Russell recommended him to Thaw, from whose agent Anhut received \$25,000, which was to be returned unless the lawyer succeeded in freeing Thaw.

Anhut said that Russell asked where he (Russell) "would come in" and that later Russell asked him if he would be satisfied with \$20,000. Anhut said that he was to receive any money, such a proposition was not in his mind. I would not even give him a Christmas present, because it might look like a bribe. When I saw that Russell wanted money, I dropped the subject and left him."

The lawyer denied having used Governor Sulzer's name in connection with the Thaw case.

HEINZ AND BROWN WILL BE GUESTS. Business Men of Oakland Will Entertain Prominent Visitors.

At noon tomorrow the business men of Oakland will meet at luncheon H. J. Heinz, of commercial fame, and Frank L. Brown, of Brooklyn, well-known throughout the United States as a banker, on the mezzanine floor of the Hotel Oakland.

Great interest is manifested in the luncheon and already 350 reservations have been made with every prospect that the entire floor will be filled.

Invitations have been sent to Benjamin Ide Wheeler, David Starr Jordan, Luther Burbank and others. The luncheon will be held under the joint auspices of the Chamber of Commerce and the Rotary Club. Robert Robertson and W. E. Gibson presiding jointly.

While Heinz is heading a world tour party of Sunday-school workers, he is looking after his commercial interests in the West, and it is believed that he will have much of interest to say to the business men of Oakland, as it has been known for some time that he is making a study of local conditions.

EN ROUTE TO PHILIPPINES. En route they will attend conventions and conferences in the Philippines, in Japan, China and Korea and on the return will make the trip over the Trans-Siberia Railway, reaching Zurich in time to make a report of their tour. The party is under the direction of Heinz and Frank L. Brown, a New York banker. They bear stipends of introduction and commendation from President Taft, President-elect Wilson and others, and their tour will be the dawn of a new era in Sunday-school endeavor and service.

The idea out of which the present trip has grown has been developed since the year 1907, when it was first expressed at the World's Sunday-school Convention at Rome. The committee that reported in favor of the matter stated the objects as follows:

"That the object of the visitation shall be to confer and co-operate with the Sunday-school workers, especially in Japan, India and China, for the purpose of extending and improving the work, encouraging the missionaries and native workers on the field, and securing their co-operation in advancing the world-wide Sunday-school cause."

PRACTICAL WORKERS. "That the visitation party shall be composed of practical Sunday-school workers, willing to bear their own expenses, and who are ready to give their time and efforts for the extension of the kingdom of Christ through the Sunday-school."

The report was adopted and the commission then authorized has since been formed. It is composed of business men who are deeply interested in Sunday-school work, and of specialists in Sunday-school organization and instruction.

The committee, which is international in character, will sail from San Francisco March 1.

the automobile Marsh tried to prevent this and, in the struggle, Dorris arm flew up and struck Marsh on the head. Marsh fell, the witness declared, by striking his head against a wall and was grabbed by the three men.

Dorris then fought the wrench away from Marsh, hit him on the head with it and fired a shot upwards from his revolver. He did not know for a time what happened, but finally he recovered his senses and started toward the body for Marsh's home. Eventually he entered his mind and placed the body alongside the road and drove to Boston.

Regarding a reference in his diary to a "Negro hired to murder Marsh" Dorris said that he had written it to relieve himself of the responsibility in the eyes of his aunt.

On the night of his return to Stockton he slept in a lumber yard. He had learned from a newspaper that he was suspected and he was mentally and physically exhausted. Once he decided to give himself up, he started for the police station, but his resolution failed him.

District Attorney Averill cross-examined Dorris who said he was made to confess Dorris' testimony appeared ready in collapse at any moment.

HEINZ AND BROWN WILL BE GUESTS

Business Men of Oakland Will Entertain Prominent Visitors.

At noon tomorrow the business men of Oakland will meet at luncheon H. J. Heinz, of commercial fame, and Frank L. Brown, of Brooklyn, well-known throughout the United States as a banker, on the mezzanine floor of the Hotel Oakland.

Great interest is manifested in the luncheon and already 350 reservations have been made with every prospect that the entire floor will be filled.

Invitations have been sent to Benjamin Ide Wheeler, David Starr Jordan, Luther Burbank and others. The luncheon will be held under the joint auspices of the Chamber of Commerce and the Rotary Club. Robert Robertson and W. E. Gibson presiding jointly.

While Heinz is heading a world tour party of Sunday-school workers, he is looking after his commercial interests in the West, and it is believed that he will have much of interest to say to the business men of Oakland, as it has been known for some time that he is making a study of local conditions.

EN ROUTE TO PHILIPPINES. En route they will attend conventions and conferences in the Philippines, in Japan, China and Korea and on the return will make the trip over the Trans-Siberia Railway, reaching Zurich in time to make a report of their tour. The party is under the direction of Heinz and Frank L. Brown, a New York banker. They bear stipends of introduction and commendation from President Taft, President-elect Wilson and others, and their tour will be the dawn of a new era in Sunday-school endeavor and service.

BARBARY COAST RESORTS TO CLOSE

Proprietors Will Lock Up Doors and Cast Eyes Toward Oakland.

SAN FRANCISCO, Feb. 26. — The Barbary Coast is doomed. But three more nights remain for the noise and revelry, already but a distant ghost of its former self, which for sixty years has made this section of San Francisco notorious. This is the view today accepted by the proprietors of the various Pacific street resorts, who declare that there is nothing left for them to do but close their doors after the regulation of the Police Commission restricting the entertainment of these places goes into effect on Saturday.

"I simply can't run without the girls," said "Red" Kelly, proprietor of the Midway cafe, last night. "We've all got to quit. After Friday night there won't be a place open on the coast."

MUST CLOSE DOWN.

"Jimmy" Le Strange, proprietor of "The Cave," who has been a prominent figure in Barbary Coast life for thirty years, took the same view. He saw no alternative but to close his doors, and declared his belief that a number of the cafe proprietors might turn their eyes toward Oakland.

The resort proprietors declare that they have taken no steps toward re-orientation to protect against the ordinance which puts the "lid" on their business, and are resigned to their fate. The reform agitation started over a month ago, slowly left its mark on the night life section. A number of resorts claim that for several weeks past they have not been making expenses. Orchestras are playing to empty tables and chairs, and dance hall floors, once crowded with exponents of the "rag," are now occupied only by the regular nightly habitués. Entertainers sing listlessly to blank walls, and the girls who solicit for drinks, now sullen and importune in vain.

500 WOMEN INVOLVED.

Transient hotels in the immediate vicinity of Kearney and Pacific streets, where the women of the Barbary Coast flourished when the Barbary Coast dance halls were crowded, has dwindled almost nothing since the reform agitation began.

No definite plans have been made by the 500 women employed in the resorts to what they will do when the ordinance will take away their chief source of livelihood. Some are already looking for a haven for them, and will stay there until forced out of the closing of the resorts.

"No special steps will be necessary for enforcing the new ordinance," said Police Commissioner Theodore Roche today. "The resort proprietors who violate the new ordinance will simply have their license taken away."

WAITING IS NOW ATTITUDE OF S. P.

"Next Move Must Come From Union Pacific People," Says Sproule.

SAN FRANCISCO, Feb. 26.—Waiting. That is the attitude of the Southern Pacific regarding the dissolution of the merger between it and the Union Pacific.

"The next move must come from the Union Pacific people," said President William Sproule today. "There is nothing that we can do at this end of the line at this time."

"The Southern Pacific has resumed the regular course of business. I have heard nothing from the ast as yet concerning further action. Perhaps representatives of the Southern Pacific will be asked to go east for conferences. I do not know whether this will be the case, but this will develop in the course of two or three days."

Nothing has been heard from Robert S. Lovett since the railroad commission handed down its opinion on the California features of the dissolution.

HOUSE COMMITTEE SUGGEST BIG FINE

Representative Cox Recommends Oleomargarine Manufacturers Be Assessed.

WASHINGTON, Feb. 26.—Separate reports on the investigation of the controversy between the Treasury Department and manufacturers of oleomargarine as to the rate of their tax during 1911 and 1912 have been submitted to the House by the Committee on Treasury Department expenditures.

Representative Cox of Indiana, the chairman, has reported that the manufacturers used a colored cotton seed oil, known as fulvas oil, golden yellow, butter oil and other preparations which subjected the product to 10 cents a pound tax, instead of one-quarter of a cent. Mr. Cox recommended against acceptance of \$101,000 as a compromise settlement, and urged that the department fine the manufacturers \$1,246,338.

The majority of the committee recommended that the department bring a test suit for the full amount.

The Republican minority, the question of recovery was in the hands of the executive department, but that if necessary there should either be a case or a compromise of the whole matter.

VALUES ART OF TELLING STORIES

Rev. H. A. Jump Declares That It Is Necessary as Sermonizing.

BERKELEY, Feb. 26. — Young men preparing for the Christian ministry should learn the art of telling stories and theological seminars should give courses in story construction and story telling. This was the advice given this morning in an address before the students and faculty of the Pacific Theological seminary by Rev. Herbert I. Jump, pastor of the First Congregational church, Oakland.

"The story is just as natural to use in talking with children," says Dr. Jump, "as is the sermon in talking with grown up and hardened sinners."

The speaker said that the telling of stories was the method employed by Jesus and that if his congregation consisted entirely of children he would use the method of the parables. He received from boys and girls showed that the sermons which made the deepest impression on their minds were those in which the story was prominent.

On the other hand, the students were warned against "baby talk" in the pulpit, and were told "There is many a church where the minister is teaching baby talk to his parishioners that they will later on be ashamed of."

The preacher should give his hearers a knowledge of the new facts discovered respecting the Bible and the spiritual life and not be content to secure and hold a good pulpit by always "padding" as some men of Dr. Jump's acquaintance have done. The new and fresh truths should be shared with the congregation and not kept back for the sake of avoiding criticism on the part of conservatives until the truths were spoiled by age.

"Under no circumstances," added Rev. Jump, "preach an ordinary sermon longer than 25 minutes, or an evening sermon longer than 30 minutes. The psychological habit of the day is that you can only take a little chunk of knowledge at a time. Yet the men who have made the deep impressions have never been the men who finished in 25 minutes. The great preachers in the east preach from 25 to 50 minutes. Dr. Jefferson of New York sometimes preaches an hour and a half in length, and the people go to hear him."

Rev. Jump said that his predecessor in the Oakland pulpit, the late Chas. E. Brown, was preaching with great success in eastern pulpits because "he has brought naturalness, the conversational method, and flashes of humor into the pulpit where before they were lacking," and because he invariably preaches short sermons. He succeeds because his preaching is different.

ALASKA PROBLEM APPEARS IN COURT

Supreme Court Takes Up the Transportation Case of Territory.

WASHINGTON, Feb. 26.—The Alaska transportation problem came before the supreme court of the United States with the question whether the federal district court in Alaska had erred in annulling an indictment charging violations of the Sherman anti-trust law and the interstate commerce act by five corporations and individuals in alleged discriminations against the Humboldt Steamship Company, an independent line to Alaska.

The lower court held that in as much as this indictment was based on the refusal to make through routes and joint rates with the Humboldt Steamship Company, an indictment would be valid until the Interstate Commerce Commission had first decided that such refusal was improper.

HANS J. JACOBSEN DIES AT AGE OF 59

ASHLAND, Feb. 26.—Hans J. Jacobsen, a blacksmith of Ashland and one of the most prominent members of the Danish community in Hayward, died at his home in Ashland last night. Decedent was a native of Denmark and was 59 years of age. He had been a resident of Hayward for the past twenty-five years. He was a member of the Danish Society of Hayward and was actively interested in the different affairs. Jacobsen is survived by a wife, Emilie J. Jacobsen, and two sons and two daughters. The sons are Henry and William, and the daughters are Helga and Mrs. Arthur Petersen.

The funeral will be held from the family residence in Ashland tomorrow at 2 o'clock. Interment will be in San Lorenzo cemetery.

KENWOOD PARK

\$100 cash down buys a lot to fit this Bungalow. A few hundred more will secure the Bungalow.

TO THE MAN WHO WILL LOOK AHEAD

The men in Oakland—and in every other American city who have made money on real estate investments—have invariably done so BY LOOKING AHEAD.

In Oakland—a man does not need to look very far ahead—to realize that in Kenwood Park at today's frontage prices—there is a wonderful opportunity for profitable investment.

It is our belief that a man should double his money in Kenwood Park inside of twenty-four months (February, 1915).

We back this belief with the fact that in no other city in America can you buy property of the character of Kenwood Park, at anywhere near Kenwood Park prices—and in Oakland, there is no residence property to compare with Kenwood Park.

Its improvements are absolutely the finest that art and money can produce—its location on E. 14th street, twenty minutes from downtown, is beyond any question the finest this beautiful city affords.

We say—Buy KENWOOD PARK property at today's prices—and you cannot help but make a substantial profit.

Consider the surprisingly low opening prices—\$875 and up gets a Kenwood Park lot. Many ordinary, indifferently improved bungalow lot offerings are being sold at \$1,500. Our opening prices range \$875 to \$975 and very interesting terms will be made.

SUPPOSED MURDER PROBED BY POLICE

Death of Thomas Hardman to Be Investigated Across the Bay.

SAN FRANCISCO, Feb. 26.—The police department were spurred into action this morning and an investigation was started into the circumstances surrounding the death of Thomas Hardman, a longshoreman, aged 24, whose body was found in the creek at Seventh and Channel streets on Sunday.

Suspicion of foul play broached yesterday to Chief Deputy Coroner Kelly by a brother-in-law of the dead man, John McNicoll, who arrived here from the northern part of the state to investigate the circumstances of the case, has led to the inquiry.

Hardman was last seen alive on Saturday, when he was in good spirits. He was a familiar character in the south of Market-street district and McNicoll believes that he belonged to one of the gang which had received some notoriety in that section. A theory is that he may have been at enmity with someone who threw him from the dock. The body was found Sunday afternoon and the autopsy shows that death was caused by asphyxiation through drowning. The deceased was a single man and resided at 412 Fish street.

BLOCK IS DESTROYED.

When I made the discoveries which resulted in my local anesthetic twenty years ago I thought I had the world by the tail and a downhill pull, but I have found out that it is one thing to make a discovery and quite another to get the public to appreciate it. But when I see so many painless dentist signs that try to look like mine, I know I have been going some.

—PAINLESS PARKER.

Why Am I So Widely Imitated?

Because I was the first to perform and advertise ABSOLUTELY PAINLESS DENTISTRY.

Twenty years ago I discovered a local anesthetic which leaves no ill-after-effects and permits me to perform any operation known today to dental surgery. Wherever you see the words, "Painless Dentistry," it is a silent tribute to Painless Parker. There are thousands of imitators, but in twenty years I have built up the largest dental business in the world. I have convinced over 700,000 patients, and can convince you, that I am positively IT in Painless Dentistry. Consultation Free.

CASTRO WELCOMED SORE ARMS STYLE BY CUBAN CROWDS IN OFFICIAL RANKS

Enthusiastic Greeting Is Accorded Former Dictator of Venezuela.

HAVANA, Feb. 26.—General Cipriano Castro, former dictator of Venezuela, arrived here today on board the steamer Saratoga from New York and was greeted enthusiastically by the populace. No opposition was offered to his landing. The immigration officials afforded all courtesies.

A flotilla of launches, crowded with people, met the Saratoga off Moro Castle, and accompanied her to anchorage. On board one tug was the municipal band, lent by the Mayor of Havana, which played the Cuban and Venezuelan national anthems. Another tug was occupied by a committee of Cuban veterans.

General Castro landed on San Francisco wharf, where 800 people were gathered. The entire crowd followed the visitor, who drove in an automobile decorated with the Venezuelan colors to his hotel, when General Rafael Reyes, ex-President of Colombia also resides.

TOWN OWNS MOVIE.

IOLA, Kas., Feb. 26.—A municipal moving picture theater designed to give the citizens of Iola an intimate knowledge of the city's government opened here last night. Views of the municipal plants in operation and pictures of various improvements, together with figures showing how the public money is being spent were among the things thrown on the screen. The mayor and commissioners explained the pictures.

BERNHARDT SCORES ACHIEVES MIRACLE

Vivandiere Heroine of Son's Play Carries Away Audience of Actress

(By HARRY L. SULLY.)

ONLY the indomitable will of a Bernhardt, coupled with the magic artistry of the great tragedienne could have achieved the miracle of presentation set before an Oakland audience last night. In the name of justice and liberty the vivandiere heroine of the short play won her soldiers, but it was in the name of pure artistry and impeccable technique that Bernhardt won her audience last night in the one-act drama, "Une Nuit de Noël," written for her by her son, Maurice Bernhardt, and Henri Cain, the well known French dramatist.

With a play unfamiliar to almost her entire audience, presented in a foreign tongue, Madame Bernhardt succeeded where success could not have been predicted. Her life has been one of varied triumph, a history of honors won in the grand manner of accomplishing the impossible and setting apparently insurmountable obstacles at naught. At the Orpheum last night the tributes that were accorded her by the worshipping audience may not have seemed to the great actress a triumph in her career, but they formed a real triumph, and the men and women who composed that audience will treasure long in memory the moments of dramatic fire which held them magic-bound through the short twenty-five minutes of her presence on the stage.

HOLDS HER AUDIENCE.

An Oakland audience is a hard one to hold. Even the serious minded theatergoers who attend performances of the legitimate drama here have been known to lose track of the acting to pay attention to some extraneous matter. But a vaudeville audience, only a part of which had come to listen to Sarah Bernhardt, an audience composed of many with a poor opinion of any actress who would not speak "plain United States," was especially hard to hold.

Yet Madame Bernhardt held her audience spellbound and ruled it with the witchery of her voice and the wonder of her carefully planned gestures. The mellow cadences of her voice, in the liquid language of the French of Corneille, had not stirred the American ear a few years ago when Bernhardt intoned the oratory of "Phedre." But the staccato, rapid fire French of the little play of the Revolution, snatched and crackling across the footlights like thorns burning under a pot, came as a revelation last night, and while the audience did not understand her words, the meaning came home and dwelt with them.

"Une Nuit de Noël," while it is filled with the terror and blood of the French Revolution, and is made to trench upon melodrama in places, is a play in which the story is carried forward rather in the words of the actors than in their actions. It is a doubly difficult vehicle for presentation in a foreign language for this reason.

SOUNDS RUSHING APPEALS.

But Bernhardt was able to sound forth the rushing declamatory appeals, the swift changes into pathos and indignation, and to make her voice take the place of words coherent to her auditors and to get the meaning across the footlights.

Madame Bernhardt opened her performance before an audience which had just recovered from having its ears tickled and its eyes amazed at the gymnastic cleverness of a piano virtuoso, an audience which still held in mind the lissome charm of Josie Heather. The mass of that audience had come to see Bernhardt as they would go to see a wonder at an international fair. It may be said without fear of question that it was not love of the drama or appreciation of the art histrionic which had drawn the major portion of the spectators to the doors of the Orpheum.

They were curiosity seekers in a large measure. When the curtain rose, they looked for Bernhardt, and their interest was not intense concerning the clever

acting of the minor characters who first appeared upon the scene. When the great actress herself appeared, they applauded. Then they waited to see what she would do.

HAD SEEN HER BEFORE.

Many had seen Bernhardt before. They had heard her as the tragic-voiced Phedre, the pathetic, graceful Camille, the pitiful and ambitious haunted L'Aiglon; stately as Queen Elizabeth or La Tosca, the passionate Lucrece Borgia and Theodora. These roles she had created in her prime, and they had seemed to cover the gamut of portrayable emotion in the Bernhardt repertoire.

But in the gorgeous dying sunset of her career Bernhardt succeeded in striking a new note, in flashing a new color upon the chiaroscuro that had made her famous.

The classic roles of her prime had been mastered and had given her place as the greatest woman of her time. They had become as second nature to her. Bernhardt was in a position to fall back upon this history of achievement, this repertoire of accomplishment, and to rest content.

LEARNS NEW ROLE.

In place of this she decided to give herself to the task of learning a new role and establishing a new mark. To task a thoroughly taxed memory after half a century of hard work with memorizing long oratorical speeches and brisk, sparkling dialogue is more than many of the greatest actors have dared attempt. Irving refused to undertake new roles, returning again and again to the parts in which he had made his great successes. Coquelin was able to substitute acting for a perfect rendition of his lines, although he was famous for his splendid memory.

Bernhardt has not only perfectly memorized the lines, but, according to Monsieur Tellegen, her leading man, she has occasionally aided others in the cast with a quick word when the ripping dialogue and racing repartee of the little play were in danger from a not too quick memory.

HER GREATEST TRIUMPH.

Her greatest triumph in this wonderful evening of her career, however, is the manner in which she has brought into swift and moving life a set of gestures appropriate to a totally new part. Eltherto she has played a few parts possessed of masculinity, but even of these the Eagle had something of the timidity and reserve of the effeminate, and her Hamlet was of the studious and prudently.

Bernhardt's "Vivandiere" has lived the rough life of the soldier. She is not a daughter, but a little mother to the regiment. She is a big, rough, wholesome woman, who has learned to curse with the "Boys of the Blue," and who has learned to be a little ashamed of the tears that creep into her eyes when she tells of the death of a lover who was a member of the little band.

To fit the role, she has learned gestures that have in them the precision and the stiffness of the soldier. There is a mannishness about the camp follower that is exquisite in its reality. She has even learned the trick of peeling potatoes with the combined dexterity and roughness of the soldier.

Each little point in her acting, though unobserved by the spectators in itself, went to make up a whole that carried conviction. Before she had gotten well into the action, the audience was listening eagerly for every inflection of her voice, watching for the slightest gesture.

GIVES OF HER BEST.

Knowing that she had won her audience, Madame Bernhardt gave of her best. She wasted not a point. The play is well planned to give her talents their opportunity, and as the action rises to its climax, the interest centers more and more on the heroine.

The climax comes in a stringently dramatic appeal, into which Bernhardt throws the full fervor of her wonderful voice, wonderful today as it was a decade ago. Her voice sings to the pathos of appeal, and rises in stormy indignation, and her words seem to stab like daggers as she denounces the ferocious brutality contemplated by her companions. In a superb burst of oratory, she rises to heights which bring the audience to her feet, and she speaks with the conviction that she was capable of winning even the rabble of revolutionary soldiers from their proposed revenge upon the hated aristocrats.

PLOT LAID IN FARM HOUSE.

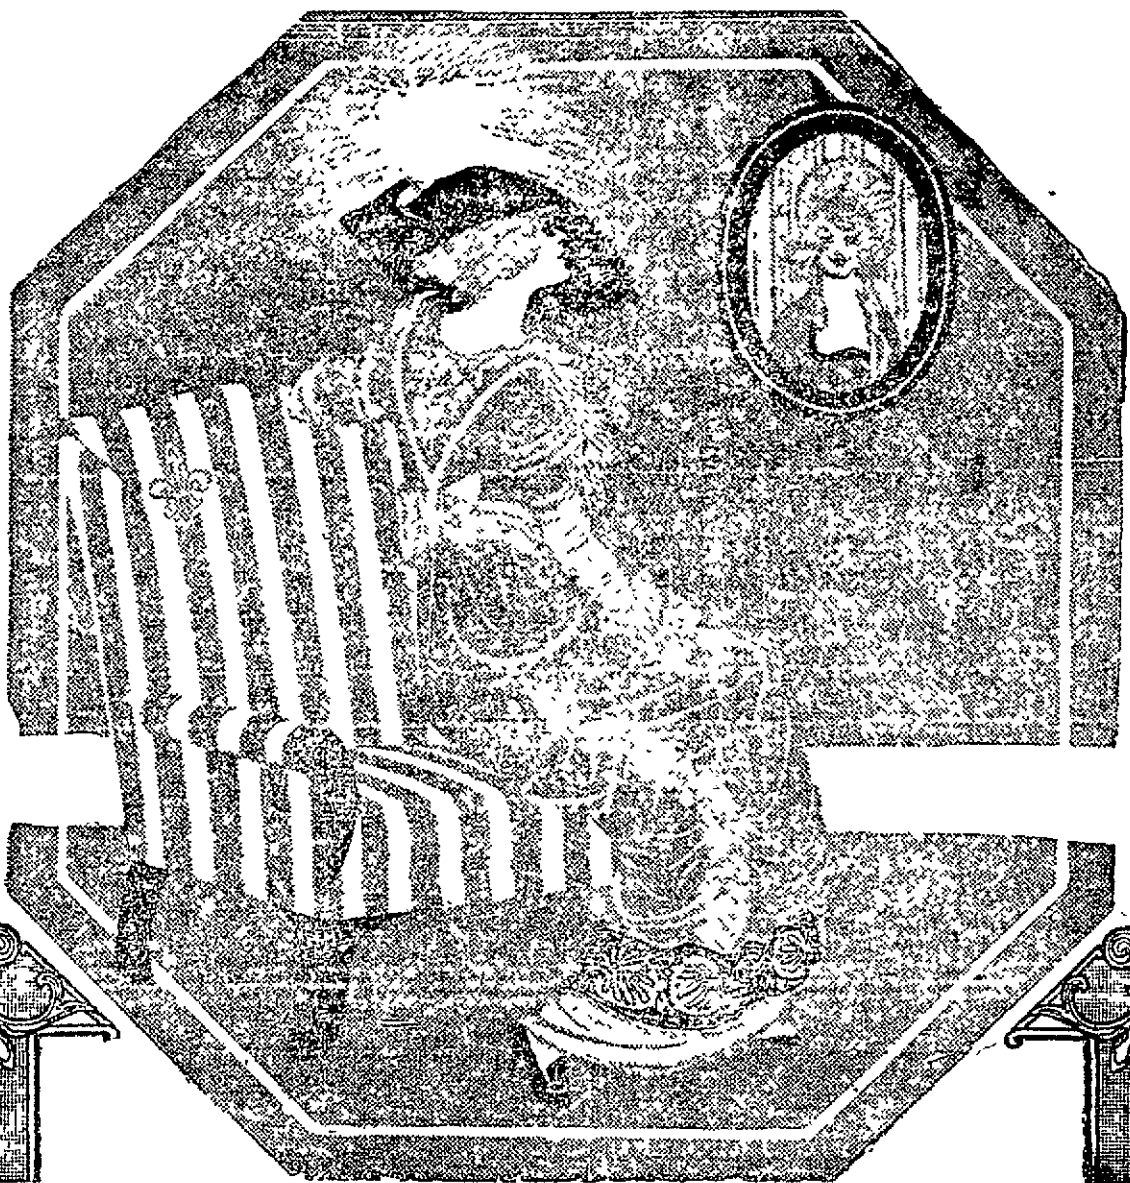

The plot is laid in a Vendean farm house built in the revolutionary days of 1793. The curtain rises on bare room, the furniture consisting of a table, two or three old chairs and an improvised bed on the floor. In this humble abode are hiding the wife and child of the celebrated Chouan, Comte de Kersant, cared for by two loyal peasants. Bernhardt enters into the scene in a donkey cart a few minutes after the curtain rises, talking and laughing with the soldiers. She is left alone with the comtesse after promising the little troop a good supper when they return from their scouting expedition. The comtesse, who is a brave and makes herself at home in the little barn dwelling and begins to peel potatoes for the promised soup. She does this in the French peasant way of scraping the peel, and the audience laughs with her when she makes the little comtesse, whom she has requested to help her, for wasting the potatoes.

SUSPICION AROUSED.

Her suspicion is aroused by the soft hands of the comtesse and she accuses her of belonging to the royalists. This is at first denied but later acknowledged after the vivandiere has told her how she followed the soldiers from camp to camp because of her lover, and how, because he had requested it, she had stayed with the little band after his death.

While they are talking the comte suddenly knocks on the door, not knowing that the place is in possession of the Army of the Republic. For love of his wife and child he has braved all dangers to be with them on Christmas night. On seeing the vivandiere he openly acknowledges himself and his cause. She is won by his heroism and decides to save him from La Belfaire, the captain who is searching for him.

While the comte is making his way to the soldiers demand admittance. After hiding de Kersant, the vivandiere admits them. They are suspicious and state that the comte is in hiding in the house. The vivandiere denies this, and the soldiers, with the audience, are carried away with her power, her voice and her gestures, and the Comte de Kersant with his wife and child, are allowed their freedom.

SOLONS TOO BUSY TO MARCH WITH WOMEN

WASHINGTON, Feb. 26.—California Congressmen will not march in the big suffragette parade March 3, though they have been invited to do so by the suffragette leaders.

The Californians would take much pleasure in parading with the fair advocates of votes for women, but as March 3 will be the busiest day of the session it will be practically impossible for any of the representatives to be absent from the House. Important California legislation may come up in the House on March 3 and it will be much more important to the state that all the representatives are in their seats to watch this legislation than if they were spending half a day marching through the streets with the suffragettes.

Congressmen from all other suffrage states will be unable to participate in the parade for the same reason. The suffragettes selected the worst possible time for their demonstration, in view of the terrific hurry in the closing days of this session.

MOTHER AND THREE CHILDREN ARE BURNED

HUNTINGDON, Pa. Feb. 26.—The wife of Howard Fisher, a carpenter, and three of her children were burned to death yesterday in their home in South Huntingdon. Mrs. Fisher had gone to a store a quarter of a mile distant, leaving unattended at home two girls and a boy, ranging in age from 6 months to 6 years. Upon her return the house was in flames. Unable to get in the front door she frantically ran to a rear window and clambered into the blazing interior. She met death with the little ones whom she was unable to save.

ARMY OFFICERS MOVED.

WASHINGTON, Feb. 26.—Colonel Alexander D. Dyer, Fourth field artillery, has been retired from active service. The President has accepted the resignation of Captain Frank Nickerson, Philippine scout. First Lieutenant Samuel C. Talbot, Twenty-eighth infantry, now on leave, will join his regiment at Galveston.

FAREWELL TRIBUTE PAID TO MORTONS

Parishioners of First Methodist Episcopal Church Honor Popular Oaklander.

Parishioners of the First Methodist Episcopal church of this city paid a farewell tribute to Mr. and Mrs. Harry Morton, last evening, in Maple Hall, Fourteenth and Webster street, where blessings and wishes of "bon voyage" were tendered them, as they will leave next Saturday on their trip around the world. Several hundred representatives of the various organizations of the church and the congregation greeted Mr. and Mrs. Morton, who have been leaders in all the forward movements of the church, and have given their moral and financial support to that parish. Men and women prominent in the business and professional life of the bay region joined in honoring the two church workers. Many compliments were bestowed upon Mr. and Mrs. Morton upon their able efforts in the church with which they have been identified for many years.

Harry Morton was among the first to advocate the erection of the new church which is in the course of construction at Twenty-fourth and Broadway. He was one of the first donors to the new house of worship, and is chairman of the building committee.

During the evening addresses were delivered by Rev. George W. White, pastor of the First Methodist Episcopal church; Rev. H. S. Hutcheson, district superintendent of the Oakland district of the Methodist Episcopal church; Charles H. Victor, a member of the official board of the First Methodist Episcopal church, and James A. Johnson of the board of trustees. Brief responses were made by Mr. and Mrs. Morton.

The guests were Miss Chapman, Miss Barnes and Frederick Harrison. At the close of the program, refreshments were served by a committee of women of the church.

CHORAL SOCIETY IS ORGANIZED BY OAKLAND AERIE

D. P. HUGHES.
—Webster photo.

An innovation in lodge circles is the organization of a choral society by Oakland Aerie, No. 7, Fraternal Order of Eagles. D. P. Hughes, head of the Hughes Club and a well-known musician of the bay cities, is in charge of the rehearsals, which will be held every Friday night in Lincoln Hall. The class opens with 45 members, among them many good voices.

The lodge expects to have an organization of more than 150 members at the time of the opening of the Panama-Pacific International Exposition, and will take part in some of the big singing festivals which will be given at that time. The aerie has a membership of more than 1500, and is one of the largest lodges in the city. The members are determined to make the singing organization a winner, and will spare no expense toward this object.

The officers of the lodge are as follows: President, Dr. H. B. Mehrmann; secretary, C. R. Hyde, and treasurer, J. H. Bogle. They and C. R. Poulter and W. Reichold compose the committee in charge of the choral society.

LAUNDRY LOOTED BY MASKED MEN

Three Japanese Held at Bay While Robbery Goes On.

SAN FRANCISCO, Feb. 26.—Four masked bandits each carrying a revolver made their way into the Japanese laundry conducted by M. Asakawa, at 751 McAllister street, at 4 o'clock this morning, held three of the occupants at bay with their weapons and emerged a few moments later with \$250 in coin and a varied assortment of watches and jewelry.

A pass key was used in opening the front door and the men made their way at once to a room in which K. Okajima and E. Itow were asleep. The Japanese were awakened by the noise made when one of the robbers opened a bureau drawer. They jumped up and attempted to grapple with him, whereupon two other bandits stepped from the hallway, seized them and threw them upon the bed.

They compelled them to remain with their hands extended above their heads while the room was searched. One of the men still stood guard while one of the men entered an adjoining apartment where T. Watanabe slept on, unconscious of what was going on about him. He did not awaken, although his room was searched and valuables to the amount of \$100 taken from him.

Before leaving the robbers warned their victims that if any outcry was made or there was any attempt to notify the police before an hour had gone by "someone would be shot." These instructions were carried out and it was nearly 5:30 a. m. before the police started work on the case.

ESPERANTO CLUB OF OAKLAND TO MEET

The Oakland Esperanto club will hold its regular meeting in the music room of the Oakland high school, Twelfth and Jefferson streets, Thursday. Steps have been taken to make Esperanto an elective study in the state and at this meeting a petition will be circulated that Esperanto be taught in the schools of Oakland and San Francisco.

The Esperantists of San Francisco will hold a big all-together meeting March 6 in the Commercial high school, at Sutter street, between Gough and Octavia streets. Plans are being made to organize a new club. The 1913 Esperanto Klub, to take charge of the propaganda for a great Esperanto display at the world's fair.

TRACTION CO. WINS AUTO DAMAGE SUIT

Unanimous Verdict for Defendants When Evidence of Case Is Submitted.

The suit of J. M. Joseph and brother for \$1500 claimed damages due for automobile destruction resulted in a unanimous verdict in Judge Brown's court today for the defendant, the San Francisco-Oakland Terminal Railway Company. The evidence showed that Joseph and brother were driving the automobile at a high rate of speed on the track of the company at Lincoln avenue and the San Leandro road, resulting in throwing the auto about sixty feet. Chapman and Trefethen were attorneys for the defendants.

ANOTHER AVIATOR RULED.
COLOGNE, Germany, Feb. 26.—Bruno Wientzen, an aviator, fell yesterday from a height of 25 feet at Hangar, near Bonn, and was killed.

COMMISSARY OFFICIAL RESIGNS HIS POST.

SAN FRANCISCO, Feb. 26.—David Urquhart, superintendent of the commissary department of the Southern Pacific Company for many years, and in that capacity superintendent also of the Southern Pacific's dining-car department, has resigned his position, the resignation to become effective on March 1. It is understood that President William Spruille of the railroad company has offered the position to Allan Pollok, formerly manager of the St. Francis Hotel and for a considerable time connected with the Panama-Pacific International Exposition, and that Pollok has accepted, although an official announcement to this effect will not be made for several days.

PUPILS SEE THIEF.

SAN FRANCISCO, Feb. 26.—A sneak thief who was observed by pupils in the Jean Parker school on Broadway yesterday, and who ran at the approach of several of the older boys, succeeded in obtaining a considerable sum of money in small amounts by ransacking the cloak room. He was observed going through the coat pockets of the scholars. Miss M. Lacey, one of the teachers, was also a victim, losing \$5.

STATE'S INSANE GIVEN ONLY BEST OF FOOD

SACRAMENTO, Feb. 26.—Inmates of state institutions should be getting fat on the class of food they are now receiving, according to J. Francis Neylan, chairman of the State Board of Control, who said an analysis shows 38 per cent of only \$5 is left in a son, Robert Ramsey. Another son, Ames, according to the will, is to be paid only \$20 a month until he has abstained from liquor for five years. The court provided, however, that he will share equally in the estate with Nellie Ramsey Briedenbach, daughter of the late Mrs. Ramsey.

MUST DODGE CHEERING GLASS TO GET LEGACY

ANTIOCH, Feb. 26.—In the will of the late Mary Remfry of Antioch, which was filed yesterday and which disposes of an estate of \$6000, a sum of only \$5 is left to a son, Robert Ramsey. Another son, Ames, according to the will, is to be paid only \$20 a month until he has abstained from liquor for five years. The court provided, however, that he will share equally in the estate with Nellie Ramsey Briedenbach, daughter of the late Mrs. Ramsey.

STRONG VOICE HELPS SCARE HIGHWAYMEN

SAN FRANCISCO, Feb. 26.—The vocal abilities of Paul Reissman, 807 Octavia street, saved him from losing all of his valuables at the hands of two robbers at an early hour this morning. He was walking along Polk street near Fulton when two men placed a revolver to his head and demanded his coin. He brushed the men aside and shouted for the police. The approach of a pedestrian combined with the noise made by Reissman frightened off the pair before they could search their victim's pockets.

ACCUSED OF SELLING STABLEMAN'S HORSE

Ralph W. Blaisdell, a salesman, was arraigned before Judge George Samuelson this morning on a charge of felony embezzlement for hiring a horse and rig from G. E. Glasgow, a livery stableman of this city, and failing to return it. Blaisdell is alleged to have disposed of the horse.

LIGHT HORSE BATTERY VOLUNTEERS FOR WAR

CHICAGO, Feb. 26.—A light horse battery which has been formed by more than eighty Chicago business men and which is to be one of the first volunteer bodies to offer its services to the country in case of war, appeared in its first regular uniform drill last night.

The battery is commanded by Colonel Martin Foss. Thomas Wilson, general manager of one of the biggest packing houses at the stockyards, was chosen captain. Each member of the battery furnished a uniform, revolver and horse at his own expense. Blaisdell in the town house yesterday else and in case the war does not crystallize it will be maintained as a social organization.

Chronic Stomach Trouble Cured. There is nothing more discouraging than a chronic disorder of the stomach. It is not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle. "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale at Usgood Bros. Drug Stores.

WHAT'LL STOP SOUR STOMACH?

They Act Quick and Relief Is Almost Immediate.

There are some things so exactly right that to mention them brings calm and repose. And to use Stuart's Dyspepsia Tablets gives the stomach just that kind of lift that makes you check up one hundred per cent to the good. Particularly is this true with those who suffer with sour stomach. You feel so mean that you actually hate yourself. And yet in a few minutes these tablets sweeten the stomach, arrest unatural fermentation, start a powerful digestive action and prevent the formation of gas.

These are composed of only such digestants as are approved by the very best of physicians.

Real, live, progressive people want to be around where the activities of life embrace whatever circumstances dictate. If a house party serves a Welsh rabbit go to it. It isn't the easiest thing in the world to digest. But what of it? Stuart's Dyspepsia Tablets will take care of you, keep your stomach in control and your dreams won't see an army of hobgoblins playing ho-ho with your nerves. Many physicians regularly prescribe Stuart's Dyspepsia Tablets for the stomach disorders of patients who are ill with some constitutional malady. They do so for the reason that these tablets are not a patent medicine and their composition is known and recognized as the most approved and most powerful of all digestants.

Stuart's Dyspepsia Tablets are sold and recommended by all druggists at 50c a box.

TROUPERS ENLIVEN TRIP FROM ORIENT

Ferris Hartman and Company
Return on Liner
Persia.

SAN FRANCISCO, Feb. 26.—Ferris Hartman and his stage family returned yesterday on the liner Persia from a successful tour of the Orient. At Honolulu the Persia picked up ten members of the Raymond Teal company, which disbanded there. The result was that the Persia had one of the most interesting and varied groups of its long career as a passenger carrier.

The only member of the Hartman company not on deck was Walter de Leon, who was confined to his bunk by an attack of mumps.

The tour was a big success. All the adventures and romances of the trip have been recorded in a new song written by De Leon and which, in the words of a charming young historian, will "eat 'em alive at the first gobble," which is merely another way of describing the process of "knocking 'em silly."

The girls made friends wherever they went, but all had to be glad to be home. Hartman will remain here for the present, but may make another trip soon, as the one just ended was not only a financial success, but built up his health.

SECOND-HAND FURNITURE DEALERS TO TEST LAW

Dealers of new and second-hand furniture held a meeting Monday evening and formed a temporary organization for the purpose of testing the validity of a city ordinance whereby each second-hand furniture dealer will be forced to pay a license of \$10 per quarter or \$40 per year. The dealers will engage counsel to try the matter out in the courts. A meeting will be held tonight (Wednesday) at the premises of F. Shoo, Seventeenth and San Pablo avenue. Second-hand dealers are requested to be present. The organization is to become a permanent one.

THOMAS R. MARSHALL OFF TO CONFER WITH WILSON

INDIANAPOLIS, Feb. 26.—President-elect Thomas R. Marshall will be the guest of honor today at a farewell banquet tendered him by the Indiana Democratic Club. Marshall will depart this afternoon for Trenton, N. J., to confer with President-elect Wilson.

BACKACHE A WARNING ALL SHOULD HEED

It Is One of the First Signs of
Kidney Troubles, if Neglected,
Serious Diseases Follow.

No one can be well and healthy unless the kidneys work properly and keep the blood pure. When they become clogged up and inactive, nature has a way of warning you.

Backache is one of the first symptoms. You may also be troubled with disagreeable, annoying bladder disorders; have attacks of lumbago or rheumatism; become nervous, tired, and feel all worn-out, puffy swellings show under the eyes or in the feet and ankles; and many other symptoms are noticed. If they are neglected, dropsy, diabetes, or Bright's disease, which so often prove fatal, may result.

It is not only dangerous, but needless for you to suffer and endure the tortures of these troubles, for the new discovery, Croxone, quickly and surely ends all such misery.

There is no more effective remedy known for the prompt cure of all such troubles than this new, scientific preparation, because it removes the cause. It strikes right into the kidneys, through the walls and lining, cleans out the clogged up pores, neutralizes and dissolves the poisonous uric acid and waste matter that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter and drive the poison out of the blood and drive it from the system.

You will find Croxone different from all other remedies. It is not a medicine, it is a natural cleanser. It is so prepared that it is practically impossible to take into the human system without results.

You can secure an original package of Croxone at trifling cost from any first-class drug store. If you are authorized to personally return the purchase price if Croxone should fail in a single case. Three doses a day for a few days is often all that is ever needed to cure the worst backache, relieve rheumatic pains, or overcome urinary disorders.

WILSON'S CABINET HOLDS BRYAN, BUT NOT FISHER

Portfolios Nearly All Given
Away; New Interior Secretary Is Not Known.

Commoner Heads Body of the
President's Advisers; Material All New.

WASHINGTON, Feb. 26.—The personnel of the cabinet of President Wilson, as partially made known last night by information reaching Congressional headquarters, stood today practically unchanged, namely:

Secretary of state, William J. Bryan of Nebraska.

Secretary of the treasury, William G. McAdoo of New York.

Secretary of the navy, Josephus Daniels of North Carolina.

Postmaster general, Albert Sidney Bristeson of Texas.

Some published reports, including the name of Chancellor E. R. Walker of New Jersey, as attorney general, were not confirmed.

The information on which the four portfolios were definitely designated was of a positive character, but it did not include the name of Chancellor Walker. The inclusion of his name in some of the lists made public is based on conjecture and is not in accord with the latest information reaching those in close communication with the new administration. Their advice is to the effect that though Chancellor Walker was considered conditions arose which might eliminate him from the list.

OTHER POSSIBILITIES.

The names of Representative A. Mitchell Palmer of Pennsylvania and Robert L. Henry of Texas as cabinet possibilities also became definitely established during the conferences held at the capitol early today. Mr. Palmer was tendered a cabinet position but declined it. He had been prominently mentioned as attorney general, but as the tender did not cover this portfolio, but another which he did not regard as in his line of work, he concluded to remain in the House of Representatives, where he will represent to a large extent the desires and policies of the new administration as affecting the tariff, currency and other legislation.

As to the interior department, word reaching here today was that the secretary for this department had also been finally determined upon. Although the name was not disclosed early in the day it was said to be not any of those prominently mentioned in that connection. Secretary Fisher's name had been mentioned as a possible cabinet hold-over, but it is now stated that neither he nor any other member of the present cabinet will be held. It will be a new cabinet from top to bottom.

DEATH SUMMONS PROMINENT WOMAN

Wife of Richmond Banker and
Former Oakland Attorney,
Dies in Berkeley.

Mrs. Martha S. Griffins, wife of B. H. Griffins, president of the Mechanics bank of Richmond, died Monday night at the Roosevelt hospital at Berkeley after an illness of only a week. Death was the result of typhoid fever.

Mrs. Griffins was a resident of the bay section for many years and was prominent socially. She was the daughter of Christian Schreiber, well-known in Oakland.

Her husband was formerly an attorney in Oakland, associated with Reed, Black & Reed and with A. A. Moore Sr. He was one of the founders of the city of Richmond and has been intimately identified with its growth.

The funeral will be held Thursday afternoon from Taylor's undertaking parlors, Fifteenth and Jefferson streets. The interment will be private.

SIERRA'S SNOW DEEPER THAN FOR THREE YEARS

PORTERVILLE, Feb. 26.—There is more snow at the present time covering the watersheds of the Tule and White rivers than at any previous time during the last three years. Heavy snowstorms have been raging in the mountains for the past forty-eight hours. In addition to being deeper than for many years past the snow is packed as hard as ice. This condition means ample irrigation water for the coming summer months.

Pastures are better this year than for several seasons, as there has been ample rain in the foothills. The cattle-men generally believe their best is in excellent condition. Pastureage was a little slow in getting started last fall, owing to continued cool weather, but at the present time there is an abundance of feed. Grain men are pleased with the condition of the crop, which is much better than last year at this time.

IRRIGATION SYSTEM UNDER INVESTIGATION

MERCED, Feb. 26.—The State Railroad Commission opened hearing here yesterday of complaints against irrigation companies in the county which will occupy their attention at least a week. The hearings include formal and informal complaints from the East Side Canal and Irrigation Company and the Crocker-Huffman Land and Water Company. At the same time the commission will prosecute its own investigation of water rates charged colonists.

The water users claim that the companies' ditch service is worthless after the middle of the summer and that they are compelled to pay for water that they don't get and that it is not to be taken under the present irrigation systems. They would force the companies to build storage reservoirs.

VICTIM OF BONFIRE ACCIDENT EXPIRES

SAN FRANCISCO, Feb. 26.—Cornelius Donohue, son of J. L. Donohue, a purchasing agent for the United Railroads, who was fatally burned yesterday morning while playing with a fire in the company's dining car at the University of California Hospital this morning.

AN EXHIBITION OF THE SMART

New Styles for Women

At the Moderate Prices for Which This Store Is Famed

The Millinery

is simply indescribable. It is SO different from that of other seasons. More piquant—more fascinating—more beautiful—more charming. The cleverest millinery artists at home and abroad have contributed their best efforts and skill to make our showing one of authority, comprehensiveness and beauty. You will find a visit to our mammoth Millinery Department very enjoyable—and profitable.

The New Suits

are shown in a host of smart, original and exclusive models. Coats are shorter—cut on more becoming lines—and trimmed in very attractive new ways. Skirts are draped. The Bulgarian and Russian styles are both novel and pleasing. The materials are new and rich looking, and some of the colors are novel and distinctly new.

The Evening Gowns

are too beautiful for description. Some are draped with handsome tunics—heavily beaded or handworked with contrasting embroidery in striking effects. In the plainer colors there are many beautiful models.

The New Coats

are literally crammed full of new fashion features. Some are three-quarter length. Others cover the form from shoulders to shoe tops. The three-quarter length coats bid fair to be most popular. Fabrics are very handsome and the colorings—some of them quite vivid—are entirely new.

The New Waists

come in a seemingly endless variety of models. Some are for morning—some for afternoon—some for evening. We are especially proud of our showing of Lingerie Waists. They are made in untellable pretty ways from voiles, ratines and other equally fashionable fabrics, and in some the Bulgarian color-touch is very noticeable—and original.

PERKINS WOULD TAKE RENT FROM DE YOUNG

WASHINGTON, Feb. 26.—Just to prove that the ancient animosity between Senator Perkins and M. H. de Young is not dead the Senator has made it known that he contemplates attaching a rider to the appropriation bill requiring the removal of the army headquarters in the Chronicle building, San Francisco, to an unoccupied building at Fort Mason forthwith.

The government is paying de Young \$15,000 a year rental. It has been urged before now that these offices should be properly with the headquarters of the department. These offices were formerly located in the Pfeiffer building.

Senator Perkins gave out the information yesterday that if he did not get the rider through at the session he certainly would do so at the next and that the army headquarters would have to go to Fort Mason, where he holds they belong.

PANAMA HAT WORKERS CALLED OUT ON STRIKE

NEW YORK, Feb. 26.—Six hundred members of the Panama Hatters and Trimmers' Union were called out today by a strike order. Alleged discrimination against unionism is the reason ascribed for the strike which, it is said, will affect practically the entire Panama hat trade of the country.

COMPROMISE SETTLES MILLION DOLLAR CLAIM

KANSAS CITY, Mo., Feb. 26.—A claim of \$1,040,000 against the Kansas City, Mexico and Orient Railway, held by the American Car and Foundry Company, was compromised by the receivers of the railroad yesterday for \$345,000. The claim was for the balance of \$2,500,000 worth of rolling stock and supplies furnished the railroad since 1902.

The car and foundry company is to receive its pay in cash and receivers' certificates, but in what ratio was not announced.

DIPLOMAT IS DEAD.

NEW YORK, Feb. 26.—Louis F. Carbo, former minister of Ecuador to the United States and long prominent in the diplomatic service and governmental affairs of his country, died here yesterday. The body will be taken to Washington tomorrow for burial.

FORMER GOVERNOR HONORED.

LAWRENCE, Kan., Feb. 26.—John P. St. John, formerly Governor of Kansas and who once ran for President of the United States on the Prohibition ticket, was the guest of this city yesterday when all the citizens joined in a celebration of his eightieth birthday.

HAIR STOPS FALLING; DANDRUFF DISAPPEARS; 25-CENT 'DANDERINE'

Save Your Hair! Beautify It! Invigorate Your Scalp! "Danderine" Grows Hair, and We Can Prove It.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you will actually see new hair, fine and downy at first—but really new hair—growing all over the scalp.

A little Danderine now will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small

OAKLAND CIVIC CENTER TO HEAR SPEAKERS

J. W. Phillips of the Oakland Chamber of Commerce will deliver an address before the Oakland Civic Center at its meeting Friday. His subject will be "The City of Oakland: Its growth from a small town to a live manufacturing center."

Miss Anita Whitney, president of the California Civic League, will speak on "Civic Work of the East," with special reference to New York, Boston and Philadelphia.

Miss Whitney recently returned from a trip to the East, where she attended the convention of National American Women's Suffrage Association of which she was elected second vice-president.

The meeting will be held at 2 p. m. at the Chamber of Commerce, and will be presided over by Mrs. Cora E. Jones.

SEAT OF CONFEDERACY POSITIVELY IDENTIFIED

RICHMOND, Va., Feb. 26.—A cabin-gran from London announced tonight that the English makers positively had identified the great seal of the Southern Confederacy, purchased last year by Richard B. Smith, and sent abroad for the purpose of establishing its authenticity. The seal is regarded as the most valuable Confederate relic.

DEATH OF BISHOP INVOLVES VAST WEALTH

KANSAS CITY, Mo., Feb. 26.—To transfer the millions of dollars worth of property included in the 23,000 square miles of the Kansas City Catholic diocese from the name of the late Bishop John J. Hogan to that of his successor, Bishop Thomas F. Lillis, it will be necessary to file a copy of Bishop Hogan's will in every county of the diocese, Bishop Lillis announced tonight.

The property included all the churches, parochial residences, school property, diocesan institutions and cemeteries.

A HARD WINTER

For People in Poor Health

Winter with its sudden changes is particularly trying for old people of those who suffer from a weakened condition, chronic coughs, colds or bronchitis. But if such persons would only apply common sense methods in the treatment of their condition much discomfort and suffering might be avoided.

The most essential thing to do is to build up strength, catch the blood, increase vital resistance and to accomplish this nothing equals Vinol, our cod liver and iron tonic without oil.

Mrs. H. Hartmann of Albany, N. Y., says: "I was in a run-down condition for about five years until this spring when I learned what a great tonic and strengthener Vinol is. It is certainly the best I have ever used and I have done wonders for me."

Old people delicate children run-down or over-worked and tired women, those suffering from bronchitis, chronic coughs and colds should try a bottle of Vinol. We will return your money if it does not help you. The Owl Drug Co. Oakland, Cal.

PROPOSED BILLS

TO BE DISCUSSED

Meeting Friday Between Home Delegation and Manufacturers' Committee.

Several bills which the manufacturers' committee of the chamber of commerce consider of paramount importance to their interests are to be discussed with the Alameda county legislative delegation at a meeting that has been called for next Friday afternoon at 4:30 o'clock.

Among the most important bills to be considered is Senate bill No. 166, amending the existing eight-hour law for women employees with reference to women and girls working on perishable fruits and vegetables. Another is Senate bill No. 502, making workmen's compensation obligatory instead of voluntary, as under the existing law.

The following letter has been sent to the ten members of Alameda county:

"This organization numbering 329 manufacturers and employing about 1200 people is deeply interested in some of the legislation that will be considered when the Legislature re-convenes. These bills which vitally effect our interests have been discussed at our meetings and our executive committee is confident of your time earnestly ask your presence at the chamber of commerce next Friday afternoon to discuss these measures before your return to Sacramento."

(Signed) "FREDERIC BOEGLI, JR., Secretary."

BLOSSOM FESTIVAL

WIDELY BOOSTED

Hayward Publicity Committee Busy Preparing to Advertise Annual Affair.

HAYWARD, Feb. 26.—New schemes for the Hayward blossom festival have been evolved by the committee in charge of the arrangements for the festival. A baby show will be held, and several hundred babies will be paraded round the city. Cups and other prizes will be awarded the winning babies in the different sections.

An Oakland ball team will play a Hayward team on one of the days of the festival. Another sporting event, which will keep things going well, is a six-mile race from Hayward to San Leandro. The principal events will be reproduced on the motion picture film, so that other towns and cities may have a part in the festivity of witnessing Hayward's bustling activities.

The advertising committee have had several thousand postcards printed which will be distributed to advertise the festival. The executive committee will meet again today and arrange further details.

HIGH SCHOOL JUNIORS

PLAN FOR BIG DANCE

The junior class of the Oakland High School, which is the largest organized class in the school, are making plans for their semi-annual dance which will be held in the High School gymnasium on April 18. The dance committee appointed by President Robert Stoops includes Thomas Graves, chairman; John Bunnell, Harry MacCallister, Helen MacCallister, Orville Caldwell, Preston Snook, John Gray and Robert Stoops. The junior dances have for a long time been the most popular of the school dances and the present class will work hard to maintain the standard.

The other officers of the junior class are Alice Crellin, chairman of the publicity committee; Joseph Maloney, treasurer; and Norris Shindler, sergeant-at-arms.

SENIORS SELECT CLASS PIN.

The Low Senior class pin, which has just been selected, is one of the prettiest pins chosen for a long time. The pin is of 14-karat gold and a small black "O" in shape. In the center of the pin is a skeleton number "13" of the class. The class colors, blue and white, are carried out by blue sapphires and pearls in the "O." The pins were only selected after a long investigation and are made by William Clark, a former member of the school.

LATEST NEWS FROM OUTSIDE TOWNS

\$160,000 FOR NEW RICHMOND SCHOOLS

Superintendent Helms Holds a Conference With County Official.

RICHMOND, Feb. 26.—Superintendent of Schools C. W. Helms returned from Martinez today where he was called to confer with County Superintendent of Public Instruction Hamilton relative to the proposed bond election to build a new school building for the city. Helms is in the city for the purpose of discussing the fact that the school board is somewhat mixed up in the plan to call on the county school superintendent for assistance in straightening out the mess. The old school district were described by referring to the boundary lines of the different tracts in the city, but as about everything in the city has been subdivided into lots within the corporate limits of the city, the boundary lines will have to be described more accurately. To that end, the city engineer will be called upon to make a survey after which the necessary legal procedure will be started to call the election.

It is thought that the amount of money necessary to acquire a site and erect the necessary buildings to give the school of Richmond relief will be in the neighborhood of \$160,000. When the last buildings were erected it was thought that Richmond had provided school facilities for many years to come but the school authorities were disappointed. The school buildings although only recently erected are at the present time overcrowded and the extreme east side and the Pullman district needs better facilities. The call for the bond election will be made within the next two weeks.

NEW CLUB SEEKS USE OF ARMORY

Capt. J. J. Borree States Conditions on Which Hall May Be Secured.

HAYWARD, Feb. 26.—In connection with the granting of the Hayward armory for the use of the members of the Young Men's Athletic Club, Captain J. J. Borree of Company H National Guard, has made the following proposal:

"Since there are many eligible young men in the athletic club and Company H is five men short of the athletic club, I am anxious to see the club recruited to the required number and help keep it fully equipped they could have the use of the armory for one night each week free of charge. I have no authority to donate the armory to a young men's club with young men eligible to join the company, while the company is below the required number."

"The armory is government property and to be used for military purposes. The members of company H are paying for the armory and all privileges which accrue therefrom by attending to their military duties."

The athletic club is to discuss what steps they will take to secure the use of the hall.

WARE ISLAND TO BID ON NEW U. S. TENDER

VALLEJO, Feb. 26.—Ware Island navy yard has been asked to submit a bid on a tender for a destroyer flotilla, a ship for which the last Congress appropriated \$1,315,000. The ship is to be built along similar lines to the Irls, the parent ship of the flotilla in Pacific waters, but will be more modern in every respect, and will be equipped with a floating machine, which will be able to repair disabled destroyers in time of war in case it is impracticable or impossible to reach a navy yard.

Mare Island officials regard this as a much better job than a collier and are awaiting the detailed plans and specifications which are due here the latter part of the week.

ATHLETIC CLUB WILL PARTICIPATE IN FESTIVAL

HAYWARD, Feb. 26.—The Young Men's athletic club held a meeting last night and outlined plans for the conduct of the club. The club decided to hold the blossom festival and other sporting events to take place during the festival.

Instructor R. Robinson, who is supervising the physical training both of the Young Men's and Boys' clubs, stated that things were now in full working order.

RICHMOND NOTES

RICHMOND, Feb. 26.—The women of the Richmond club are sending a donation to the new library at Victoria Creek a box of books on current literature, the new library there being under the auspices of the Woman's Improvement club of that town.

Cashier J. C. Shepherd of the First National bank is to build a new and modern bungalow residence at Eleventh and Barrett City Architect Osborn is planning the plans.

W. H. Sanford will build a new brick building on Macdonald near Twenty-third. The Richmond Elks initiated nine new members last evening and ended up the evening with one of those fine banquets for which they are famous.

Mrs. Mary E. Gibb yesterday sold through Conn Brothers the business block on Macdonald avenue between First and Second streets. The price paid was not made public.

Investigation of the water rates and report submitted by the Peoples Water company will be made by the city officials Friday, with a view of fixing the rates for the coming year. It is not thought the present rates will be low.

An ordinance was ordered printed last night at the council meeting prohibiting all musical devices in saloons and cafes. Mrs. W. D. Hartley rendered a report to the women of the Richmond club of the proceedings of the Federation convention at Oakland at the meeting in the library yesterday.

The baseball game played by the Santa Fe teams of this city and San Bernardino at the latter town was declared to be a tie.

A big winter party and concert will be given Friday evening at Eagles hall by the city band for the purpose of raising funds for the band.

CARNIVAL PLANS ARE DISCUSSED FOR FRUITVALE

R. E. REEVES.

FRUITVALE, Feb. 26.—The committees appointed by Fruitvale Aerie No. 1375, Fraternal Order of Eagles to make arrangements for the big Fruitvale carnival in May is to discuss plans at a meeting Thursday night. The Aerie is to spare no effort or expense to make the carnival a noteworthy affair, and the fair queen who is fortunate enough to be the choice of her subjects from among the many eligible young women of Fruitvale will reign over revels planned on a splendid scale.

YOUNG MEN WILL FORM SOCIETY

Social Club Meetings Held Monthly Will Continue Through Year.

HAYWARD, Feb. 26.—A Methodist Brotherhood will probably be formed in Hayward next month, when a large meeting will be held by young men of that town who are interested in the formation of such a body. Prominent speakers from San Francisco are to address the meeting.

The young men who contemplate joining the brotherhood at present hold a monthly social at the house of the late Irving E. Thompson, minister of the Methodist church. Besides enjoying music and entertainments those who participate in these socials discuss events in church and social life. The social evenings have proved very popular, and the members have decided to continue them throughout the year.

The following officers have been appointed to take charge of the arrangements for these socials: Program committee, Professor A. W. Armistead, C. D. Hough and Leroy Pratt; refreshment committee, J. W. Dodson, H. B. Williams and E. W. Johnson.

FORTY ENLISTED MEN VICTIMS OF POISONING

VALLEJO, Feb. 26.—Forty enlisted men attached to the cruiser Mary, and California are suffering from aggravated attacks of lead poisoning and the condition of twenty of the men became so serious that they had to be taken to the Mare Island hospital, where they are receiving expert treatment.

The men had been working in the strong red paint in the bunkers and there, the new library there being under the auspices of the Woman's Improvement club of that town.

Cashier J. C. Shepherd of the First National bank is to build a new and modern bungalow residence at Eleventh and Barrett City Architect Osborn is planning the plans.

W. H. Sanford will build a new brick building on Macdonald near Twenty-third. The Richmond Elks initiated nine new members last evening and ended up the evening with one of those fine banquets for which they are famous.

MELROSE POLICE WANT FREE DRINK

Ask for the Same Privileges Enjoyed by Brother Officers Everywhere.

MELROSE, Feb. 27.—The staff of the Melrose police station is this day a body of men that think only of the fact that they do object to being the only section in Oakland who are obliged to pay for their own drinks.

The drink section is a body drawn up by Sergeant McClintock is quite an appalling total. Why we can't have one through all that aspect Captain Thomsen from as he surveyed the drink bill.

Well we don't blame it all on Captain Thomsen the truthful McClintock. You remember he was left running on two occasions and the previous shift was lost.

The Melrose staff filed forward in order and paid their dues. They are now considering the advisability of signing their names to a letter composed by Sergeant McClintock asking that the Melrose police be given the same drinking privileges as those accorded the rest of the force. Sergeant McClintock is gifted with fluency of expression and the epistle, which is written in an appealing strain, the staff considers would win water from a stone. They are skeptical, however, as to whether they will have the desired effect with the authorities.

"Why," states Sergeant McClintock, in effect "should we have to pay in a stock of bottles at our own expense? Why shouldn't we be accorded the same privileges as the rest of the Oakland police who are allowed to drink at the expense of the municipality. In a line bust of lots thought the sergeant closes with an appeal. 'Why shouldn't water be as free as the air we breathe'."

The plant of the Melrose police which the sergeant has so vociferously based on the ground that every month they have to pay for their supply of drinking water brought in by the water company while the rest of their comrades on the force can drink water to their hearts content, free gratis and for nothing.

COUNCILMAN PLANS HOT WATER BATH-HOUSE

RICHMOND, Feb. 26.—If the plans of Councilman D. J. Garrard go through, as seems more than likely the people of Richmond can take a bath in large quantities of hot salt water from the ocean and heated free of charge by the Standard Oil Works at any time of the day or night they desire and at a very nominal cost. Garrard has been figuring out this public bathhouse plan for a couple of years and now has it ready in a tangible form. He addressed the ladies of the Richmond club yesterday afternoon on the subject of municipal government by their request, and made a good thing of it. He spoke of the hot water of an expert on the subject with long years of experience. At this meeting, in the library the councilman dwelt at some length upon his public bath plan and the women's club gave it their hearty endorsement.

It is pointed out by Garrard that the Standard Oil Works here discharge 35,000,000 gallons of hot salt water every day in the year into the bay, after pumping it out and throwing it around the oil wells for contamination, which heats the bay and the people who live near the refinery it could establish a public bath house free to the people at a small cost, or it could be piped to any part of the city desired.

The wonder is that some individual or company has not thought of this most feasible plan long ago, and put it into effect at great profit and it is certain that if the city does not take the project up and put it into effect there will be plenty of others to do it but the people would then have to pay for their baths instead of getting them free from a municipally owned establishment. Praises are due to Councilman Garrard for the plan and to the ladies of the Richmond club for their endorsement of it.

TO HOLD SOCIAL.

RICHMOND, Feb. 26.—The Ladies' Aid Society of the Presbyterian church will hold a social in Sequoia Hall tomorrow evening. An elaborate program has been arranged for the occasion, which will include both literary and musical features. There will be booths for the sale of different useful articles, such as notions and candies. The proceeds will be used to swell the building fund of the church as the ladies' aid has pledged a definite sum for that purpose.

Drummer's Dilemma

My house failed. I must sell the contents of my ten big sample trunks to raise money to pay my hotel bills and get back to New York.

My house, which was one of the finest on Broadway, made a splendid business and young men's hand-tailored high class suits to sell from \$15.00 to \$35.00.

There are 250 garments in the entire sample outfit and in order to raise sufficient cash to defray my expenses to New York I will sacrifice these fine suits at 40 cents the dollar of the actual cost of production.

These garments are positively the latest for spring and summer of 1913. \$15.00 suits for \$6.75; \$25.00 suits for \$10.00; \$35.00 suits for \$13.75. Sale now on and will end Saturday night. CLAY 14TH AND 15TH OAKLAND

SALT, IRON, STEEL AND OTHER IMPORTS HEAVY

PVLADIVOSTOCK, Feb. 26.—Salt amounting to about 44,000 tons was imported for local consumption, 1.7 per cent of which was Russian salt. The question of replacing foreign with Russian salt in the Far East has been the subject of much discussion in trading and industrial circles, and there was even a proposal to impose a duty on foreign salt. The subject is still under discussion. The replacing of foreign coal with the products of the local industry has also been discussed and the plan is thought to be feasible. The importation of Japanese coal in 1911 increased over 1810 by 54 per cent because of the absence of a Russian coasting fleet that could supply the Vladivostok demand with

Salt. The imports of iron and steel goods from abroad in 1911 increased by 3,807 tons. The demand of the local market for iron goods is strong. The imports from European Russia represented only about 18 per cent of the total, a proportion that clearly shows the dependence of the iron market on the foreign producer, although rich deposits of iron ore are located in the Maritime Province.

There was a marked decrease in the importation of building material into Vladivostok in 1911, amounting, in the case of bricks, alabaster, and cement, to 14,371 tons. A sharp decrease in the importation of foreign bricks is explained by the fact that during 1910 and 1911 nearly all the local construction committees have equipped their own brickworks and some of the existing brickyards have increased their output.

PORCH CLIMBERS ARE SUCCESSFUL IN HAULS

SAN FRANCISCO, Feb. 26.—A porch climber made his way into the home of Harry Francis Davis, the local realty broker, 1000 Lake street, last night, while the family were absent and searched the upper floors. Davis returned home shortly before midnight and found that jewelry to the amount of \$95 had been taken. Peter Carlson, of 1815 Castro street, reports that a thief broke into his residence by a window and stole his wife's jewel case containing valuables, to the amount of \$100.

Molten Savage, of 2701 Twenty-first street, was visiting at 304 Fair Oaks street, last night, when someone stole his motorcycle valued at \$250.

So diversified are the styles that we can meet the demand for extreme effects as well as the practical requirements of women whose tastes are conservative.

Abolish the Tax on Education.

There is pending in the Legislature an amendment to the State Constitution, introduced by Senator Gates of Los Angeles, which should pass. It reads as follows:

"Any educational institution of collegiate grade, within the State of California, not conducted for profit, shall hold exempt from taxation its grounds, not exceeding one hundred and sixty acres, its buildings and equipment, bonds and other securities, used exclusively for the purposes of education."

There are many reasons why a tax should not be levied on the diffusion of knowledge. Churches are exempted from taxation, and institutions for higher education which are not conducted for profit deserve the same consideration. Public policy should forbid levying a tax on property devoted to the cause of education, property which does not and never can yield a profit to anyone save those benefited by the educational advantages it provides. The principle on which our public school system is founded is diametrically opposed to taxing property employed in educating the youth of the State in the higher branches of learning.

The selection of the institutions to be exempted could be made by an examining committee appointed by the Legislature or by the State Board of Education. Some authority of the State itself could examine the work and standards of the colleges in question and make the decision. The colleges that will probably be exempted are: University of Southern California in Los Angeles, Occidental College in Los Angeles, Pomona College in Claremont, Whittier College in Whittier, the Baptist University in Redlands and Throop Polytechnic Institute in Pasadena. In this part of the State, Mills College in Oakland, College of the Pacific in San Jose, Santa Clara University, San Jose, St. Ignatius in San Francisco, St. Mary's College in Oakland.

Two useful and high-class colleges in Oakland—Mills College and St. Mary's College—will be benefited by adopting the Gates amendment. Mills College is the only institution of collegiate rank exclusively for women on the Pacific Coast. It has been built up and endowed by private benevolence, and it is unjust that a property so given and so devoted should be taxed. The same is to be said of St. Mary's and other institutions of like character.

For another thing, the colleges which the State does not maintain, and which do not inflict any burden on the taxpayers, lighten the cost of maintaining the State University and the Normal Schools. If they were not in existence, the attendance at the State institutions would be largely increased, which would necessitate the expenditure of more money derived from the proceeds of taxation for their maintenance. If we did not have the sectarian and so-called private colleges, the cost to the taxpayers for higher education would be much more than it is. Under the present system we are actually taxing private enterprise and benevolence for providing increased facilities for education and relieving the taxpayers of a portion of the cost of education.

In whatever light viewed, the Gates amendment harmonizes with the principle of justice, the cause of enlightenment and the policy of good government. THE TRIBUNE hopes the Legislature will submit it to the approval of the people.

A Cuckoo Railroad Policy.

Many years ago when anti-railroadism was acute in the Middle West a settlement of the whole issue was proposed. A railroad company was to be permitted to only keep engines and cars for hire to individuals. When a man had a carload of freight to ship he was to hire an engine and car, load up and go whizzing to his destination. This came to be known as "the livery stable plan." But as the roads were all single track the difficulty of "geeing," when another man's rig was met, caused it to be abandoned without trial. A man by the name of Coffin got up the plan and was hailed as a Solomon in railroading, until his name took on a sinister meaning by the discovery that his plan would be a coffin-filler only.

The cuckoo is a bird that leads a carefree life by not building a nest of its own, but lays its eggs in a nest built by another bird. The unscrambling of the Union and Southern Pacific is halted by the wisdom of our State Railroad Commission, which insists that all roads shall have a common right to use certain of the unscrambled tracks and terminals. This is the cuckoo plan. Under it California would probably have no more rail tracks, terminals and industrial side tracks. Railroad capital will not build nests for the cuckoo.

Government by Don't.

The Sacramento Bee utters a timely protest against negative government. It has grown tired of progression by forbiddance. It objects to being confronted by the everlasting don't. It perceives that constructive genius is absolutely lacking in legislation that puts everybody and everything in bondage to prohibitions and limitations. Under the caption of "Too Much Dampfool Legislation" C. K. McClatchy, editor of the Bee, thus relieves his mind:

"If there be one thing more than another that ruins the disposition of children, and absolutely forces them into a craving for forbidden fruit, it is the rasping, tantalizing, never-ending 'Don't' government of some parents.

"It is 'Don't' do this and 'Don't' do that from morning until night.

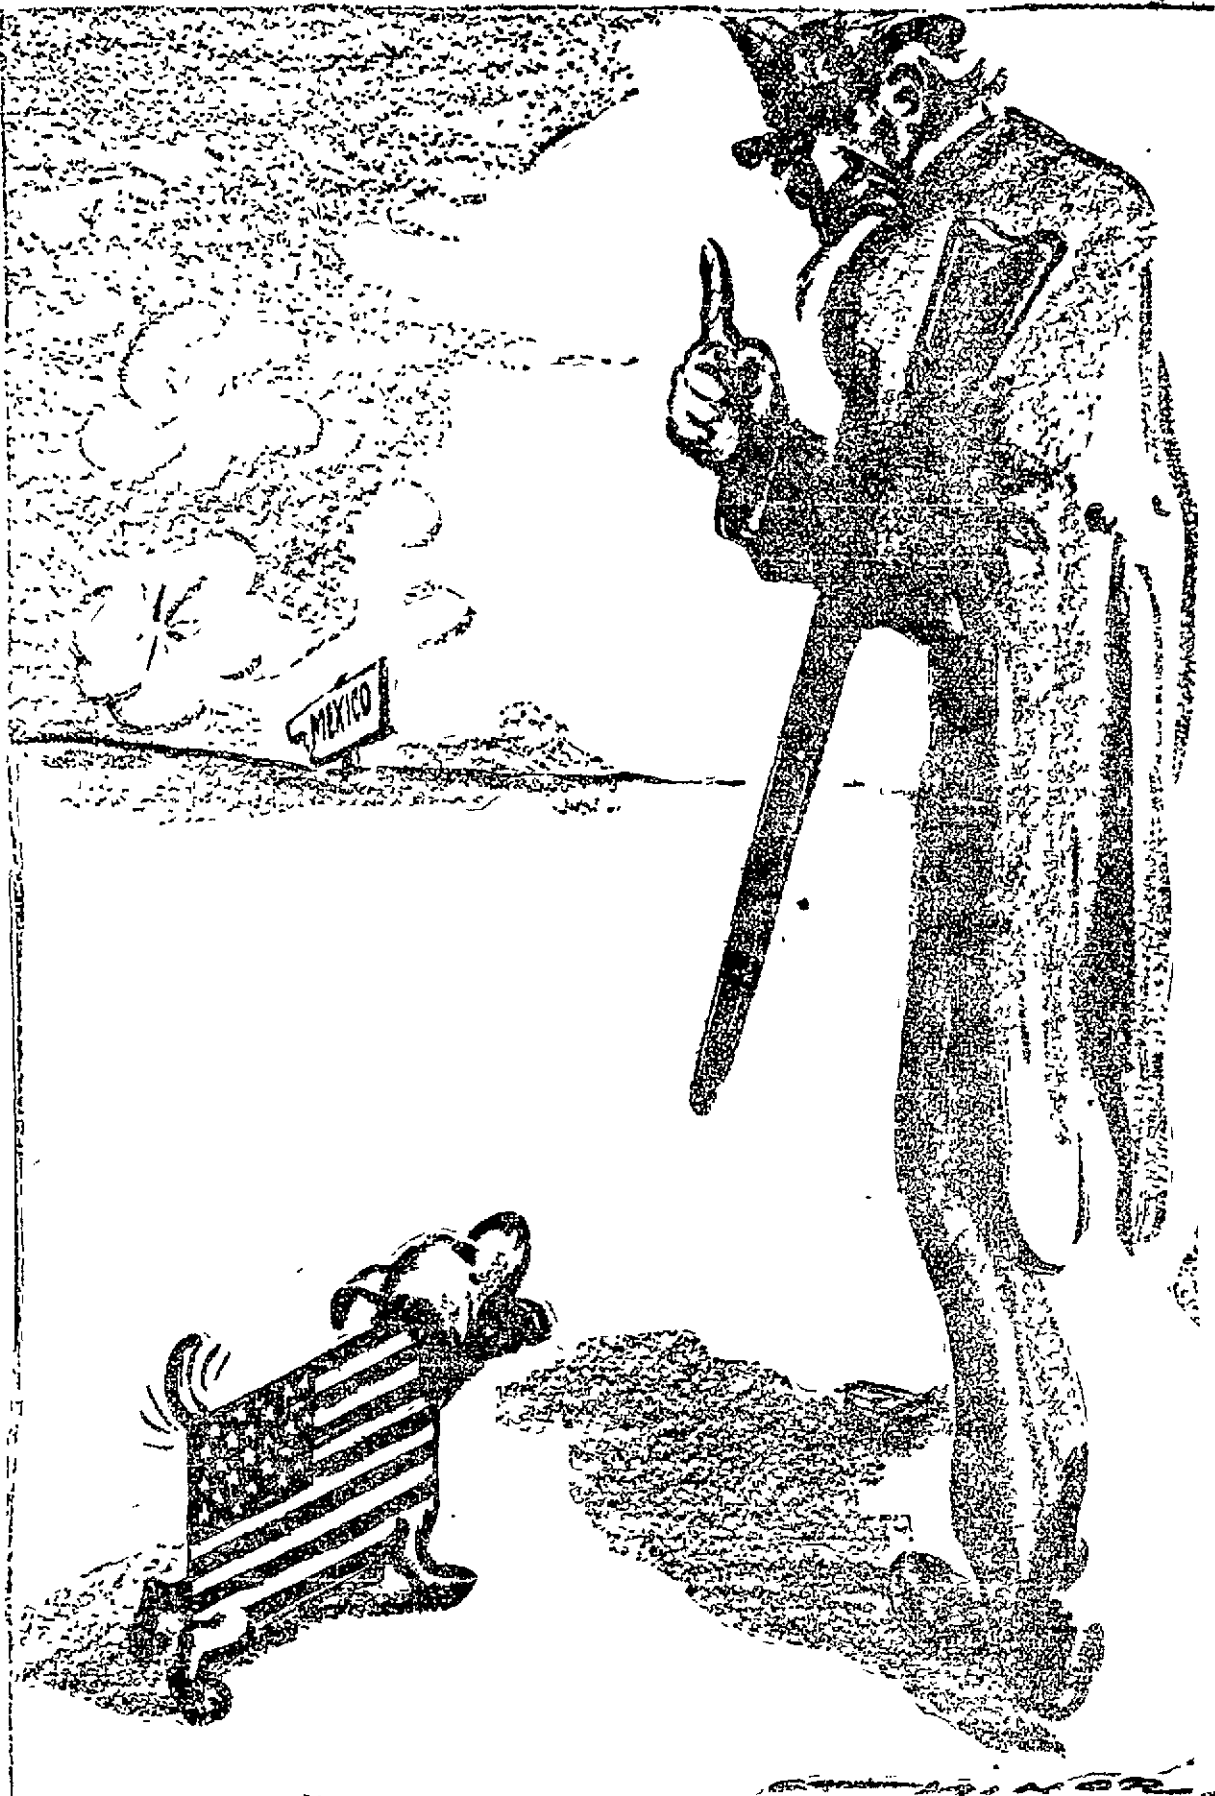

"The poor little tot, the pitiful martyr to idiotic parental tyranny, no sooner has eyes awake than a 'Don't' shrieks through the house

"It is 'Don't' tie that knot that way; 'Don't' go near that window; 'Don't' be seen with that nasty boy; 'Don't' go here and 'Don't' go there; 'Don't' get any dust on your shoes; 'Don't' soil your dress; 'Don't' dare to eat any candy; 'Don't' drink so much water; 'Don't' touch a flower; 'Don't' go off the front sidewalk; 'Don't' be one second late for lunch; 'Don't' go out of the house until it is cooler; 'Don't' play with that cat; 'Don't' allow that dog in the yard; 'Don't' think of going out after sundown; 'Don't' go into this neighbor's yard; 'Don't' ever speak to that neighbor's child; 'Don't' cross your legs; 'Don't' walk so; 'Don't' talk so; 'Don't' eat so; 'Don't' go to sleep so

"There is a class of legislators and a concourse of self-appointed legislation experts and creators who are working overtime in frantic endeavors to force all mankind to do nothing except in the manner these mentors have decided themselves and God approve.

"These self-laundered dictators—who, like Napoleon, have lifted the crown of authority to their own heads—would not, if they could have their way, allow men or women to walk any path not

mapped out by themselves and sprinkled with the holy water of their approval.

"They aim to flood the statutes with 'Don'ts'—to overwhelm the codes with dampfool legislation which would treat The People as so many diapered infants."

In all of which we heartily concur, and we congratulate Mr. McClatchy on having discovered the futility of nursery government. Progress, consists in doing things worth while. We are cursed with a set of self-styled progressives (we are not speaking in the narrow partisan sense) who are bent on building a picket fence of "Don't" about everybody and everything, who want to regulate the length of sheets in lodging houses, the cut of beards and the size of turnips. Civilization was not built up by putting mankind in leading strings. Thomas Jefferson defined the best government as the government that governed least. Professed disciples of Jefferson are trying to create an ideal government by statutory enactments restricting human activity of every kind. They are trying to make men moral by statute, by curtailing personal liberty in every direction, and by making every man a creature of the law. They are reversing the rule that the law is made for men and making men for the law. They have forgotten, if they ever knew, that the essence of good government where government of the people prevails is the virtue of the governed. They are striving to create patriotism by legislation and instill virtue by filling the statute books with forbidden signs.

Legislating for the people has taken the form of legislating the people out of all liberty. The people are treated as imbeciles or helpless cripples, unable to think or do for themselves. Their pragmatic guardians do not think they are fit to be trusted, but must be hobbled, blindered and hogtied to prevent them from doing themselves hurt. In consequence our government is becoming the most meddlesome and intrusive on earth. It is nursery government gone mad. But there is hope when our Sacramento contemporary is so far recovered from its obsession as to revolt against government by "Don't."

The English suffragettes who are using dornicks and dynamite, boast that they evade punishment by a hunger strike when they are put in jail. Why not leave victuals and a box of chocolates in their cells and let them starve if they want to?

SENATOR BOURNE CAUSE OF GOSSIP

Wife Said to Have Left Him Because of Idaho Beauty.

WASHINGTON, Feb. 26.—Mrs. Jonathan Bourne, wife of the Senator from Oregon, it was declared last night, took French leave of her husband yesterday, departing for Oregon and intimating that she would bring action for divorce and would name an attractive young woman, an employee of the Senate, as co-respondent. Senator Bourne admitted this evening that his wife had packed her trunks and penates and departed for Oregon but beyond that he would not discuss the report which occasioned so much interesting gossip at the Capitol.

Senator and Mrs. Bourne live at Stoneleigh, but, it is said, have occupied separate apartments for some time—ever since, in fact, Mrs. Bourne returned from an extended trip in Europe. Among other things, it is said that former President Roosevelt broke with the Oregon Senator because of scandals connecting him with women, and that President Taft had snubbed him for the same reason. Neither of these reports can be confirmed.

The woman said to be the cause of the break in the Bourne family is from Idaho and is employed in the Senate office building. She is a remarkably attractive woman of the tunic type, with dark, full eyes, auburn hair and a splendid figure. It will be charged during the proceedings that this woman has frequently accompanied Senator Bourne on some of his campaign trips and they have been inseparable companions on the drives, at fashionable restaurants and at the theaters.

MOTHER IN SAN FRANCISCO. Mrs. Bourne is a daughter of Mr. and Mrs. Franklin Wyatt, the latter still living and residing in San Francisco. She is highly educated and has traveled extensively. She is artist and about four years ago took up the art of bookbinding.

For years she has been an ardent suffragette and has contributed generously to the cause and has been a dominant factor in the recent victory for suffrage in Oregon.

DIVINE SARAH HAS BRAND NEW ROLE --EKE ROLL

Great Actress Drives Business Manager Into Tears With \$1000 Bill.

Commands Puncture Orpheum Manager's Sang Froid; He Hurries, Too.

At 3 p. m. yesterday Miss Sarah Bernhardt handed Edw. J. Sullivan, her manager a thousand-dollar bill. At 3:01 p. m. of the same day Bernhardt had finished uttering a command that was responsible for Sullivan doing a marathon. George Eby, Orpheum manager, doing likewise—verbally.

Two telephone lines heating up with a score of emergency calls. Four messengers on their way to as many banks with the same number of pleas.

A sheaf of telegrams to nearby cities. Tears in Sullivan's eyes. A mutilated cigar between Eby's teeth. Despair!

Low Tellegen was to blame for it in the first place. Bernhardt's leading man was translating the morning papers for the actress yesterday, when he chanced upon six lines of innocent appearing type. He read them. Bernhardt was interested.

"Read that over," she asked. Tellegen did. It was this dispatch from Washington, February 24.—The new nickel of Indian head and buffalo design will be put into general circulation on Saturday. Already the treasury department has received applications from banks for more than 2,000,000 of the new coins.

"Two million nickels," murmured Bernhardt. Then she said no more—at the time. But when the Orpheum was reached she sent for Sullivan.

"What she told him left him gasping. 'But Madame,' he managed to whisper. 'Yes,' insisted Madame; 'souvenirs for the folks at home'.

Sullivan started to say more—but only started. Bernhardt is a great actress. Also, she is a woman. She wants what she wants when she wants it, and there is no record of her not getting it.

"You heard me?" she demanded of Sullivan. "Now go out and do what I want."

Sullivan staggered to Eby's office. He thrust a sheet of currency in the theatrical man's hand. His tear-filled voice uttered a few broken words.

Mechanically, Eby reached for telephone blanks, a bank directory, the telephone. He halted at the receiver.

"Did you explain there will be but a few circulated here?" he asked. Weepingly, Sullivan bowed assent. "You're sure you heard aright?"

"I know I did," wailed Sullivan. "Perhaps," said Eby, his voice husky; "perhaps you'd better tell me again. It may be I do not get you."

Sullivan choked off his sobs. "Madame Bernhardt," he faltered, "Madame Bernhardt wants a thousand dollars worth of new nickels."

"Get me the San Francisco mint," whispered Eby to the girl on the switchboard.

LIKE AUTO DIANA. Miss Sarah Bernhardt appeared in two new roles yesterday morning, when she turned hunter and fisher, catching a dozen of the finny tribe and shooting a wild duck from the Southern Pacific mole in Oakland. With her manager and several members of her company, including M. Lou Tellegen, the leading man, she went to the Southern Pacific company's pier that leads to the ferry landing and had the pleasure of angling and shooting on a clear California morning.

The rules of the corporation were suspended for the benefit of the great French actress. She is probably the first person accorded such a privilege. She returned to the Oakland Orpheum yesterday afternoon radiant at her success and so enthusiastic over the newly-discovered recreation that she decided to charter a tugboat and make a longer excursion tomorrow.

Accordingly, she made arrangements with the Oakland Launch and Tugboat Company for the use of the tug, Chilo. A party somewhat larger than the one which accompanied her will board the boat at 7 o'clock this morning and an excursion will be made to some point in the bay where she feels she knows to be good. She will take her physician with her, as well as a number of the company.

Bernhardt has for many years been an ardent sportsman and other outdoor sports, but she said yesterday that hunting and fishing had heretofore been among unknown delights to her.

Rare Beauty of Line and Style Characterize These Masterfully Tailored Suits

The Brief Story OF THE New Styles

In sharp contrast to the sober-hued, severe styles of Fall comes the freedom, the novelty and the gay colors of Spring—notably the vivid Bulgarian colorings that characterize the trimmings.

Coats will average 24 to 28 inches long, distinguished by the cutaway or rounded effect, with a tendency for colorful trimmings.

Collars, cuffs and revers come with bright colored silk contrasts.

Plain or Draped Skirts
The popular effect for skirts will be strictly tailored or various draped effects.

Material and Most Popular Colorings
Serges, eponges, black and white checks, striped worsteds, hard finished diagonals and Bedford cords will be most in use. Gray, tan, blue and black will be popular shades.

WEST IS FIRST ON DIVORCE RECORDS

Stringent Laws of the United States Send Dissatisfied Couples Here.

NEW YORK, Feb. 26.—A commission on marriage and divorce has been organized at the Aldine club after speeches and a report by Francis Miner Moody, secretary of the committee on divorce appointed by the California legislature in 1911. Moody said the Pacific Coast was the greatest divorce region on earth. Montana, Nevada and Colorado lead in the mountain states, and Illinois, Indiana and Michigan in the middle west. Ten middle western states had granted more than half the divorces in the nation in the last forty years, with Illinois in the lead with 120,000, he said. California, with one-eighth the population of New York, has had 6000 more divorces in the last forty years.

New York need not pride herself on that fact, Moody declared, for she was responsible for one-tenth of all the divorces in the United States and sends her troubled ones into other states to gain residence and get their divorces there. Moody's figures showed that divorces in the United States had increased three and a half times as fast as the population.

The commission declared its intention of trying to arrange state laws, to get federal law and to work for international law. It expects to promote local associations.

BURGLAR GETS AWAY WITH HUSBAND'S SUITS
SAN FRANCISCO, Feb. 26.—When Mrs. Caldwell, the wife of the local automobile man, heard a noise down stairs in the garage beneath her residence, at 1801 Hayes street, last night and investigated, she came face to face with a burglar, who brushed past her wearing a suit of her husband's clothes. The man had gained entrance to the residence, stolen some jewelry upstairs, treated himself to two suits of Caldwell's clothes and then calmly descended to the garage to change for his own shabby attire. The police were notified and a description of the burglar furnished.

Pretty School Girls Will Attempt to Gain Physical Perfection.

MONTCLAIR, N. J., Feb. 26.—By a strict régime and according to "social sport" rules which they have adopted the girls of the Montclair High School expect to become as near perfect physically as possible by the end of the term of May.

School girls must take as much as one hour's exercise each day, and when walking is the daily exercise it must be taken at the rate of three miles an hour.

The girls who have an unbroken record until May 13 will be entitled to wear the "class numerals."

ANGRY WALRUS ATTACKS 2 GIRLS
Rare Animal Appears in Narragansett Bay With Native Temper.

PROVIDENCE, R. I., Feb. 26.—Two young daughters of Martin Thompson, keeper of Sandy Point Lighthouse, on an extremity of Providence Island, in Lower Narragansett bay, had a thrilling experience yesterday in escaping from an angry walrus the first of its kind, as far as known to the islanders.

Thompson, from the lighthouse, spied what he thought to be a seal several hundred yards off shore. His daughters, Nellie and Beulah, set out in a rowboat to investigate.

On hearing the creature they found it to be much larger than a seal and to have tusks more than two feet long. Suddenly the animal started for them. The girls sprang into the boat which was reached only a few yards ahead of the walrus which, seeing that the race was lost, headed back for the open water.

We respect gray hairs, but generally feel that a bald head is in another category.

BARS BUTTONS UP BACK UNLESS BIG AS DOLLAR

BUNCO 'QUEEN' PLACED ON TRIAL

Irma Vendotti Keeps Her Gaze Fastened on the Jurymen.

SAN FRANCISCO, Feb. 26.—With her gaze riveted upon the twelve men selected to decide upon her guilt or innocence, Irma Vendotti, alias Helen De Pietro, alias Irma De Pietro, was brought to trial before Superior Judge Dunne today. She stands charged with receiving stolen property for accepting \$2400 out of a total of \$7700 which the band of confidence operators are alleged to have obtained from Louis Dodero, of Santa Cruz. The latter has recently died, many say of a broken heart.

The girl long posed as the wife of Romeo De Pietro, the king of the bunco stevers, who is said to be in Europe and who is the only member of the gang who has not been caught. She is being defended by Attorney James Hanley and is making a desperate fight for freedom.

RIVERSIDE ORANGE TREES NUMEROUS

More Than Million in County, According to State Blue Book

SACRAMENTO, Feb. 26.—There are over a million orange trees in Riverside county which have produced an average of about two boxes of fruit to the tree. Such is the finding of the State Blue Book. The exact figures on the various counties for the forthcoming State Blue Book. The exact figures are 1,021,557 trees and 2,006,302 boxes of oranges.

The bulletin made public today shows that 520,806 of the 4,633,000 acres in the county were under cultivation in 1910 and had a value of \$46,203,795, an increase in ten years of 113.5 per cent. The total crop value of the county is given at \$5,138,573.

Much of the bulletin is devoted to mention of the scenic beauties of the county and to the water system which is described as "almost faultless," with the further statement that the rights are owned by the people themselves. Schools, public buildings and good roads come in for commendation, as does "all else that stands for civic progress."

JUDGE DUNNE SCORES BAD BILL COLLECTORS

SAN FRANCISCO, Feb. 26.—For the second time this week Superior Judge Dunne this morning declaimed against making the courts collection agencies and dismissed the indictment against W. H. Obeir, a real estate operator, who was accused of the misappropriation of \$338.90, January 17, 1910. Obeir was not indicted until one day before the statute of limitations would have gone into effect.

"This man should never have been indicted," said Judge Dunne. "Proper recourse was to the civil court."

The complaining witness in the case is E. Kron.

SUIT BROUGHT BY U. S. IS DISMISSED

SAN FRANCISCO, Feb. 26.—Suit brought by the United States government against the Hydro-Electric Company was dismissed in the United States District Court today on motion of District Attorney John McNab. The action was brought in connection with the right of the government to demand that where power lines go over a forest reserve a permit must be had from the department of agriculture.

The corporation agreed to the conditions out of court and the litigation was therefore dismissed.

SUFFRAGE ARMY DRAWS NEAR TO CAPITAL OF U. S.

"GENERAL" ROSALIE JONES.

WASHINGTON, Feb. 26.—A small army division of "petticoat cavalry" and "feminine infantry" will march out to greet the suffragist "hikers" who today left Baltimore for Washington on the last lap of their long tramp from New York. The welcoming "army" will be under the protection of a detail of police, who will see that the small boys along the route are kept from annoying the reception brigade.

"Colonel" Genevieve Wimsatt will be in command of the cavalry, which will lead the column. The petticoat cavalry will be followed by the "Tramping Club," an organization of girls from a fashionable seminary of the capital, and a force of between 200 and 300 suffragists under the command of Mrs. Lawrence Lewis Jr., of Philadelphia. There also will be a

ASSOCIATION DISCUSSES \$50,000 CAMPAIGN PLAN

Reed Gives a Talk on the Short Ballot

Professor Thomas H. Reed of the department of political science at the University of California, was the principal speaker last night at the Santa Fe Improvement Club at Grove and Fifty-fifth streets, his talk being in the interests of the new county charter movement, which is being worked on by the Alameda County Tax Association. Professor Reed spoke on the merits of the short ballot, stating that it had been introduced in three such prominent men as President Taft, President-elect Wilson, and ex-President Theodore Roosevelt, and that it must have strong points in its favor to gain such champions to its cause.

The underlying principle of the short ballot and the combined county and city charter are identical, said Professor Reed. To prove that the present long ballots are not conducive to the most enlightened form of government, Professor Reed asked various members present to name prominent county and State officials by name, thereby disclosing the well-known fact that very few people remember such names and that the shorter ballot is absolutely essential if the people are to know their officials and the candidates for whom they vote.

\$50,000 CAMPAIGN.
J. W. Phillips, a member of the chamber of commerce, was present and spoke, as did Thomas H. Casey, secretary of the charter committee, and assistant secretary. The plan is to raise \$50,000 to pay the expenses of the campaign, and for that purpose has asked the various improvement clubs and civic associations in the county to name committees, who will have charge of their sections, and have working for them other sub-committees, who will in turn solicit the funds from their particular localities. It is preferred to have dollar subscriptions in as far as this can be arranged, the committee feeling that if 50,000 people subscribe a dollar each to this work, they can be trusted to vote for the charter, once it is presented to the people for ratification.

The Santa Fe club appointed the following on this committee: E. Burger, F. L. Shaw, C. Tisdale, F. P. Chabers, C. Bean, A. Fox. The list of those appointed by other bodies were read and is as follows:

Elmhurst Board of Trade — Philip Reilly.

MAY CALL STRIKE

Unless the United Iron Works of 580 Second street agrees to the demands of the Chippert workers, the Iron Works Council may call a general strike of all mechanics connected with that concern. At present the wage of a chippert is \$2.75 per day, but the chippert demand \$3 per day. E. Winsky, manager of the United Iron Works, stated this morning that his men had never received a strike notice, and that the four men who walked out several days ago were replaced.

HELD TO ANSWER

Joseph Strange, a negro, was held to answer by Police Judge Mortimer Smith on a charge of assault with a deadly weapon for stabbing Charles Helms, also colored. Bonds were fixed in the sum of \$2000.

WATER WALKING AMBITIONS ARE DEFEATED BY HIGH SEAS.

SAN FRANCISCO, Feb. 26.—The water-walking ambitions of Rupert Merki and John Cross of Oakland, who planned to "hike" across the Golden Gate today on sea-going shoes of their own invention, were defeated by an unmanly gale which blew in from the sea.

The hikers, arrived at Fort Point early and were told by Captain Clark of the life-saving station that conditions were ideal for their purpose at that time. They had to hasten to town again for their equipment, however, and before they could return to the harbor mouth, making the trip impossible. Captain Clark suggested the pair might try a crossing from Lime Point to the Presidio beach, but up to noon they had not undertaken it.

Merki and Cross have been experimenting on Lake Merritt, Oakland, for many weeks and have also strolled about on Austrian lakes.

Miss Tucker, theatrically known as "The Queen of Musical Comedy," wrote the above letter voluntarily during her stay in this city. What I did for Miss Tucker I am doing daily for well-known Oaklanders.

Whether you have any teeth of your own or not I can fill the vacancies with natural looking teeth without using a clumsy plate. I can make loose teeth solid and firm in the mouth. I can dispense with the much dreaded grinding machine and still obtain satisfactory results. The method I use is much better for the teeth.

These methods are used by me exclusively.

'RAT' AND PICTURE HAT SAVE WOMAN

Hugh Icicle Falls From Building Upon Lady's Patted Head-gear.

JEANNETTE Penn. Feb. 21.—A picture hat and a "rat" saved the life of Mrs. Henrietta P. Bancroft, of Grapeville, a suburb of this city, today when a big icicle fell from the cornice of a building, striking her on the head.

The big jagged piece of ice cut through the heavy wire and plush frame of her hat and the "rat" and opened a big cut in her head. She was rendered unconscious by the blow. Late tonight it was said by the physicians who are in attendance that she would recover and that she undoubtedly owed her life to the heavy frame of the hat and her "check."

NOT SALTS AND PILLS, 'CASCARETS' LEADING LADY PRAISES DENTIST

If Constipated, Bilious, Head-achy, Stomach Sour, Take a Cascaret.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passage-way every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

BRIDGE SERIES.
The first of a series of bridge parties was given this afternoon by Mrs. Charles Parker Hubbard and her sister, Mrs. Edward Hubbard Campbell, at the pleasant Hubbard home in Vernon Heights. About fifty guests of society circles on both sides of the bay were present and the evening was spent in the most enjoyable manner. The second of the charming affairs tomorrow, Mrs. Campbell recently arrived from New York to spend the winter with her sister, having closed her New York home for the season. She is being cordially welcomed and much entertained during her stay.

AFFAIR FOR FINANCEES.
Cards are being received by a number of the younger girls of the smart set for an affair which Miss Lucretia Mauvais will be hostess on the afternoon of March 12. Miss Madeline Clay will be the hostess of the affair which will be a bridge party of about ten tables.

DANCE AT EBELL.
One of the private dances which are so much to society's sum of pleasures will be that of three smart set matrons who are sending out cards for a dance at Ebell clubhouse next Saturday night. The hostesses for the affair will be Mrs. Frederick Dickmann, Mrs. Challen Parker and Mrs. Paul Dismore, and the guests will include a number of society folk from both sides of the bay.

HOME IN SAN FRANCISCO.
Mr. and Mrs. William High Jr. have returned from their honeymoon trip and are domiciled in a handsome apartment on the bay. Their marriage was one of the surprises of the season a month ago, when the pretty young society maid and the son of the prominent banker were quietly wed, without telling anyone until it was over. "Forgiveness" was as soon as they told as the only object of the parents was the youth of the bride and groom. There will be much entertaining for Mrs. High Jr. during the spring season.

WEDDING DATE ANNOUNCED.
Miss Madeline Clay has chosen the date of her wedding to Warren Harold for April 22. The ceremony will take place at the Level Lee, the handsome home place of the Clays in Fruitvale, and will be elaborately appointed. A large number of guests will be present to witness the plighting of the vows. Miss Clay has been frequently entertained since the announcement of her engagement earlier in the season. She is one of the charming girls of the exclusive set, whose attractive personality has made her a great favorite among her circle of acquaintances. The coming weeks have many dates for affairs at which Miss Clay will be the honored guest before the wedding day.

TEA SATURDAY.
Cards are being received for a large tea at which Mrs. Royce Hawley will entertain at her home in Adams Point next Saturday afternoon. A large number of guests from both sides of the bay have been bidden to the affair, which will be one of the interesting ones of the week.

CARD CLUB ENTERTAINED.
A social gathering was entertained by the members of one of the card clubs formed

among the younger girls yesterday at her home on Telegraph avenue. Bridge was the feature of the pleasant affair, and among the guests who are members of the club were Miss Helen Coogan, Miss Helen Dabney, Miss Hazel Fogals, Miss Marguerite Black, Miss Phyllis Lovell, Miss Etha Musser, Miss Carmen Gilbratelli, Miss Helen Downey and Miss Dorothy Capwell.

RETURNING HOME.
Miss Grace Downey will return home the latter part of the week from Grass Valley, where she has been staying for several weeks as the guest of her fiancé's sister, Miss Mabel Clinch. Miss Downey was the inspiration of many informal social affairs during her stay. After her home coming wedding cards will be sent out by the bride-elect's parents, Mr. and Mrs. J. C. Downey, to a large number of friends. The marriage of Miss Downey and Charles Raymond Clinch will take place March 23.

TRASK-LEONARD WEDDING.
Several parties have gone south from the bay region to attend the wedding of Miss Alice Trask and Allen Langdon Leonard, which will take place today in Los Angeles. Both the young people are well known here, as they are graduates of the University of California. Miss Trask is a member of the Kappa Kappa Gamma sorority and numbers her friends in the bay cities by the score. Among those who have taken the southern journey are Miss Marjorie Stanton and Miss Helen Weston, who will be members of the wedding party today. After a honeymoon tour through the southern part of the state the young couple will reside in Portland.

VISITORS IN ALAMEDA.
Mr. and Mrs. Edward Peacock and their daughter, Miss Frances Peacock, are spending a short time in Alameda as the guests of Mr. and Mrs. Herman Kruel. The visitors are on a journey around the world, and will proceed to Manila upon leaving the coast. Peacock was formerly a business associate with his host.

GO TO NEW HOME.
Mrs. Harris Cebert Capwell and her charming daughter, Miss Dorothy Capwell, will leave the Hotel Oakland, where they have been domiciled since the beginning of the winter season, later in the week, taking possession of their handsome new home, which used to be the residence of the Edward Lacey Braxtons. After several weeks spent in the settling and arrangement of the new home Mrs. Capwell and her daughter will take a trip to southern California, making their headquarters in Santa Barbara, where Miss Capwell is a pupil at the University of the Pacific. There will be a round of entertaining upon their return to open the new house in the spring season.

LUNCHEON TODAY.
Miss Florence Henshaw was hostess today at one of the charming affairs that are making bright the pre-nuptial days for Miss Madeline Clay, whose marriage to Warren Harold will take place April 22. Covers were laid for twelve at the beautiful home of the hostess, Rose Crest. Bridge occupied the afternoon hours, completing a delightful affair for the girls of the younger smart set.

WEDDING TONIGHT.
At a beautifully appointed home ceremony tonight Miss Elizabeth Cornwell, daughter of Mr. and Mrs. H. B. Cornwell of Berkeley, will become the bride of George Raymond Kingsland of Los Angeles. The service will be read by Rev. John W. H. Henshaw, pastor of the Episcopal church in the presence of about a hundred friends of the popular young people. Miss Cornwell will be attended by Miss Alice Kingsland, sister of the groom, a maid of honor, and Mrs. Eugene L. Stockwell of Los Angeles as matron of honor. A charming color scheme of rose and white will be carried out in the gown of the wedding party, and the home will be elaborately decorated with pink carnations and handsome ferns. The ceremony will be held before an altar of blossoms and greenery. The bride will wear rich white

meuse for her wedding gown, elaborated with lace and will carry a shower of white orchids and lilies of the valley. The long veil will be caught with orange blossoms.

Miss Kingsland will wear pale pink champagne, made in a late draped model with lace and will carry an armful of pink roses. Mrs. Stockwell will be gown in cream champagne, with lace trimmings, and will carry pink roses also. The little flower girl, Thelma, cousin of the bride, will scatter pink rose petals before the feet of the wedding party. She will wear a dainty white frock. Miss Alberta White will play the wedding march from Lohengrin as they approach the altar.

A reception will follow the ceremony, with an elaborate buffet supper for the guests. The young couple will leave at once on a wedding tour that will take them to New York City, where they will make their home. The groom and Miss Pedlar is the sister of Mrs. Baker.

VISITOR ARRIVES.
Miss Gladys Pedlar of Washington has arrived this week from her home in the East and will spend several weeks in Alameda before continuing on her journey to the Orient with Miss Alice Baker of Alameda. The two attractive girls of Alameda, who have won fame in the principal cities of Europe and America; Miss Margaret Doe, formerly of San Francisco; Miss Nina Jones, daughter of Mrs. M. J. Potter; Miss Margaret Bull, daughter of Commodore and Mrs. James H. Bull. A number of the younger married women will also appear.

ENGAGEMENT ANNOUNCED.
The announcement of the engagement of Miss Elizabeth Dickinson of Buffalo, N. Y., and Clarence Kane, son of Mr. E. C. Kane of Alameda, is being made to friends of the couple. Miss Dickinson is the daughter of Mr. and Mrs. Henry J. Dickinson in Alameda. Kane is a newspaper man of the Encinal City, where his family are included among the older time residents. The wedding date has not yet been set.

LAMITE ASSEMBLY.
The second dance of the season for Lamite Assembly will take place Friday night, February 23, in the handsome ivory ballroom of the Hotel Oakland. The assembly is one of the successful organizations for the younger set which help to make the winter season a successful one. A number of the young people are looking forward to the delightful affair Friday night, as the assembly will uphold its reputation for doing things as they should be done. Mrs. Fisher Randall Jordan is managing the destinies of the organization.

BIRTHDAY SURPRISE.
An enjoyable surprise party was tendered Master Hyman Levy at the family residence on Hudson street, Saturday evening, in honor of his sixteenth birthday. About twenty young folks gathered to enjoy the evening of games and dancing until a late hour, when a dainty supper was served. The color scheme was carried out by the young people, and a merry time was enjoyed by all. Among those present were: Alice Lockwood, Hortense Lockwood, Gloria Everhart, Marian Norman, Henrietta Mendelson, Ernestine Levy, Clifford Roblin, Solomon Norman, Morris Silver, Mrs. Mendelson, Raymond Cohen, John Wood, Hyman Levy.

FIGHT FLAMES
IN MANSION

SAN MATEO, Feb. 25.—Prompt action on the part of Mrs. Perry Eyre and Mrs. Perry Moore prevented the destruction by fire yesterday morning of the famous old Atherton mansion near San Mateo.

The mansion, reputed to be the handsomest private home on the peninsula, is occupied by Perry Eyre and family. Mrs. Eyre and her children were alone when a blaze was discovered coming from the chimney, spreading fast and throwing sparks in many directions. Mrs. Eyre got the children out of the house and ran across the drive to the home of Percy Moore.

Mrs. Moore, who was alone, returned with her. Securing fire-fighting apparatus, the two women, assisted by two servants, fought the fire for a long time before it was extinguished.

When the blaze was conquered and everything was safe, Mrs. Eyre telephoned her husband in the Merchants' Exchange building and he rushed to San Mateo in his automobile.

That the Atherton mansion was not destroyed was due entirely to the bravery of the two women. The damage was less than \$1000. More than \$1,000,000 damage had been done through the burning of mansions in the vicinity of the Eyre home in the last four years and all the fires have started from defective chimneys in the same manner as that of yesterday.

The mansion possesses some of the finest paintings in the state and there are many rich furnishings. The orchard surrounding the place is conceded to be the finest in this section of California and the products of the Eyre garden are famous among the "four hundred" living down the peninsula.

Here's Perfect Gown

NEW YORK, Feb. 25.—Paris has a rival in the Y. W. C. A. dressmaking shop at 7 East Eighteenth street, which designed the perfect gown and is advertising it vigorously.

The perfect gown has a pointed neck to match the pointed chin of the wearer, and it has 154 buttons, but fortunately real buttoning up was done with hooks and eyes.

"A gown that woman cannot get into without assistance is a crime," said Miss Christine J. Sorenson, head of the Y. W. C. A.'s dressmaking department, today.

"So is a square neck on a girl with a square face. But a girl with a plump chin over the elbow, after it has a round neck and short sleeves."

Miss Sorenson said that in the perfect gown the wearer could raise her arms above her head in spite of its kimono sleeves, because its fullness was drawn in over the elbow. After it has a fold of extra material at the side opening, which eliminated the petticoat.

Bacchus to Dance

SANTA BARBARA, Feb. 25.—Bacchus and twenty-two dancing girls will appear in a gorgeously staged production at the Potter theater one month from yesterday. Members of the smart set, led by Mrs. William Miller Graham, wife of the millionaire oil baron, are arranging for the vaudeville and many of them will take part in it.

Among the girls who will dance at the call of Bacchus in this production, which has created a sensation in society circles in New York for two successive years, will be Miss Inez Dibble, the brilliant danseuse who has won fame in the principal cities of Europe and America; Miss Marguerite Doe, formerly of San Francisco; Miss Nina Jones, daughter of Mrs. M. J. Potter; Miss Margaret Bull, daughter of Commodore and Mrs. James H. Bull. A number of the younger married women will also appear.

Killed in Bath

DES MOINES, Ia., Feb. 25.—While bathing at her home here yesterday afternoon Mrs. E. B. Austin, wife of a prominent business man, was electrocuted by a "massage vibrator" which she had been using. The body was discovered by the 13-year-old daughter of the couple, when she returned from school. It was partly submerged in the bathtub, and a deep burn across the breast and neck caused Coroner Kane to decide that death was due to shock from the vibrator. It is believed that the water in which Mrs. Austin had been bathing formed a conductor and sent the current through her body in sufficient force to cause death.

Weds Singer

SANTA BARBARA, Feb. 25.—An announcement was made today of the coming wedding of Miss Mary Quiva, a theatrical singer and sister of Grace Van Studdiford, the comic opera singer, to Harry B. Gregory, local general agent for the Santa Fe.

The marriage will take place on March 6 at North Manchester, Ind., the home of Miss Quiva's parents, Mr. and Mrs. Robert E. Quiva.

The couple plan a honeymoon trip to Honolulu and then will return to Santa Barbara, where they will make their permanent residence. Miss Quiva last Saturday night closed an engagement at the Fifth Avenue theatre in New York. She had been singing in "A Country Girl."

Gregory is a son of H. K. Gregory of San Francisco, who is assistant general agent of the Santa Fe. Gregory left last night for North Manchester.

A BEAUTIFUL mouth is perhaps the most important feature of the face. The lips express sorrow, joy and a good or bad disposition. Thin, tightly-drawn lips indicate a greedy and penurious nature. There is little danger of those lips getting into trouble. But the women and girls who have attractive, kissable lips are the ones who must guard them and protect them. Mothers should forbid their children to kiss and grown people should not kiss children just because they are beautiful unless they kiss them on their pretty, chubby cheeks. There may be no danger in the kiss, but we cannot know where danger lurks. And who would mar the beauty of an innocent child by a loving caress? No one would intentionally do so. Women should carefully bathe their lips upon returning from a shopping expedition. The germs that float around in the air of the stores may carry disease, and one can never know where they will settle.

As a preventive, before going shopping, a wash of boracic acid and water, with a few drops of camphor, is an excellent disinfectant to use—the same formula that is used as an eye wash. Also a little greasy lip stick (the kind that is sold in drug stores) when gently rubbed upon the lips before going out of doors will protect them. Prevention is the best protection. Children need nothing as a protection, but much as a preventive. Dangers may be averted or driven away by a little precaution. Children should be forbidden to kiss anyone. And little mouths should be washed after each meal sacredly.

Teeth would keep healthy for years longer if absolute cleanliness was adhered to. And the time wasted at a family gathering by kissing all around might be better employed. There is more honest love conveyed in a sincere hand-shake and a genuine "I'm glad to see you" than a kiss, especially if the word be true. We should not look for trouble. And when it does come we should try to drive it away by denying its power. But we should do a few things to prevent troubles attacking. Nature does play some wild pranks with us at times. When we are endowed with intellect and even a little beauty we should protect what there is of it from illness and devastation. There is nothing so detrimental to beauty as mouth breathing. The lips are not closed properly. Sometimes this faulty closing of the mouth alters the whole appearance of the face, the setting of the lower jaw giving the appearance of a receding or a protruding chin. The position of the chin is also spoiled on account of the way the teeth come together when the mouth is closed.

As a result of mouth breathing the lips become thick, their muscles are not used, so that they become weak, and speech is indistinct; even stammering may result and becomes a habit which continues for life. Then the mouth being kept open causes the front teeth to discolor and decay. When the air passes through the nose it is warmed before it reaches the throat, but with mouth breathing this does not occur, so there is a great liability to sore throat, trouble that may spread from the throat to the ears and cause deafness, or it may penetrate even as far as the lungs. There is also greater liability to catch cold and contract disease of the vocal and breathing apparatus. All these evils may be avoided with nose breathing, which is the natural way of breathing, the mouth being kept in reserve for speaking and severe exertion. Nose breathing may readily be acquired and become habitual if regular nose breathing exercises are taken. Many people in talking distort their mouths greatly, making the most frightful grimaces. The same is true of singing. There is no excuse for either. The mouth, too, is often distorted in laughter and in smiling. A pleasant smile acts like a benediction upon one's friends, but I am sure the average woman does not realize how homely she is when she either laughs or smiles. If ever a mirror was needed it is for the purpose of showing one how one looks when she laughs.

M. J. Y.—Lack of exercise and overeating are the chief causes of the accumulation of flesh. As a person gets older and stouter there is no inclination to walk rapidly or to undertake anything that requires physical effort and the appetite often increases. In consequence the flesh increases also. If you wish to reduce in weight you must look to your diet and take plenty of exercise. It is very hard to reduce one's flesh and few women are willing to deny themselves the rich foods and keep up the exercise necessary to do it. I am sending you a dietary for reducing flesh, also the rolling exercise.

E. V. T.—Massage with a little skin food is excellent for tired eyes. Take a bit of skin food on the finger tips and draw them gently across the lids from the inner to the outer edge. This soon brings a rested feeling that helps to prevent the tight closing of the lids, which in time causes fine lines to form. I am sending you formula for skin food.

HELEN W.—Yes, indeed, walking is a healthy exercise. One of its greatest advantages is exposure to the open air; it strengthens the nervous system and the skin, the digestive system, and, indeed, the whole organism. It makes you cheerful, it increases your resistance to the influences of the weather, and the tendency of chills and other morbid affections decreases. To get the most out of your walk see to it that your chest is high, the legs moving freely from the hips in a long swinging step. The arms should hang easily, moving slightly, but not swinging. With head up and inhaling long deep breaths you are in the best possible condition for your tramp. One should walk at least three miles every day, before breakfast if you can, and five miles is still better.

CONTROL BOARD DOES GOOD WORK

STORIES OF ANIMAL LIFE ARE TOLD CHILDREN

ELECTRICAL ASSN. HOLDS ANNIVERSARY BANQUET

The Electrical Contractors' Association of Alameda county celebrated its first anniversary at a dinner given at a downtown cafe recently. The general tone of the speeches displayed an earnest intention to "stand together" and make every effort to obtain and retain the full confidence of the city officials and the general public.

The Progress and Prosperity Committee of the Oakland Chamber of Commerce was present in response to a congratulatory message sent by the electrical contractors to the committee, which happened to be celebrating in an adjoining

The work of the board of control of the Manual Training and Commercial High School will continue this semester with a new staff of officers. The former officers were Howard Tremble, president; Frank Young, clerk of the board; Clarence Smith, Allen Spencer, Vincent Brown, Charles Sullivan, Edgar Tillman and Arthur Mack. "Shortly after the best" board of control was created in the school. It was unpopular," declared Frank Young. "Last term it increased its proficiency and became popular. The staff of the board of control have been to maintain order in the halls and to keep the school premises

Stories of animal life and fairy tales have become popular in the short story half hours that are being conducted by Miss R. L. Terpenning, librarian of the Piedmont branch of the Oakland public library. Every Saturday morning at 10 o'clock about twenty-five boys and girls gather to learn about the peculiarities of the animals and the habits of the animals. "Children love fairy tales and I believe in relating them for the purpose of building the imagination of the child," said Miss Terpenning last evening. "I do not believe in fairy tales as a steady diet any more than I believe in the classics for continuous study and thought, but the children need recreation in thought and something to break the monotony. Therefore the stories in the half hour are varied. The children need a variety of them to develop. One can work out geographical problems in a way that does not need to be pounded into the pupils. One can instill a love of nature and a love of animals by suggesting the highest ideals. In just the same manner one can teach the children to love life and the story of the nations and people. In order to instruct them one must tell them stories that love the little ones, as they are very sensitive and keenly feel when you are not in sympathy with them or showing devotion. Recently Miss Terpenning reviewed the following: "Peter Pan," John Muir's "Sticks," Ernest Seton Thompson's books and Uncle Remus. Students have done their work has been appreciated by the pupils. The girls' board of control conferred with the boys' board and the members were Marion Rutherford, Isabel Moore, Freda Bayley, Elaine Powell, Edna Matheson, Emma Ramsey and Alice Symmes.

SAVED FROM DEATH IN BURNING HOUSE

AGED MAN IS TRAPPED BY BLAZE

Neighbors Hear Screams and Rescue Man from the Flames.

Fire Destroys Cottage of Wm. Stutz; Police Fear Arson.

Bewildered by clouds of dense smoke which filled his house, William Stutz, an aged and feeble man, who was trapped by a fire in his home, 487 Thirtieth street, at an early hour this morning, shouted loudly for aid. His screams were heard above the crackling of the flames by neighbors who had been awakened by the fire and had sent in an alarm. They made their way through the flames and smoke and carried the old man out to safety. The rescue was just in time, as the fire destroyed the cottage and had already reached the room in which the old man was trapped.

The fire was of mysterious origin. It occurred about 1 o'clock this morning. The cottage, which was burned to the ground, was valued at \$1500. It is not known whether this was covered by insurance.

APPARENT INCENDIARISM.
Indications of incendiaryism were found by the firemen at a blaze that occurred about midnight last night in a two-story house at 1008 Franklin street, which was unoccupied. The fire occurred in the attic and gained headway in the shingles of the roof before it was discovered and put out. Firemen who rushed to the scene found pieces of oil-soaked carpet in the attic and detected the fumes of burning oil. The origin of the fire was not discovered.

The property belonged to Mrs. A. M. Schneider. The damage was nominal. It is not known what insurance was carried. The police have ordered an investigation.

ROBBER USES FIST, TELLS HIS VICTIM

Frank Sylvester Is Held Up at Sixth and Clay; Loses Watch and \$5.

Frank Sylvester, 706 Clay street, was attacked and robbed last night when on his way home. The holdup occurred at Sixth and Clay streets. Sylvester was accosted by a man who asked him for a match to light a cigarette. As Sylvester put his hand into his pocket to get the match, the stranger suddenly struck him in the face with his fist, telling him to get on the sidewalk.

Before he could recover Sylvester was pinned down by the robber leaping upon him. The man searched his pockets hastily, taking \$5 in coin and a watch. He then made his escape. Sylvester reported the matter to the police. Inspectors H. E. Green and Thomas Gallagher are investigating the robbery and hope to apprehend the culprit.

WAS LOOKING FOR SHOES.
G. H. Delardue, 434 Division street, heard a noise in the basement of his home about 6 o'clock this morning. Taking a revolver and a lantern he started out to investigate. He found a man walking barefooted about the house, who appeared to be delirious and kept muttering that he had lost his shoes. Delardue attempted to capture him, but the man escaped through an open window. The shoes were found in the basement and indications pointed to the theory that the intruder was a tramp and that he had spent the night there.

L. N. Cobbleick jr. reported to the police that his bicycle was stolen from Third and Washington streets.

SPIRIT OF POET IN SCULPTURED BUST GERTRUDE BOYLE KANNO'S WORK PRAISED

GERTRUDE BOYLE KANNO AND HER SCULPTURED BUST OF JOAQUIN MILLER—"THE SPIRIT OF THE WEST."

Woman Mentioned as Moulder of Proposed Joaquin Miller Statue in City Hall Plaza

Gertrude Boyle Kanno, the wife of Takeshi Kanno, the Japanese poet, who for the past eight years made his home on "The Heights" with Joaquin Miller, has done a bust of Miller which is pronounced by art critics to be an almost perfect likeness of the late "poet of the Sierra."

The bust, called "The Spirit of the West," portrays the poet almost identically and those who were privileged to know him more intimately say the expression in the stone portrait very closely resembles Miller in his most inspired moods.

A movement is on foot to have a statue of Joaquin Miller placed in the City Hall plaza and it has been suggested that Gertrude Boyle Kanno be given the work. She has known Miller for several years, and, as her friends state, has been steeped in the poetic atmosphere of "The Heights" and knew the poet intimately in all his moods.

PRAISES THE PLAN.
Mrs. Marian Taylor, of 442 East Sixteenth street, East Oakland, also knew the poet well and believes that Mrs. Kanno is the most suitable person to do the work.

"I think the plan started by the women of Oakland to place a statue of Joaquin Miller in the City Hall plaza is splendid," said Mrs. Taylor, "and should be carried to a successful conclusion. England's former poet laureate, Lord Tennyson, pronounced Joaquin Miller the greatest American poet. Sir Edwin Arnold said he was one of the greatest poets of his time and that he was not let him be the prophet without honor in his own country."

GAS FUMES END LIFE OF BANK CLERK

SAN FRANCISCO, Feb. 26.—William Berg, a bank clerk, of 209 Sanchez street, was found unconscious in his room this morning from the effects of the fumes of illuminating gas. He died soon after at the Central emergency hospital. The cause is believed to be one of suicide, as the man had been ill and despondent.

PORTLAND LAWYER IS GIVEN SENTENCE

PORTLAND, Ore., Feb. 25.—Sentence of from one to five years in the penitentiary was imposed by Circuit Judge Kirk on E. S. J. McAllister, a lawyer, convicted recently in connection with the vice clique scandal of this city. The case will be appealed. Meanwhile McAllister will be at liberty under \$3000 bonds.

"And who should do the work but Gertrude Boyle Kanno, who for seven years has been steeped in the poetic atmosphere of 'The Heights,' one of the most unique spots on the American continent, and whose splendid workmanship has already found place for her in the University of California, the University of Oregon, the Fremont High school and other institutions."

KNEW HIM BEST.
"The poet used to say to her, 'Some day you will do something big, big' and why not a statue of our great man of the West? A fitting fulfillment of the poetic words. No one knew him more intimately, outside his own family, nor saw him so constantly. Perhaps even they knew him less well than she. She penetrated his very spirit, and that is why her bust of him is far beyond mere physical portrayal."

"Oakland should not go beyond Mrs. Kanno. Let the women subscribe for it and let a woman execute it. A sculptor took the poet's death mask, but she would be able to portray all the vividness of his magnificent aggressiveness of a living subject, of a man who was great from the inborn force of genius, and who expressed the spirit of our West—our glorious West—in words that will never die."

"The children would be interested in the project. Fremont High and Franklin grammar school parties want to see Joaquin Miller honored right here in a fitting manner, and if Gertrude Boyle Kanno is passed over it will be a lamentable thing, in the light of her ability, suitability, and close friendship of many years."

HIGH OFFICIALS TO SURROUND WILSON

Members of Supreme Court to Review the Great Inaugural Parade.

Speculation Rife as to Church in Which President Will Worship.

WASHINGTON, Feb. 26.—President Wilson and Vice-President Marshall, when they view the marching, cheering cohorts in the inaugural parade, March 4, will be surrounded by a distinguished gathering in the official reviewing stands erected in front of the White House grounds.

In addition to the members of their immediate families and their guests they will be surrounded by members of the Supreme Court, the diplomatic corps, the cabinet, Senators and Representatives, members of the courts of the District of Columbia, high officers of the army, navy and marine corps, the commissioner of the District of Columbia and leading officials who had the inaugural ceremonies in charge.

COURT OF HONOR.

The finishing touches are being placed on the stand from which the reviewing President will observe the procession. The court of honor, on which much care and attention has been expended, virtually has been completed, while the capital already is being buried beneath a wilderness of flags and bunting. The arrangements for the illumination are being pushed and a trial of them will be made Saturday, it is expected.

Speculation as to the church at which President Wilson may elect to worship was revived today when a pamphlet describing historic spots was issued by the inaugural committee. It was noted therein that President Wilson, who is a Presbyterian, had officiated here before he had entered political life, at the dedication of the statue of John Witherspoon, located in front of the Presbyterian Church of the Covenant, Witherspoon, besides being a signer of the Declaration of Independence, was one of the founders of Princeton University.

MATTER OF CONJECTURE.
Whether President Wilson's distant connection with this church will lead him to take membership therein is a matter of general conjecture.

Invitations have been sent to the governors of the various States and their wives to be the guests of honor at a reception March 3 by the District of Columbia branch of the Women's Wilson and Marshall League.

The affair promises to be one of the great of the inauguration week and official, diplomatic and resident society women are expected to be present.

DELEGATES TO BE ENTERTAINED

Members of Playground and Recreation Congress to Visit Oakland.

SAN FRANCISCO, Feb. 26.—Delegates to the first Pacific Coast playground and recreation congress, which opened yesterday, spent the morning today in a discussion of games and equipment for recreation grounds. At the close of the session they adjourned to watch a flag drill by school children and a demonstration on one of the playgrounds of this city.

The second general session will be held tonight at the girls' high school, the subject under debate being recreation for girls.

Oakland will entertain the visitors tomorrow with an inspection of playgrounds in that city.

TWO ARE DECLARED GUILTY OF VAGRANCY

Mrs. Mamie Flynn, alias Maude Kelly, and John G. URGES BUDGET SYSTEM AS ECONOMY

President Taft Sends Much-Discussed Message to Congress.

Bind Proposed Expenditures to Expected Revenues, Is Plea.

WASHINGTON, Feb. 26.—President Taft today sent to Congress his much-discussed "budget" message. He recommended the adoption of a budget system of relating proposed expenditures to expected revenues and declared that Congress would be greatly benefited by having before it such a statement before it began the annual grand upon appropriation bills. "The United States," he said, "is the only great nation in the world which did not use the budget system and in consequence it may be said to be without plan or program."

He indicated that owing to the late day of his message he expected little legislation on the topic from the present Congress. "The President took full responsibility for the message upon himself," he said, "in the last Sunday civil bill, directed the Secretary of the Treasury to submit estimates in keeping with revenues."

ADVANTAGES OF BUDGET.
Some of the advantages of the budget system as pointed by the President were: A means of locating responsibility for a budget; a means of locating responsibility for a budget; a means of locating responsibility for a budget.

Because it would furnish Congress and the public with ready reference to reports and detailed records of accounts. Because it would produce an adequate organization for assembling and classifying information in telling the country what has been done and of the Government's future needs.

To aid in working with a well defined purpose in many bureaus hitherto organized and directed under an inconsistent and uncoordinated plan.

To cancel the nation's debt, through a sinking fund and to eliminate the deficit, which is slowly growing.

To carry out the budget plan, to reduce the deficit and the fixed charges the government the President proposed:

CREATES SINKING FUND.
To create a sinking fund commission to consist of the chairman of the finance committee of the Senate, the chairman of the House ways and means committee, the Attorney General and the Secretary of the Treasury, with the Comptroller of the Treasury as an annual auditor of the sinking fund account.

Legislation which would wipe out the national debt in twenty years after July 1, 1914. Congress should set aside \$15,000,000 annually for that purpose. That would be \$5,000,000 a year less than the present amount required by law. That fund should be invested in three per cent government bonds and in twenty years the \$15,000,000 debt, the President says, would be retired.

The adoption of a definite theory is recommended for future proposals for internal improvements so that such improvements would be in accord with a well thought out plan. In that connection the President suggested the saving of the rent paid in Washington for buildings used by the Government through the construction of new buildings to cost about \$100,000,000 to be paid for through a period of 20 years.

WOULD PLAN FIRST.
"Briefly stated," wrote the President, "my suggestion is that the Government first plan for its land purchases, borrowings and public works, then borrow money to acquire and to construct them, proportioning the cost over a period of 20 years, and making the bonds issued to meet the cost payable out of an adequate sinking fund."

Of a reduction of the salary roll of the government, amounting to about \$5,500,000 annually, two thirds, the President declared, would be saved by adopting his scheme to eliminate the existing practice of appointing officials on temporary appointments. Almost \$3,000,000 annually could be kept in government coffers through postoffice department changes. The sum of \$2,000,000 would be cut from the payroll, Mr. Taft continued. If there were a complete executive reclassification of civil service employees, the President said, the total savings would be \$2,000,000.

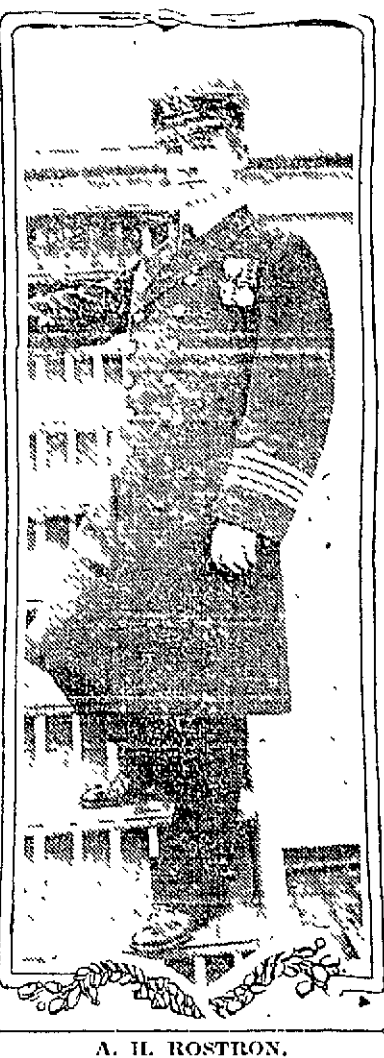

SALARIES TOO LARGE.
"In the present situation many men at the bottom are receiving larger salaries than would be obtained for similar work in outside employment, whereas men in higher positions carrying great responsibility and the success of whose performance depends on training and long experience, are inadequately paid. From the viewpoint of the rank and file there is little hope of reward for merit. The foundation for reclassification of salaries already has been laid. In my opinion it would enable the government to pay higher salaries to those of whom experience, training and merit justify."

Elimination of waste in the distribution of public documents, reduction of the number of United States assay offices and possibly the number of mints and their consolidation into one, are other recommendations.

"With much hesitation" the President recommended the organization of a budget committee of Congress. It should act as a final clearing house through which all the recommendations of committees having to do with revenues and expenditures would pass before they take the form of law.

"The special reason I have for urging this committee," wrote the President,

CAPTAIN ROSTRON TO BE PRESENTED WITH GOLD MEDAL

A. H. ROSTROM.

PRESIDENT TAFT TO BE ON HAND

Washington Dignitaries Will Officiate at the Ceremony.

WASHINGTON, Feb. 26.—The diplomatic corps and the heads of the army and navy, on March 1, will witness the presentation of a gold medal to Captain Arthur H. Rostrom, commander of the Carpathia and hero of the Titanic disaster, by Congress. He has also been honored by his own country.

The emblem will be presented, with President Taft and representatives of the houses of Congress in attendance at the affair.

The gold medal has been awarded less than a dozen times by Congress and is the highest recognition for heroic service the nation can bestow.

At the time the Titanic was sentling out her distress calls there were other vessels nearer the ill-fated ship than the Carpathia, but the daring seaman drove his ship to the scene of the catastrophe with speed through the fields of ice.

OAKLANDER IS NAMED LEAGUE OF CROSS HEAD

SAN FRANCISCO, Feb. 26.—Archbishop Riordan and the advisory board have appointed John J. Flynn, an employee of the E. S. Crocker Company, who lives in Oakland, as colonel in command of the Cross Cadets. Flynn is an old-time baseball player and has been identified with the Oakland companies of the League of the Cross for many years.

"It is at present the administration is seriously handicapped by not being able to take up proposals for constructive measures affecting any particular department up and down the budget, but what is at this time even more to the point, it is not the organic means either for preparing or for considering. I am recommending that Congress make some organic provision whereby the administrative and legislative branch may co-ordinate their efforts in the development of the future activities of the government as well as for the determination of the expenditures need for its current transactions of its business."

CLASSES OF APPROPRIATIONS.
Going further, the President suggested that appropriations should be in the following classes:

To cover overhead and operating cost. For upkeep of property. For fixed charges, including sinking fund.

For permanent improvements. Concluding, he says: "The government is not only in the position of having gone into debt without a budget, but what is at this time even more to the point, it is not the organic means either for preparing or for considering. I am recommending that Congress make some organic provision whereby the administrative and legislative branch may co-ordinate their efforts in the development of the future activities of the government as well as for the determination of the expenditures need for its current transactions of its business."

PIEDMONT MAN SUES FOR \$200,000

Albert L. Johnson Charges Neglect Caused Death of Wife.

San Francisco Hospital and Physicians Are Made Defendants.

SAN FRANCISCO, Feb. 26.—Charging that neglect and the lack of proper attention at St. Winifred hospital of this city caused the death of his wife, May T. Johnson, a year ago, Albert Lawrence Johnson, of 208 Monticello avenue, Piedmont, has filed action for \$200,000 damages against the institution, its owner, Mrs. Winslow Anderson, and Dr. Ethel Dr. Smith. The suit was filed secretly last Friday just before the circuit of limitations would have been in operation and the details were only learned today.

Mrs. Johnson was taken ill while the couple were at the Allington hotel in this city February 12, 1912. Johnson alleges that Dr. Smith was called, diagnosed the case as a grippe and after treating her for several days had her taken to the hospital February 15. The day following Dr. William F. Cheney was called in consultation and it was decided that Mrs. Johnson was suffering from acute pneumonia from which she died on February 23.

CHARGES ARE MANY.

Johnson charges that Dr. Smith told him that St. Winifred hospital was the best in the city. He adds that not knowing the institution by reputation he at first demurred, but after accepted the physician's advice and had his wife moved there.

He asserts that she was given a small, poorly lighted room and later had to be transferred to another room. He says that he learned that there was no superintendent to the institution, no head physician and no head nurse on hand most of the time. The food was negligently served, he claims, and states that on one occasion he saw four nurses laughing in the corridor while room bells were ringing.

At the time of the occurrence mentioned Dr. Anderson was in South America on a pleasure tour, but he is made a party to the suit. In conclusion Johnson declares that Dr. Smith's representation regarding the institution were "false and fraudulent."

CAMPBELL SOON
STARTS SKYING

Borings Nearly Completed for the Foundations of Mammoth Shaft.

UNIVERSITY OF CALIFORNIA, FLORENCE.
26.—Tidal chimneys for bedrock are being made just west of the old Bacon library on the university campus for the foundations of the new Sather Campanile. Designs for the foundation will be drawn up as soon as the borings are complete, after which Professor John Galen Howard, university architect, will authorize construction to begin.

White granite is to be used in raising the Campanile, in the great belfry of which will be placed the chimneys for which Mrs. Sather set aside an extra \$25,000. These chimneys will sound every hour. The tower is to be 360 feet in height, a similar height with few openings. A large hall will be built about the base, and the interior equipped with an elevator.

It is hoped to complete the shaft within two years, in order that it may be dedicated to the opening of the Panama-Pacific Exposition at San Francisco. The tower at Oxford is similar to the one being erected here, as are those at Brown and Cornell Universities. The Sather Campanile will be only 20 feet higher than the Campanile at Florence, Venice, and it will be 30 feet higher than the beautiful tower at Florence, erected by Giotto.

SANTA CLARA TO SEE
NEW PLAY BY MERLE

Morie has begun rehearsals for the mammoth play which will be staged here on May 15, 16 and 17. Morie, author of "Santa Clara," has been here for the past month making preparations for rehearsals and selecting the cast. With a few exceptions the actors chosen will assume the roles in the production as now assigned.

They deal with the invasion of the Americans in California during the early forties and the experiences the mission town then passed through.

Such care has been exercised in the selection of the cast, among whom are some of the Santa Clara alumni. Added to the locals to appear are Robert Flood, Nicholas J. Martin, Harry McGowan, James J. Lyons, George Nicholson, Percy Williams, Enol Quill, Daniel Ryan, Miles C. Plummer, John S. Smith, Harry Woodward, Frank Toome and Edward Perrano.

VICTIM IS HELD

BERKELEY, Feb. 26.—The funeral of Arthur G. Smith, whose death resulted from an auto accident last Friday afternoon, was held at the First Baptist church here at 10 o'clock Saturday morning. The Rev. H. G. Stoen, pastor of St. Matthew's church, officiated. Interment was private.

Smith was a member of the Smith garage, University avenue and 38th street. He was riding in a machine which collided with a Claremont train at 38th street last Friday afternoon. William Garrison and A. F. Holton were almost instantly killed. Smith figured unconscious for more than a day. He

SENATE VOTES OUT ALL \$720 SALARIES

Postoffice Employees Cannot Live on Less Than \$800 Is Decision.

WASHINGTON, Feb. 26.—That a man cannot live on \$720 a year and "keep up appearances" was the decision of the Senate last night when it overturned its postoffice committee, voted out all \$720 salaries for postal clerks and mail carriers and accepted the \$800 minimum salary provision fixed by the House.

The decision came at the end of a fight in which the advocates of higher government salaries clashed repeatedly with those who declared the working men of the country had to "pay the bill." Senators Curtis, Cummins and Kenyon led the fight for higher wages, while Senator Eristow, defending the Senate committee, declared he never would vote to raise government salaries until there was some means of protecting the laboring men outside the government service. The Senate adopted the \$800 salary by a vote of thirty-one to seventeen. Senator Ashurst produced figures to show that the average man in a responsible position could not maintain his family for less than \$720.

"That includes nothing for a book, a theater ticket, an excursion or anything that makes life worth living," he declared.

The average wage of American labor, Senator Cummins admitted, was not in excess of \$500 a year, but he said government employees must keep up certain appearances and the government should set the example of raising the minimum wage.

QUITS NORTHERN CO. TO RETURN TO S. P.

SEATTLE, Wash., Feb. 26.—C. J. Jones, traffic manager of the Alaska Steamship Company and of the Copper River and Northwestern Railroad in Alaska, both owned by the Morgan-Guggenheim Alaska syndicate, tendered his resignation yesterday, effective March 1. The position of traffic manager will be abolished on that date, and the work of the office will be handled by J. H. Bunch, who has been promoted to general freight and passenger agent. Jones will return to the Southern Pacific Railway Company at San Francisco, where he held the position of general freight agent up to 1910, when he resigned to enter the service of the Alaska syndicate.

The Return of Blood Eruptions

No Reason Why Anyone Should Suffer With Such a Disheartening Experience.

No case of contagious blood poison is ever cured until the last particle of the virus has been removed from the circulation. The least taint left in the blood will, sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored spots, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. has cleansed the system of the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven in hundreds and hundreds of cases all over the country.

You will find S. S. S. for sale in all drug stores at \$1.00 per bottle. Write to The S. S. S. Co., 127 Swift Bldg., Atlanta, Ga., for private medical advice and a descriptive book on all blood diseases, sent free, sealed in plain wrapper.

OUTLINES HIS PLAN FOR REFORM WORK

Stanley W. Finch Tells Method of Reclaiming Victims.

WASHINGTON, Feb. 26.—Stanley W. Finch, special commissioner of the department of justice for the suppression of the white slave traffic, outlined the plans of the National Welfare Association, declared that a successful effort for the suppression of the evil must include general education of the people, enforcement of the law and reform work among the victims themselves. The National Welfare Association, which proposes to cover these three essential points in its work, is an outgrowth of the work of suppressing the interstate traffic in white slaves.

Finch declared that in every white slave case investigated by the department, victims have expressed the desire to reform. To accomplish this reform it is the purpose of the association to interest the victim in the association and to employ them in its work.

He cited a case of a girl who was engaged to aid in the work in one of the principal cities. When one of her former companions tried to lure her back to her old life the young woman converted her to the reform movement. Her former companions are now working to establish boarding houses in all the cities in charge of competent matrons. The association, now working in 260 cities, plans to extend its work to 500 as soon as possible.

LITTLE GIRL HOBOS ARRESTED FOR THEFT

SALT LAKE CITY, Utah, Feb. 26.—After "beating" their way to this city from Pocatello, Idaho, Mildred Frettenstine and Bernice Simpson, both of whom are a month short of 10 years old, proceeded to enrich themselves at the jewelry counter of a local department store yesterday. They were caught in the act and turned over to the police.

In spite of their tender years, the tots were well versed in the slang of the street and, without a tear or sign of fright, told the police that they had "beat it" from Pocatello. They explained that after they had boarded the train a kind-hearted passenger covered them with his overcoat and in this way they escaped the eyes of the conductor. When asked if they had anything to eat, one of the girls replied: "Of course we have; I hocked my ring for 30 cents."

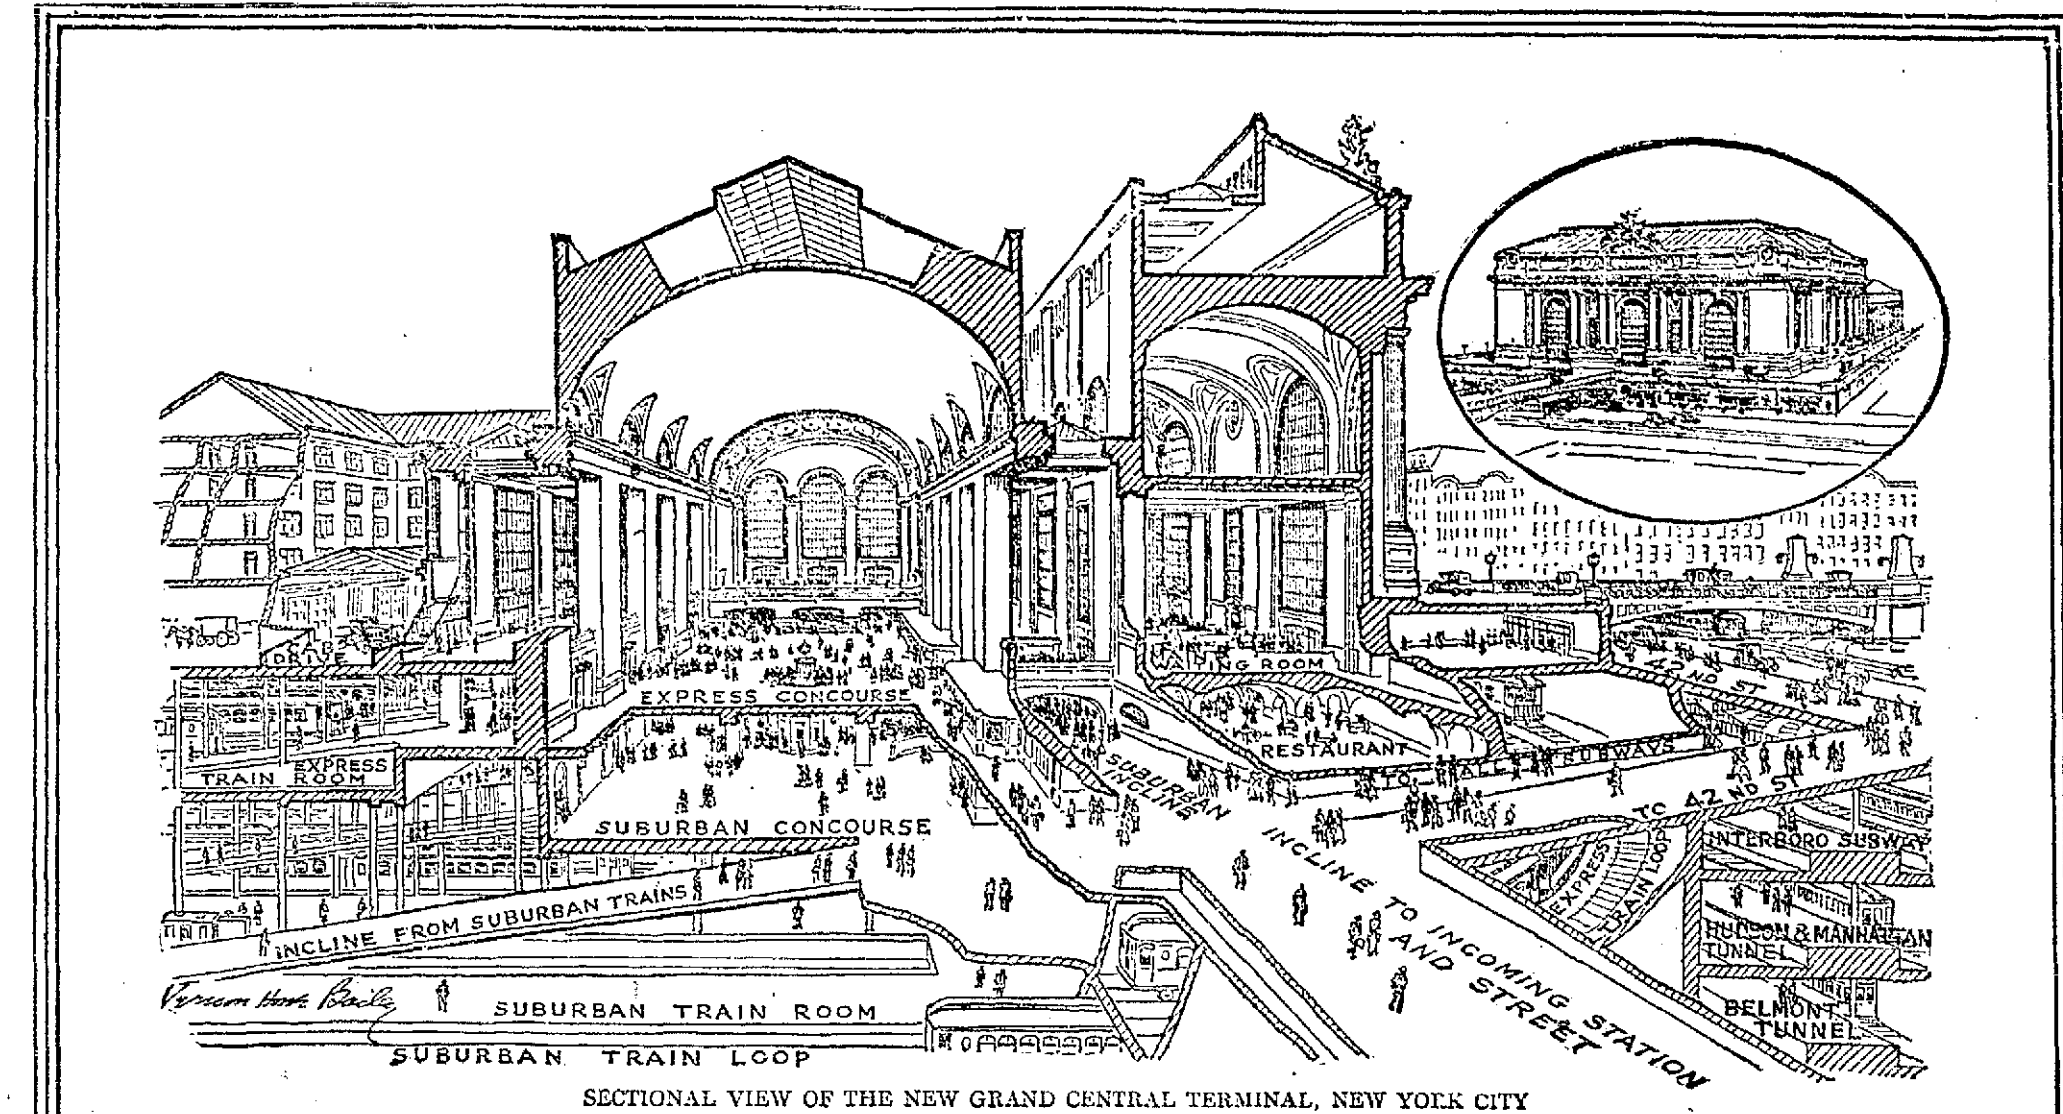

SUICIDE RECORDS ALL DETAILS OF HIS DEATH

PHILADELPHIA, Feb. 26.—With a stethoscope fastened to his ear and a tiny steel blade made by himself embedded in his heart, Karl Schneider, an instrument maker at 208 South Eleventh street, was found dead, a suicide, by his wife and a friend yesterday.

The man had calmly resolved to die. Familiar through years of manufacturing instruments used in surgery, he determined to use his last moments to feel the oncoming death.

He lay down on a couch, placed the stethoscope on his ears, then took the lance and slowly started it working toward his heart. As the lance threaded its way through the flesh and muscle, the man could hear the heart beats as they throbbed their way through the delicately adjusted instrument, that registered their pulsations. As calmly as if death were the last thought in his mind, the man stabbed himself through the heart.

New Grand Central Terminal The Heart of New York City

THE interior of the New York Central Lines' new Terminal, just opened in New York City and dedicated to the Public Service—is a marvel in size and compactness, beauty and utility, comfort and convenience—a terminal larger than and different from any other in the world.

Broad inclined walks take the place of stairs—the distance from street to train is a short, easy walk.

Standing at the center entrance on 42nd Street you can see The Twentieth Century Limited, across the waiting room and concourse.

The movement of the traveler is a progressive one, the ticket windows coming first, the Pullman windows next, the baggage office third, then your train.

There are no steps to retrace, no time lost, passengers proceeding direct from waiting room or concourse to train platforms.

There are two great concourses, each 300 by 120 feet, one for

through passengers and the other for suburban passengers.

The tracks on two levels within the terminal aggregate 33 miles. Forty-nine acres are devoted to through traffic and thirty acres to suburban traffic.

Thirty thousand people may be comfortably accommodated in this terminal at one time. Over twenty million will use it in a year, indeed it is planned to accommodate a hundred million people annually.

All trains entering and departing from the Terminal are drawn by electric motors—no smoke, no noise, no dust, no spot.

Train platforms are broad, and level with car floors; no steps to climb, or descend.

For the comfort and needs of women, there are private rest rooms

and waiting rooms with maids in attendance, toilet rooms, manicure and hair dressing rooms, and shops—all within the terminal.

Surrounding the Terminal is building a new civic center, embracing convention, amusement and exhibition halls, hotels, clubs, and restaurants, post office, express offices, modern office and apartment buildings and numerous stores and specialty shops.

The new Grand Central Terminal is located in the heart of New York, and is the only station on all lines of local traffic—the subway, the surface and the elevated. More than 7,000 cars pass its doors every day, affording easy transit facilities to the furthestmost part of New York City and suburbs. Within a radius of a few blocks are 49 hotels, 58 clubs and 35 theatres.

Plan your next trip East over the Water-level Route of the New York Central Lines. Enjoy three hours along the Hudson, and reach the heart of New York through this remarkable Terminal.

RURAL SCHOOLS ARE WEAK SPOT

National Educators Discuss Measures and Hyatt Makes Suggestions.

PHILADELPHIA, Feb. 25.—Betterment of the rural schools was declared to be the most pressing educational program of today by prominent educators in addresses tonight at a meeting of the rural schools committee of the National Council of Education.

Edward T. Fairchild of Durham, N. H., president of the National Educational Association, stated that the rural schools are the one weak spot in the American system of education. This was caused, he said, by the lack of trained teachers, inadequate supplies, absence of properly constructed buildings and the shortness of the terms.

Edward Hyatt, state superintendent of public instruction, Sacramento, Cal., said he believed that preference should be given to country teachers, as those who have been reared on farms are better able to sympathize with and instruct pupils in matters with which they will have to deal.

CHARGES MURDER TO CONSPIRATORS

Alleged Confession of Buttonhole Worker Implicates Men and Young Girl.

NEW YORK, Feb. 26.—Abraham Steinberg, a walking delegate, was murdered on orders of buttonhole contractors who feared his labor would injure their business, according to the alleged confession yesterday of Harry Wagner, the man charged with the killing. Wagner, who was arrested shortly after the murder on January 26, confessed to the police, they say, that he committed the crime for \$50 and because of a threat that he would be prosecuted for forgery. The object of the contractors was to prevent the signing of a contract arranged by Steinberg, which would have eliminated them as middlemen and causing the clothing manufacturers and the National Buttonhole Makers Union to deal directly with each other.

Wagner, the police say, named Abraham Flakoff as the buttonhole contractor whose name he had forged in checks. Flakoff, his 18-year-old daughter and Louis Weinstein, also a buttonhole contractor, were arrested today, the men charged with homicide and the girl with being an accessory after the fact.

DAMAGE TO GREAT DOCK IS EXTENSIVE

Admiral Cowles Reports on the Condition of Pearl Harbor Base.

WASHINGTON, Feb. 26.—Admiral Cowles, commandant of the Pearl Harbor Naval Station, Hawaii, advised the Navy Department today that examinations just completed show that the bottom of the two sections of the great naval dry dock adjoining the section which collapsed last week, had not risen as was feared. This indicates that the damage to the dock, though extensive, is much less than was supposed.

The Navy Department is anxious to have the dock ready as soon as possible after the opening of the Panama Canal, as the Puget Sound dock will be the only one available for naval purposes on the Pacific Coast, a serious consideration if the Atlantic fleet is sent through the canal.

STUDENTS LEARN MEANING OF TIME

Harvard Collegians Begin the Copying of Modern Efficiency Methods.

CAMBRIDGE, Mass., Feb. 26.—Copying modern efficiency methods, Harvard students are keeping tally on the way they spend their time. The committee on scholarship desires to determine the relative periods devoted to college activities and to other interests. There is said to be no present intention of "speeding up" the students' work, but recommendations may be made as to how they might more profitably employ themselves.

In cards which have been issued, undergraduates are asked to tell how much time is spent in eating, in sleeping, in studying, in athletics, at theaters and in all other ways. A careful record is to be kept for one week, and the cards are then to be returned to the committee. The result of the canvass is to be published.

LEAVES HIS FORTUNE TO PURCHASE BIBLES
CENTERVILLE, Ia., Feb. 26.—Directing in his will that the words "Read, pray and obey" be printed on the fly-leaf of every Bible, Dr. Amos Patterson of this city, who died last week, bequeathed his entire estate and personal property valued at \$60,000 to the American Bible Society for the purpose of translating the Bible into Chinese, Japanese, Hindin and African languages.

Dr. Patterson was buried yesterday. Money back if it fails.

HAMMERSTEIN WEDS CHORUS GIRL, RUMOR

NEW YORK, Feb. 26.—It was said in Broadway circles yesterday that Oscar Hammerstein, the impresario, has taken unto himself another wife. Who the new Mrs. Hammerstein was before her marriage or when or where she became Mrs. Hammerstein was not revealed by friends or the opera magnate. One rumor had it, however, that the bride was formerly a chorus girl and that she once lived in Syracuse. The pair are said to be living in apartments on the Riverside drive. It was said that the wedding was celebrated within the last three months. Hammerstein refused to confirm or deny the story. Hammerstein's former wife died in November, 1910, after having procured a divorce from the impresario.

PROTEST RENEWED AGAINST USE OF PAVILION

Letter to Council Revives the Objection to Presence of Athletic Club.

Matter Continued to Give Mel Moffatt Chance to Appear.

Protest was renewed before the city council this morning against the use of the Piedmont pavilion as a headquarters for the Oakland Wheelman Athletic club, the protest being filed by C. J. Schulz, 129 Vermont terrace. The matter was continued to give Mel Moffatt, manager of the club, an opportunity to appear and show cause why his permits to hold boxing exhibitions should be continued.

It is understood that Moffatt will make a strong fight to retain the privilege and will be backed by the residents in the immediate neighborhood in his appeal. The pavilion cannot be torn down on account of the terms of the lease, and the residents are anxious that it should be used, rather than that it should be relegated to the position of barnlike incumbrance.

LETTER TO COUNCIL.
Schulz, in his letter, asked that the permit for the boxing exhibitions scheduled for March 12 be not granted. This permit had already been granted by the council, however, and will not be revoked. The card for that date will be given as scheduled.

Schulz's communication to the council follows:

To the Honorable City Council,
City of Oakland,
Oakland, Cal., Feb. 25, 1913.

Gentlemen:—On October 22, 1912, a protest was filed with your honorable body relative to the prize fight being held at the Piedmont pavilion. At the hearing of this protest the prize fight promoters made a plea for time to move to the New Market building, corner Sixth and Washington streets.

Information at hand tends to show that no such arrangements for tenancy in that building had ever been broached and as a consequence we still have this evil with us. On March 12 next Promoter Jimmy Bohan, donate a purse of \$3750 and an additional sum of \$500 and a percentage of gate receipts to the victors scheduled to fight on this date.

These fights are to be participated in by Champion Middleweights McAllister and one Meehan and Hickey and Azevedo. There is no question as to whether these are boxing exhibitions or prize fights, and the protesters desire that you take immediate action to prevent any future fights at the aforesaid Piedmont pavilion.

(Signed) CHAS. J. SCHULZ,
For the Protestants.

ETHEL WILLIAMS TELLS HER STORY

Accuser of Dr. Otto C. Joslen is Again on Witness Stand.

SAN FRANCISCO, Feb. 26.—Ethel Williams, a 15-year-old sang girl, who is prosecuting a charge of betrayal against Dr. Otto C. Joslen, was on the witness stand in Superior Judge Lawlor's court throughout the morning and told with trembling lips, downcast head and averted eyes the story of her alleged relations with the wealthy practitioner.

The courtroom was crowded with a throng of the curious who filled every seat and occupied all the available standing room at the rear.

The witness, on direct examination, in response to questions by Attorney Cunha, detailed a trip to Los Angeles, taken in company with the physician. She said she had told her mother that she was going to visit friends in the neighborhood in connection with her giving up work in the candy-store, saying that she did so at Dr. Joslen's request.

It was at his instance also, she declared, that she went to business college. She had planned to acquire an education which would aid her in assisting Dr. Joslen after she married him, as she supposed she was going to do, she claimed.

RESIDENCE FIRE SENDS IN ALARM

Flames Blazing From Roof Cause Many People to Seek Alarm Boxes.

SAN FRANCISCO, Feb. 26.—A fire which almost destroyed the new residence of J. Coppin, 142 Twentieth avenue, at 11 o'clock this morning, caused such excitement in the neighborhood that five different alarm boxes were "pulled," and all of the apparatus in the north of Market section was started on the way to the blaze. As soon as the flames commenced shooting forth from the roof, men, women and children rushed from their houses in search of fire boxes. Two of the alarms were turned in at a distance of eight blocks from the scene. The fire, which was serious for a short time, was soon under control after the first company had arrived. Several adjoining structures caught from flying embers, but no other damage was done other than the Coppin home, into which the family had just moved.

STREET PROJECT STIRS PROTEST

Mass Meeting Called for Friday Evening to Discuss Opening.

EDITOR TRIBUNE: IN THE TRIBUNE of February 24, 1913, lengthy article appears setting forth the advantages of opening Clay street to Twenty-fourth street.

Before going into details, your committee desire to respectfully state that they are not opposed to any legitimate improvement that will benefit the entire city and its citizens, but we do positively claim that with the proposed bond issues which will necessarily take place in the near future so that we may be enabled to take care of our water front, the completion of our city hall, the paying to the fair commission of San Francisco, the \$1,000,000 promised them, and all of these, in addition to our present high tax rate of nearly three per cent, will indeed prove a burden that will amount in most cases to a hardship for the majority of the property owners.

The proposed extension of Clay street is absolutely unnecessary, and a mass meeting will be held in Forester's Hall on Friday evening, the 28th day of February, 1913, to protest against the proposed extension.

This hall is situated over Goldberg-Bowen's store, Clay and Thirteenth streets. Meetings which would be held at 8 p. m., and as your property is in the district that would be assessed, it is positively to your interest to be present, for if this proposed improvement should go through, it will cost you a large amount.

Again respectfully urging the necessity of your presence, we beg to remain, Respectfully,

THE COMMITTEE.

Hannah Meow has complained in her suit filed today that Frank A. Meow planned a trip for her to Sweden to visit her parents. She said that she was gone seven months and that when she returned he refused to live with her.

Trusted of being a bona fide, Margaret E. Dunlop preferred to go with other men, according to the complaint for divorce filed by David Dunlop today.

Mrs. Viola Venekens has filed suit for the annulment of the marriage of her daughter, Bernice Olga Venekens Kelley, to Walter W. Kelley on the grounds that she was not of age when the ceremony was performed.

MURDER VEILED IN MYSTERY; WOMAN IS JAILED

Wife of Slain Man Too Hysterical to Give Account of Death.

Says Husband Threatened Her and Denies That She Killed Him.

ATLANTA, Ga., Feb. 26.—The mystery surrounding the death of J. A. Applebaum, a Chicago salesman, who was shot and killed in a hotel, remained unsolved, although Mrs. Applebaum is under arrest, pending a grand jury inquiry.

People in the hotel found Applebaum's body on the floor of his apartment Mrs. Applebaum, in a hysterical condition, was found on the stairs outside. She has been unable to give a coherent account of the tragedy. When questioned at the inquest she told of a quarrel with her husband and said he had demanded at the point of a revolver that she give him her diamond necklace and earrings.

Mrs. Applebaum testified her husband said: "I'll give you just five minutes more to live." That's all I remember," she declared. "I don't think I shot him."

Mrs. Applebaum declared that she had married Applebaum twice, but she refused to give details. According to dispatches from Kansas City, Applebaum had been married to a woman there who was granted a divorce from him only last week.

Mrs. Applebaum said she had known about this other wife for several weeks and that she learned yesterday that Applebaum was to have been married soon to a woman at Saginaw, Mich.

WEALTHY MOTHER MUST ANSWER DAUGHTER'S SUIT

As the result of a suit for maintenance filed three weeks ago by Mrs. Luella Meelen, a hospital patient in this city, against her mother, Mrs. H. E. Riley, the defendant has been served with papers in Los Angeles, according to the announcement of attorneys representing the daughter. Mrs. Riley will now have to appear and defend herself in the local courts. Mrs. Meelen asks for \$300 per month for her support, alleging that she has been in the hospital for four years and that her mother, who recently married, has refused to contribute to her aid. The complaint recited that Mrs. Riley had gone on an automobile tour with her husband and that she is worth \$100,000.

NEW YORK MAYORS DISCUSS CASES

NEW YORK, Feb. 26.—The mayor of New York, two former mayors and a host of other high officials in and out of office, will help a committee of state legislators to frame legislation to remedy the police situation in New York. The committee began today before this committee will continue until the members feel themselves able to diagnose the recent police graft scandals and prescribe laws to cure them.

Mayor Gaynor, former Mayor George B. McClellan and former District Attorney William T. Jerome are expected to give their views tomorrow.

JURY FINDS STIRGIOS GUILTY OF BURGLARY

A jury in Judge Donahue's court brought a verdict of guilty against William Stirgios for burglary in the first degree, after being out for only seven hours. She lives at 1403 Josephine street, Berkeley.

MARE ISLAND NOTES

MARE ISLAND, Feb. 26.—One of the prettiest of the recent dinners given at Mare Island was that at which Lieutenant Commander and Mrs. G. W. Edwards entertained a half score of guests, when red carnations and ferns were used for the decorations. Red-shaded lights and appropriate place cards served to carry out the general color scheme, and covers were laid for Captain and Mrs. Henry T. Mayo, Mrs. Winn, Captain and Mrs. Frank M. Bennett, Lieutenant Commander and Mrs. Samuel S. Robinson, Mr. and Mrs. Brooks, Lieutenant Ernest A. Brooks of the Cleland.

Captain and Mrs. Arthur B. Owens entertained very informally at luncheon at Mare Island a few days ago. Lieutenant and Mrs. Sidney N. Raynor, who have recently arrived at Mare Island, where the former has been assigned to duty at the marine barracks. They have taken apartments at the Collins in Vallejo, where they will make their home during the early spring.

Lieutenant John B. Howell, who has been attached to the Cleland, will be at Mare Island for the last couple of months, is to leave the service within the next week or two, having decided to take the more rapid advancement offered in business life. He has accepted a position as organizing engineer for a large New York company, which he will represent on the coast, having his headquarters in San Francisco. Lieutenant Howell has a host of friends in San Francisco, and it is to be expected that he is to make that city his home. His resignation has already been accepted by the navy department.

Mrs. Almee Ralston spent a few days at the navy yard last week as the guest of friends.

Mrs. Brigham has returned to her home in San Francisco after a few days' visit to Mare Island, where she was the guest of Lieutenant Commander and Mrs. Clarence Kempff.

Miss Ella Regensburger of San Francisco spent the week end at Mare Island, leaving on a short visit to Mare Island.

LIVE OAKS DISCUSS PLANS FOR NEW CLUB'S PROGRESS

Luncheon Is Held in the Grill Room of Hotel Oakland

So enthusiastic were the Live Oaks over the prospects of their commercial club growing from infant's size to man's estate, after a meeting last night at which the chairmen of the various committees were appointed, that they passed the word this morning to gather in the grill room of the Hotel Oakland at luncheon, when the work of last night was fully discussed.

With only half an hour's notice 65 members were on hand and the greatest satisfaction was expressed on all sides with the policies as they have been outlined by the organization. President Harmon Beal has appointed the chairmen of 15 committees and each chairman is to select four additional committeemen. In this manner the greater harmony and efficiency will be secured on the committees and at the same time 75 members will be put into active work.

BANQUET IS PLANNED.
The "big event" which the Live Oaks have on hand at present is preparation for the "join-hands-around-the-bay banquet," at which 300 of San Francisco's leading financiers are to be extended the right hand of good-fellowship in an effort to bring about that spirit of co-operating best. This event, the members aver, is the needed factor in finding ways and means to bringing about the feeling of commercial good will that is to work for the betterment of San Francisco bay.

Intent on the securing of a permanent home the club's board of officers has directed C. J. Heeseman, newly appointed chairman of the house committee, to decide on a location that the club will use until a new building can be completed. Many flattering offers have been made to the club in the way of locations, but as yet nothing has been permanently decided upon. It is the intention to start a building fund for a home as soon as possible.

PICTURES DONATED.
W. H. Wellbye has presented the club with two handsome pictures and C. J. Heeseman has also donated an oil painting which will be hung in the room.

The new heads of the committees are: S. B. Bull, chairman of civic interests committee, Jos. H. King, parks, playgrounds, public buildings, etc., Chas. F. Gorman, ways and means; W. W. Keith, transportation, harbor and franchises; Chas. Leonard Smith, membership; F. W. Leavitt, legislation; F. W. Bilger, commerce; D. L. Aronson, manufacture and new industries; D. E. Perkins, press and publicity; O. E. Holt, conventions and assemblies; L. Richardson, arrangements; Taylor W. Bell, good roads and highways; E. N. Walter, health sanitation and benevolent associations, and C. J. Heeseman, chairman of the house committee.

SUIT BROUGHT BY CITY IS DISMISSED

Superior Judge W. H. Waste today dismissed the suit of the city of Berkeley against the Pacific Telephone and Telegraph Company with judgment to the defendant upon default.

STRANGER INJURED.

An unidentified young man rode his bicycle from behind one street car into the side of another traveling in the opposite direction at Tenth street and San Pablo avenue shortly after 1 o'clock today. He was knocked unconscious and taken to the receiving hospital, where he was attended by Dr. O. D. Hamilton and Steward Cane.

MRS. PANKHURST IS HELD FOR HEARING

EPSON, Eng., Feb. 26.—Mrs. Emmeline Pankhurst, the militant suffragette leader, was committed to trial by a police magistrate here today on the charge of inciting persons to commit malicious damage to property. Her defense was reserved for the trial at the assizes.

BEER SIGN AFIRE.

Sparks from a chimney on the roof of the building located at the northwest corner of Eighth street and Broadway ignited a brewery sign with the result that one board of the sign was destroyed. No other damage was done. The blaze was extinguished by the fire department.

CLAREMONT HOTEL TO BE EXCLUDED

Merchants' Exchange Indorses Movement to Change Mile Liquor Zone Law.

Unanimously endorsing the movement to exclude the Claremont Hotel from the mile-limit liquor zone, the Merchants' Exchange last night appointed a committee to communicate with the Alameda county legislative delegation. President A. G. Taft and Secretary Walter Walker were named to call on the members of the delegation and request their support in the passage of necessary legislation. It was further provided that the committee should go to Sacramento, if needed, to support those laws necessary to removing the hotel from the present limit.

At a recent meeting of the Chamber of Commerce board of directors the plan was endorsed and the organization as a whole called on to join in a petition to the Alameda delegation. The appointment of a committee to confer with the senators, without delay, was also authorized.

PETITION IS ADOPTED

The petition adopted follows: To the Alameda County Delegation in the Legislature of the State of California Gentlemen: We, the undersigned, believing that the existing law which defines the "mile limit" as to include therein the Claremont Hotel is unreasonable and unnecessarily stringent since said hotel is at least one and one-quarter miles from any practicable route from the University of California, and is away from all ordinary routes of travel.

And further believing that said "mile limit" can be so modified as to exclude the Claremont Hotel therefrom without in anywise affecting the best interests of the University of California; and further believing that an institution like the Claremont Hotel cannot be successfully conducted unless permitted to serve wines and liquors to its guests; and further believing that said Claremont Hotel, with its ideal location, magnificent appointments and superb grounds will be a great asset to the east bay communities and a great factor in their development; if it is permitted to remain open to its doors to the approaching flood of tourist travel;

Do hereby request and urge you and each of you to use your utmost efforts to secure the enactment by the state legislature of a statute which shall exclude said Claremont Hotel from the restricted area in the vicinity of the University of California to the end that the communities which you represent may receive the large benefits and the great distinction accruing from the location and operation in their midst of a tourist hotel second to none in the state of California.

CITY CLUB HEARS RED LIGHT BILL WILL PASS

BERKELEY, Feb. 26.—Legislative matters of different import were discussed at last evening's monthly meeting of the City Club, held in the room of the Hotel Shattuck. Dr. David P. Barrows of the University of California presided.

C. C. Young of this city, speaker of the assembly, declared in his address that he believed the red light injunction bill, introduced at the request of the city of Berkeley for immoral purposes, would succeed in passing the assembly. He was not certain what chance it had in the senate. Miss Blanche Morse made a plea for the bill and for efforts in its support. Assemblyman William Clark of this county discussed the work of the legislature up to the recess.

Hints on Hair Health

If you use our treatment, we will either stop your hair from falling or pay for the treatment ourselves.

Dandruff is a contagious disease caused by a microbe which if not removed causes baldness. This microbe often comes from a comb or brush belonging to someone else.

If you are troubled with dandruff, itching scalp, falling hair, or baldness, we believe that Rexall "93" Hair Tonic will do more than anything else to remove the dandruff, destroy the germ, make the scalp healthy, and stop falling hair, and, if there is any life left in the roots, also promote growth of new hair.

We believe that probably 85 per cent of the cases of baldness could be overcome if people would only use Rexall "93" Hair Tonic for a reasonable time, as directed.

We don't want you to take our word for this. We want you to test the merits of Rexall "93" Hair Tonic at our risk. If you use it and it does not give satisfaction, just come back to us and tell us, and we will immediately hand back to you the money you paid for it. You promise nothing, sign nothing and your mere word will be taken for it.

We are dependent upon your confidence and patronage, and we would not make these claims, or make this offer if we did not believe that Rexall "93" Hair Tonic is the very best hair preparation you can use. Two sizes of bottles, 50c and \$1.00.

You can buy Rexall "93" Hair Tonic in this community only at THE OWL DRUG CO.

MILLS STUDENTS HONOR TEACHER

Party of Pupils Will Attend the Recital at Century Club.

As a mark of appreciation of Professor Edward F. Schneider, teacher of piano at Mills College, several of his students are making up a party to attend the student's recital Friday night at the Century Club in San Francisco.

Appearing at the recital will be Miss Maude Ross, Miss Charlotte Chen, Miss Jean Brown, as pupils of Professor Schneider, the latter being a college student and the other two being graduate members. Twenty-eight students of the college attend the symphony concert at the Cort Theater Friday, when one of the numbers rendered was a symphony, "Autumn," written by Professor Schneider.

The students in the class in commercial geography will pay an educational visit to the steamship Korea in San Francisco bay Saturday. The pupils will be in charge of Professor Earle G. Lindsey, professor of astronomy and geology. The trip is one of several planned by Professor Lindsey to study commercial and transportation facilities of San Francisco bay.

Fourteen members of the faculty and persons connected with the college visited the outer Maryland at Santa Island. The visit came as the culmination of a day's trip about the bay in a launch. The party was in charge of Professor Lindsey, the day closing the Washington's Birthday holidays at the college. Classes were resumed today.

Rev. Edgar Devotion of England, who returned this morning after a 16-years' stay as a missionary in China, will lecture at the college tonight. The lecture will be on "The Church in China" and will be held at Mills Hall. Rev. Mr. Devotion is on his way to his home in England on furlough.

GREAT CHIEFS TO VISIT CHEROKEE TRIBE TEPEE

Several of the Great Chiefs of the Redmen have notified the Cherokee tribe of Redmen that they will pay a fraternal visit to their tepee tonight at the Native Sons' Hall, Shattuck avenue. The committee extend a hearty invitation to all visiting brothers, and hope to have the hall packed.

WILL IT BE THE LAST KISS? DO NOT FORGET LOVE'S BOND

By LAURA JEAN LIBBEY

Copyright 1913, by Laura Jean Libbey.

"How I regret the day, dear, since I last kissed you. This was the last kiss of a husband and wife. When the fitted results of a husband's kiss. And the woman it should be a kiss of love. With a wife's heart and a husband's love cast into the sea of the past."

LAURA JEAN LIBBEY.

It will always be a deep regret in her heart that she refused him that last kiss.

The kiss is and always will be a bond of love. When a betrothed lover sues for it as a means to bridge over a little quarrel his betrothed widens the gulf between them by denying him that means of reconciliation if her love for him is yet steadfast and true. It's a bad habit for a young married couple to get into—to forget to kiss each other. In every age and every clime it has been acknowledged as the medium of expressing affection. Like every other noble and tender sentiment, it can be misused. It is love's strongest weapon, but it may be the means of disillusionizing either a man or a maid by too free use of its privileges. More lives have been blessed and, again, more lives have been wrecked by kisses than people dream of. It is one of the subjects on which philosophers and the wisest of men and women avoid controversy as much as possible. But there is no subject of such vital importance to the human race and which needs to be so much discussed for the benefit of young women. The modest maiden feels shy almost to alarm when the lover with whom she has just plighted her troth pleads with her for the exchange of a kiss to seal their pledge. The girl from whose lips any comrade can steal a kiss for the asking finds it difficult to get a husband. The best wives, we are often told, are those who refuse their kisses until after wedlock. The girl who yields to a young man's entreaties for a kiss upon short acquaintance, when he has no right to claim it, should beware. Take care. More likely than not she will find his first kiss his last one for her.

HAVE THEY SERIOUS INTENTIONS?

"Dear Miss Libbey: We are two young girls, each keeping steady company for over a year with our gentlemen friends. They do not want us to go out with other young men, but have not mentioned anything about marriage as yet. One of the young men left the city a month or so ago and has not written to A, but the other young man is still a constant caller on B. Do you think they have any serious intentions? Would it be showing too much affection on A's part to accept an apology from the young man out of town if he should write stating a good cause?"

So long as you are not engaged to the young men they have no right to expect you to give them all your time. Girls too often make the mistake of giving all their time and attention to men to whom they are not engaged. After a couple of years they find themselves entirely without any other men friends.

ASKS WHAT OUTCOME WILL BE.
"Dear Miss Libbey: I beg to state I am deeply in love with a girl and at all times she says I'm quite con-

tent at home and have all I desire. There have been objections to our keeping company, as we are not of the same blood, but for all that she says she sincerely loves me. But every time I speak of the future and ask her to share whatever the outcome may be whether joy or sorrow, will she do it? We are both somewhere near the same age—25 years, I claim. We are old enough to know right from wrong. I've made numerous and valuable presents to her, which she has admired to her heart's content, but she seems to have no interest in my great love inwardly, but she doesn't show it openly and seems to keep me in suspense always. I have given and devoted all my spare time and consented to comply with anything she may desire of me, and now, through proving myself a gentleman, I've won the respect of her parents, but still she is distant with me. Now do you think it wise if I would quit her company to test her affections? She may then come to me with her love."

I think perhaps it might be a good idea for you to transfer your attentions to some other girl for a time. This is often the quickest way to find out whether a girl cares for you or not. Some girls are like me in that they prize most that which takes the greatest effort to acquire, and perhaps you have shown too markedly your liking for the girl. Try a little about treatment for a while.

USED TO TAKE HER TO CHURCH.
"Dear Miss Libbey: Two years ago I met a boy of 19, and I liked him better than any boy that I have ever been with, and he was the same by me, for he said and acted so. As he worked very near my home, I saw him every day, and he would walk home with me and stand and talk. He never really had an engagement, but one time he took me to church, and he was never allowed to come again; some one who did not like him told something on him and he could not call on me any more. He told me then that he would always love me, but would never come back to my home without my people's consent. That summer I went on a trip and didn't see him, and the following winter I went off to college and never saw him nor heard from him; but the last summer and fall I have seen him several times to speak a few words. He is very stubborn. Please tell me what I could do to go with him again. I know I like him very much and I think I love him, for when I see him I can hardly stand it and feel like crying my eyes out to think that I have missed so much on account of a story. He has a fine position now and is a very earnest worker. I haven't seen him in a long time, only to speak to him. I could go with him now."

"A LONELY GIRL."
You might drop the young man a note and ask him to call at your home. If your mother's attitude toward him has changed you might tell him in the note that your mother, too, would be pleased to have him call. This at least will give you an opportunity of seeing whether or not he is still interested in you.

SHE HAS A LONELY TIME.
"Dear Miss Libbey: I hear that you are always glad to help people in their trouble, and I would like your advice in my affair. I have rather a lonely time, for when I see my own way, and I would like to get married before I am an old maid. The worst of it is, how am I going to get a husband? I have blue eyes and Auburn hair and am considered good looking. I know three young men, whom I like very much, one especially, and who I am sure likes me. In fact, I feel like I could not live without him, and he has asked me to him to propose to me? He talks to

1/2 Less Cottolene is required than Butter or Lard

That's simply because *Cottolene* is richer than either lard or butter. It makes better food, too—food free from grease and indigestion—food that is light and crisp and flaky—food that digests easily and does you good. *Cottolene* contains no hog fat. It is a vegetable product—made from choicest cotton oil.

Cottolene

Nature made it, and Nature knows what is good for human stomachs. Don't cry any more about the high cost of living until you have practised the economy which the use of *Cottolene* will enable.

Discard lard altogether, discard butter except for your table, and use *Cottolene* for all shortening and frying. The results, as well as the economy, will make you thankful for having read this advertisement.

Try This Recipe

GINGER DROPS
Cream one-half cup of *Cottolene* with one-half cup of sugar and add one cup of molasses. Beat into this two and one-half cups of flour sifted with a teaspoon each of salt and cinnamon, also a tablespoon of ginger. Add two well beaten eggs and three fourths of a cup of boiling water, in which two teaspoons of soda have been dissolved. Bake in muffin pans in very moderate oven. These are particularly tender and delicate and may be served as individual puddings with sweetened cream.

me a great deal and is very attentive to me, but he does not take me out much to places of amusement. Do you think that it is because he doesn't care for me or because he can't afford to? How shall I let him know I love him, and how bring about our meetings often? Should I write a note telling him I would meet him at some place or what? Please write to me at once, as I am very greatly puzzled. BERTHA D."

Under no consideration think of writing the fellow a note asking him to meet you away from your home. The fellow would think you were a rather queer girl, indeed, to do such a thing. Drop him a note asking him to spend an evening at your home if you care to do so. I think you are a bit too anxious to get married to be successful. You know men like to do the running in the matrimonial game themselves. They care very little for a girl who makes too plain to them her interest in them.

ARREST REVIVES OLD GOSSIP IN DAWSON

DAWSON, Feb. 26.—The recent arrest of Glen Shepard, the purser of the steamer Humboldt, on a charge of being implicated in the robbery of \$57,000 in

Fairbanks gold which passed through Dawson on route south in 1910, revives the interest here in the earlier arrests, when E. L. Smith and Margaret Henry, alias Mrs. Smith, formerly of Dawson, were arrested in San Francisco. Smith was in Dawson accompanied by

Margaret Henry and they cut quite a swath here in certain circles, particularly among the resorts. Both were dressed like fashion plates, and every afternoon went driving up the creeks behind the fastest horses the town could afford.

JACK NESS SHOWS NICE FORM IN FIRST WORKOUT

Recruit First Baseman Reaches Camp With Wife and Joins Oaks

By C. A. LOCAN.

LIVERMORE, Feb. 26.—Jack Ness, the New Bedford recruit first baseman who arrived last night, appeared in uniform for the first time on the field this morning. Ness worked out nicely and showed himself to be in good condition considering his long journey. He was accompanied to Livermore by his wife.

According to advices received this morning by Manager Mitze, Bill Malarkey has signed with the Oaks and will arrive in Livermore for training within a few days. Zacher also is expected to arrive this week. The only men now missing from the squad are Zacher, Killilay, Christian, Malarkey and Tiedemann. Christian and Malarkey, it is understood, are still holding out. Harry Killilay, who arrived yesterday, was out in uniform today. He proved a wonder at the bat.

Morning practice yesterday shaped up the Oakland team in more definite form and by afternoon the players showed up in almost old time form. Practicing was the only thing in the squad. A severe cold, rendered worse by the benefit game, coupled with a slight attack of stomach trouble prevented him from sitting on his bench and he lingered away, consistently on the side lines while the team went through its paces.

A spirited contest for first base is expected if "Big Jawn" Tiedemann shows up for practice this year. Gariner, the new man, worked out for that position beautifully yesterday, and Ness is expected to make a strong bid. "Big Jawn" may in case he doesn't land here, be put into third catcher's place. It is believed.

Harry Killilay formerly of Kansas City, as announced exclusively in yesterday's sporting extra of THE TRIBUNE, arrived in Livermore yesterday, a free agent, and, after looking things over, decided to stay a few days and think over working out with the boys. He gave just a sample of his batting, surprised the natives and proved himself hard as nails and a man of exceptional value. He was received by Cy Felling, whose illness made it necessary for him to grace the bleachers, but soon deserted Gus to get into the field.

GOOD BATTING.
The morning practice gave a good idea of the batting abilities of the players, for Cy Parkin and Harry Ables both out over some slugs. Some were connected with and others were not. Of course, neither pitcher was perfect. Parkin complained of a sore arm, but did not show any ill results from it on the field.

Ables showed almost usual shape, but not the control of last year. The batting showed up several players well. Schirm bats cleanly and connects with precision. Ables sent Rohrer a ball suit in his blue box, but he did not connect. He made a sensational catch. Emery, the youngster, is a cool hand at bat. He waits for a good one, and when he gets it usually hits it out in pretty shape. Wells and Hust both did fair work in the morning session with the stick.

But Pernoll did not show up until afternoon, and then he stood at the side lines and limbered up. Pernoll declared he never felt better in his life. He is, however, just a little out of shape. He will need a little training down. Coy, who breezed out into the field yesterday, caught a fly, and acted as general utility man, catching, pitching and batting a little. He was in the outfield for a while. He also showed that vacation had not taken the kick out of him. He was in the morning practice. The morning practice was very short, and after a run around the field the men reported for lunch.

DEMAND SWEATERS.
C. A. Reid, the new rubber, was on duty in the morning and his services were much in demand. Assistant Secretary H. S. McFarlin arrived on the 11:30 train. He was met at the clubhouse by an assistant manager composed of Cy Parkin, Manager Mitze, Daddy Rohrer and Doc Cook, who demanded sweaters. The management neglected to have these useful articles of apparel along with the uniforms, and the cold winds of late afternoon and evening had filled the players with a terror of getting into Gus Felling's fix.

"Butterfly" Emery had his own sweater and laughed at the anxiety of the rest. By the way, Emery is a little out of shape because he skips over the grass like one, but because he hears one tattled on his chest, with the inscription "Kiss me," he has been in the line of the grounds, asked questions, and took lunch with the boys, expressing himself as well pleased with the progress made in the morning practice. The players shaped up. "Vinnie" Ward's shoulder is in bandages, principally to recover from a cold which stiffened up his muscles.

FRIEND OF BOYS.
Cy Parkin made friends yesterday with the schoolboys of Livermore with the present of a baseball. A crowd of admiring youngsters gathered around following the big pitcher about the streets. This was also the state of affairs last year, until Cy and the boys, including Elks, and allowed a bunch of hits. His admirers among the boys fell off, but his present brought them back. He likes boys and is glad to have them around.

Becker, in practice, is fast giving promise of a formidable enemy to other contenders for next year's pennant. He can knock a ball into a tree with the best of them, is quick on his feet, and cool as a cucumber. Rohrer is as speedy as ever, and Felling is in the finest kind of shape. Olmsted did not do much yesterday, but what he did he did well. Honus, the manager, was busy catching, but between times he kept his eyes on the boys, and while he is saving nothing, he seems to have a pretty clear idea of what is doing.

The men who tried out in the field yesterday included Gregory, Abbott, Pope, Parkin (who did this while resting from the box), Olmsted, who also pitched yesterday; Emery, Ward, Hust, who between times stopped a few suit ones

THREE NEW TREES IN THE OAK FOREST

LOW SOPHOMORES WINNERS IN FIRST TOURNAMENT GAME

In the first game of the eight team interclass basketball tournament of the Fremont high school played yesterday on the school court, the low sophomores defeated the low freshmen by a score of 21 to 13. At the end of the first half the sophs were leading by the narrow margin of five to three.

In the second half, however, the babies were unable to locate the basket and while they were making five marks, the winners piled up 19 points. The game was fastest seen in these parts in several moons and supporters for each team were given a hard time. The sophs, led by Morte and Lisco were the stars of the losers while Drew and Gould did excellent work for the winners.

Yesterday's contest was the first in the interclass basketball tournament which has been prepared by Coach Nash. There are eight teams in the tournament, the low freshmen, low freshmen, low sophs, high sophs, low juniors, high juniors, low seniors and high seniors.

The teams which played yesterday lined up as follows:
Low Freshies — Corwin and Fullerton, guards; De Monte, center; Alexander and Lisco, forwards.
Low Sophs — Griffiths and Lattrell (first half); Stewart and Price (second half); guards; Drew, center; Gould and Wuthe, forwards.

The high freshmen basketball team went down to defeat before the Elmhurst grammar school just following the tournament game, the freshmen taking the short end of a 13 to 2 score. Both teams were light but the grammar school boys had a shado on the Fremonters in throwing baskets. Here is the way they lined up:
Babies — Hopkins and Brooks, forwards; Glizch, center; Witall and Hale, guards; Elmhurst — Wrote and Burns, forwards; Artell, center; Wilson and Vares, guards.

ST. MARY'S MEN BEAT BERKELEY HIGH AT BASKETBALL

St. Mary's college basketball team defeated the Berkeley high basketball team in a closely contested game played on the college court. The final score was 28 to 19. St. Mary's played fast and clean ball and there were no rough features. Wheaton and Gochuero starred for the winners.

Following is the way St. Mary's lined up: Wheaton, center; El Diller and Gochuero, forwards; Corson and Moy, guards.

PULLMAN BEATS WASHINGTON.
SEATTLE, Wash., Feb. 25.—The University of Washington basketball team was eliminated as a contender for Northern Conference honors tonight when Pullman outplayed the locals in the first half but lost ground in the second. The university men, however, were unable to overcome the visitors' lead.

What his plans are he has not decided. He may play and work out with the Oaks, and it may be that he will be useful. His brother, so far, has not been heard from and Christian seems in no hurry to go home. With a grant like Jack's his brother sticking around, and the prospect of a big salary, the manager may start thinking. He is a high salary player, however, and they may not be able to tempt him.

MOTORMAN MILLER HOPES TO RESUME CLIMB UPWARDS

Parente's Mitt Card on Friday Night Has Ten Well-Matched Bouts.

By THE TIMEKEEPER.

Great, big, good-natured Charlie Miller is training soberly at El Verano for his four-round bout with Rufe Cameron Friday night at Dreamland Pavilion. The big San Francisco motorman has just about recovered the confidence which Jim Flynn dispelled last Labor Day at Daly City. He believes that his ring career is not yet over, and that if he wins handily over the big Los Angeles heavy-weight that he will once again mount upward on the pugilistic stairway.

Miller has a tremendous personal following in San Francisco among the fraternity of carmen, and they will be out in full force to cheer him to victory. Promoter Louis Parente appears to have selected five really high class bouts as headliners for Friday night. Chief interest, of course, centers in the Salton Ed Petroskey-Willie Meslan set-to, though the appearance of Henry Hickey against Young Cohn, and that of Lee Johnson against Johnnie O'Leary is sure to draw hundreds from this side of the bay.

Hickey will be a busy boy from now on. He is slated to meet Ray Baughman before the Wheelmen's club on March 13, and the following week he will face Ray Moore at the Hawthorne show at Pavilion Rink.

Parente has in all 10 bouts scheduled for Friday night.

Gossip of the Boxers

Charlie Schultz, through his manager, Carl Solt, desires to issue a challenge to box any 150 or 160 pound man on the coast. Ted Hanson preferred, to drop the twenty-four and Evans street, Gorman of Stockton, Calif., writes in to say that he has assumed the management of Kid George, the former middle-weight champion, and that he is willing to match his man with the best of them, Willie Mesban, Salton Petroskey or Salton Grande preferred.

Bud vs. Kayo

LOS ANGELES, Feb. 26.—Knockout Brown, the New York lightweight, who was last seen at the hands of the Braves last Saturday, and Bud Anderson of Vancouver, Washington, will fight 20 rounds a Western manner on the afternoon of March 13. The articles signed yesterday call for 133 pounds at noon.

The March program of the Pacific Athletic club suggests some changes yesterday. Anderson had been matched to fight Frankie Russell of New Orleans on March 8, but Russell did not think he could win in time.

The match between Eddie Campi, the San Francisco bantamweight, and Frankie Burns was cracked at 125 pounds for March 25, which is about a week off through because of Campi's demand that Burns make ringside weight, will probably occur on the afternoon of March 22.

Campi notified Manager McCarey yesterday that he would agree to weighing in at noon.

Petroskey vs. Holland

TAFT, Feb. 26.—The West Side is promised another big battle contest of the local catch valets. On March 15, when Salton Petroskey is scheduled to box 20 rounds with Fritz Holland.

Holland, in knocking out Vic Hanson at the end of the first round, made the admiration of all, but no more so than did Petroskey when he caused Hanson to throw up the sponge at the Taft arena.

Boxing at Bakersfield

The boxing game is to be opened in Bakersfield on March 17, after being closed for a number of years according to an announcement made by Bill Huddy.

Huddy, who is the president of the Columbia Athletic club of Los Angeles, has matched "Denver Jack" Geyer to box George Brown before the Kern Valley Athletic club on March 22.

Huddy recently reopened boxing in San Bernardino.

Jaimes Murray will referee the fight, which is for 20 rounds. Brown will weigh in around 150 and Geyer is said to be much heavier.

Hail to Azavedo

Don Jose Azavedo has succeeded in attracting the attention of the promoters. In the olive skinned Sacramento lightweight, the promoters have found a contender for the lightweight honors of the world. His bout at Daly City last Saturday was a masterpiece of boxing.

Azavedo is chain lightning on his feet, has a beautiful defense and keeps constantly on the move. He is a "front runner" only, must remodel their views after seeing him whip Robinson after an uphill battle.

Wells Grows Canny

PHILADELPHIA, Feb. 26.—A hitch in the negotiations for the match between Freddie Welsh, lightweight champion of England, and Young Jack O'Brien was conveyed to O'Brien's brother yesterday, asking him to delay Young Jack's sailing for Liverpool, as Welsh has declared he will not enter the ring unless he is guaranteed the sum of \$7500, win, lose or draw.

O'Brien stated that his brother had called on Saturday and that if Welsh would not accept that Matt Wells or the other would be substituted.

satisfactory at the same weight.

OAKLANDERS FIGURE TO WIN SIX-DAY ROLLER RACE

Oakland is always there with the goods when it comes to a slow down in athletics and there is considerable more than an even chance that skaters from this city will win in the six days' race that commences at the Coliseum, San Francisco, next Sunday, March 2.

Los Angeles, J. Fred Harverson, Will Bonnell will all represent the skating club of Oakland and while they will have to contend with the prowess of George Richardson, Will Stoutenberg, Mel Weingarten and James Gunn of San Francisco and Clifford Howard of Los Angeles the general estimate of the experts is that Oakland ought to win.

There will be six days' racing of 15 minutes each and the final takes place on March 2.

A. A. MOORE JR. PURCHASES 4700 ACRE PRESERVE

Piedmont Lawyer and Sportsman Plans Finest Hunting Grounds in State

With the view of developing one of the best game preserves in the State of California, A. A. Moore Jr., of Piedmont, son of A. A. Moore Sr., chief attorney for the United Railroads, has purchased 4700 acres of valley and mountain land situated 25 miles northeast of Fresno in the mountain district above Fresno for the past three months, the deal being consummated yesterday Moore has hunted in the mountain district above Fresno for the past eight years, and is very favorably impressed with the site he has purchased.

The property purchased by Moore is known as the old Wideawake ranch and the O'Neill ranch. The former contains about 4700 acres and the latter in the vicinity of 1000.

Actual construction work upon a handsome hunting lodge, the foundation of which is now being laid, will commence in the immediate future. The lodge will be a modern mountain bungalow and will be surrounded by numerous stables and kennels. Moore plans to have the hunting lodge one of the most modern in the State.

The variety of game to be placed on the preserve has not been determined as yet, although proposition has been made to place on the preserve a variety of game to be placed on the preserve. Several species of fish will be planted in the streams in the higher parts of the preserve. Ideas of planting a great variety of salmon have been entertained, and Moore will carry on experiments with regard to finding the species.

DE ORO IN LEAD.
NEW YORK, Feb. 26.—Alfred de Oro of Cuba, world's professional pocket billiard champion, took the lead last night in the first night's play of a 800 point match for the title, defeating Thomas Hueston of St. Louis by the score of 200 to 28.

De Oro made a high run of 55 to Hueston's 16. The champion made seven runs of 100 or more. Hueston's runs will be continued tonight and Thursday evenings.

J. B. DE ROSIER DEAD.
SPRINGFIELD, Mass., Feb. 26.—J. B. de Rosier, holder of all the motorcycle records from 25 to 100 miles, died at his home here last night. He was 35 years old. De Rosier's death was the result of injuries sustained in a racing meet in Los Angeles last summer.

RIVERS TO WED MISS PAULINE SLIRT SATURDAY

LOS ANGELES, Feb. 26.—Joe Rivers, the lightweight boxer, and Miss Pauline Slirt, daughter of a Santa Monica contractor, will be married here Saturday, according to an announcement made yesterday. They will leave Tuesday for Denver, where Rivers has accepted a theatrical engagement, and then proceed to New York, where he will meet Leah Cross for a second battle over the 10-round title.

TIGERS START EARLY.
PRINCETON, N. J., Feb. 26.—Preparations for the Princeton 1913 football season were begun actively yesterday when 25 candidates reported in the gymnasium and were given an initial workout. Practice will be held three times a week for the remainder of the college year.

CLAMP ON LID.
SANTA FE, N. M., Feb. 26.—The House yesterday adopted a favorable report on the proposed anti-prize fight law which would prohibit prize fights of any kind within the State, making violation of the law a felony, punishable by fine and imprisonment or both.

UNITED STATES WILL TEST FRIEDMANN CURE AT ONCE

DR. F. F. FRIEDMANN, WHOSE VACCINE FOR TUBERCULOSIS WILL BE TESTED BY THE GOVERNMENT.

WASHINGTON, Feb. 26.—Surgeon General Blue of the public health service has arranged for tests in the government's hygienic laboratory here of the Friedmann vaccine for tuberculosis, which was delivered yesterday to Dr. Milton H. Foster of the service in New York by Dr. Friedmann, when he landed from Germany.

Surgeon General Blue said today that when the vaccine was received in Washington it would first be subjected to rigid laboratory tests and to tests upon animals and culture media. If these are satisfactory the vaccine will be sent to the public health service sanatorium at Fort Stanton, New Mexico, for actual tests upon sufferers from pulmonary tuberculosis.

method by which it was created and the manner in which it was administered. It consisted of bacilli taken from a turtle into which tubercular bacilli from a human being had been injected, he explained.

"I have been working upon the cure for fourteen years, and in the last two and a half years I have treated from 2500 to 3000 patients," he asserted. "How many I have absolutely cured I cannot estimate, but the number has run into the hundreds. The remedy cures all forms of tuberculosis, except such cases as are quite hopeless—that is, at the point of death. The process is a slow one, but the first effects are to be seen two or three weeks after inoculation. The time when an absolute cure can be said to be effected is a matter of months. The method of administering is 50 per cent of the cure."

DENIES OFFER OF A MILLION.

"I want all mankind to benefit by my discovery. I already have turned over some of my bacilli to the German government and I am very glad to turn it over to the American government."

Dr. Friedmann denied that he had been offered \$1,000,000 by Mr. Finlay if he would cure 95 out of 100 patients in this country. He admitted that he was to receive a "substantial compensation" in the event that he cured the banker's son-in-law, Ray Paris of this city.

"All I care about is sufficient reward to enable me to demonstrate my cure to the world."

Dr. Friedmann, who was accompanied by an assistant and a private secretary, was met at the pier by Finlay and taken as his guest to a banquet at the Lotus Club. The surgeon brings a quantity of his bacilli with him, which he expects to administer to the banker's son-in-law.

OFFICIAL RECOGNITION.

NEW YORK, Feb. 26.—The United States government took official recognition of the claim of Dr. Frederick F. Friedmann to the discovery of a cure for tuberculosis, when, by the order of the surgeon general, a physician of the United States marine hospital service, Dr. Milton H. Foster, was sent to meet the young German physician on his arrival here yesterday aboard the steamship Kronprinzessin Cecilie.

At the request of the government surgeon Dr. Friedmann consented to turn over a quantity of his bacilli to be tested by the government and to demonstrate the efficacy of his cure before physicians of the hospital service.

REMEDY NOT SECRET.

Dr. Friedmann, who comes to this country at the invitation of Charles F. Finlay, a New York banker, who hopes the physician will be able to cure his son-in-law of the disease, declared last night that his remedy was not a secret and that he purposed to make known "to all the world" the

HORSE THIEVES IN CITY ARE CAUGHT

Police Make Arrests of Three Men Accused of Grand Larceny.

SAN FRANCISCO, Feb. 26.—Three wagon thieves were captured last night by the police, two of them in the act of endeavoring to dispose of their loot. John Burke and John C. Thomason entered the stable of 11, Cohn, 439 Valencia street, and offered to sell him a horse and wagon for \$135. Cohn became suspicious and proceeded to barter with the pair while an assistant summoned the police. Officers Twomey and Campbell arrested the pair and discovered that they had rented the conveyance for two hours from Philip Diamond of 1431 Polson street. They were charged with attempted grand larceny.

Bert Garrett was charged with burglary this morning by Detectives Maloney and De La Guerra for the theft of a horse and wagon belonging to the Golden West Renovatory, 805 Valencia street. The accused had smashed the lock on the vehicle and taken six suits of clothes and two overcoats. The officers recovered most of the loot.

YOUNG FOLK TO WED AT WALNUT CREEK

WALNUT CREEK, Feb. 26.—Mr. and Mrs. Manuel Welch have announced the approaching wedding of their daughter, Miss Alice Welch, to C. Clyde Laird.

Miss Welch, who is an accomplished and charming brunette, comes of the historic Welch family, who owned large tracts of land in Contra Costa county.

Laird, who is employed by the Pacific Gas and Electric Company, is a member of a well known Siskiyon family. While no date has been fixed for the wedding it will take place in the near future.

NAVY LEAGUE HOLDS ANNUAL CONVENTION

WASHINGTON, Feb. 26.—The next annual convention of the Navy League of the United States will be held here April 10, and a meeting of the directors of the league was called today for next Monday to perfect a program and draw up the list of invitations to notable speakers. It is expected that more than 300 members from all parts of the country will be in attendance. In addition to the set program, which will continue for two days, several excursions will be made to points of interest near Washington, and the convention will close with a banquet.

MILLIONAIRE FAMILY HAS TWENTY MEMBERS

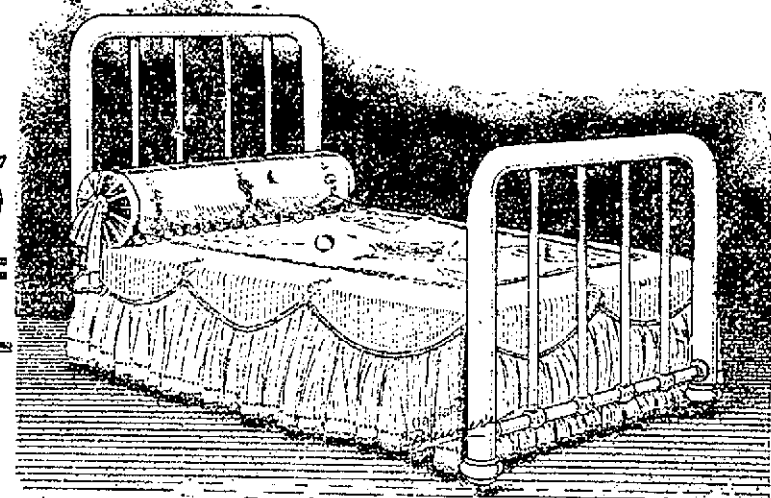

NEW YORK, Feb. 26.—Millionaire Herr Row of Holland tipped the eastern edge of Hoboken on end yesterday when he got off the ship Noordam with his twelve children and eight grandchildren in tow.

The crowd waiting on the pier gaped in amazement as the wonderful family trooped off the ship.

On the Noordam they occupied seven staterooms in the second cabin. The Rows are going to Colorado to raise fruit, vegetables and stock.

ANOTHER PAY-DAY

Does It Bring You Nearer Independence?

Pay-day to some people means just paying debts which they have contracted; to others it means a good-sized addition to their bank account.

It is discouraging to think that all your money has been spent before you get it—that you are no nearer independence than you were last month or last year—that your life is slipping away and you are still a drudge.

Decide to do better than that; cut down your expenses. Ask for one of our "Savings System Expense Books," which will show you many items of waste which can be eliminated and the amount saved.

Resolve to start March 1st with a Savings Account, and add something to it each pay day.

ELKS TO HOLD BRILLIANT BALL

Will Be Strictly Military and Drill Teams Are to Show Work.

The drill team of the Oakland Lodge of Elks is making elaborate preparations for the annual ball of the organization to be held at the Hotel Oakland on April 1. The affair is to be strictly military and will be one of the most brilliant ever held on this side of the bay.

The "White Onks," as the team is known all over the coast, will wear their military uniforms and will give a number of military drills under the leadership of Colonel J. K. Ritter, previous to the dancing.

Other military organizations will be invited to attend the ball and will also be in uniform.

The committee in charge of the affair includes Colonel J. K. Ritter, William C. Moran, J. M. Bonham, Edwin Schafer, C. A. Endress, Al Moffitt and J. B. Ritter.
